GENERAL ANALYSIS

Number of positions-----	35.1	294.7	366.6	71.9
POPULATION AND UNIT COSTS				
Average population-----	-	800	1,100	300
Per capita cost-----	-	\$1,825	\$1,749	-\$76 (-4.2%)

Analysis

Total expenditures for support in 1955-56 amount to \$1,923,563, an increase of \$463,207, or 31.7 percent over 1954-55. The average population for 1955-56 is 37.5 percent greater than the estimate for 1954-55.

SALARIES AND WAGES: The increase of \$317,750 is as follows: 14.1 new positions at a cost of \$58,230 are explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$60,135, and decreased salary savings due to continued recruitment of the initial complement of new positions, \$199,385, account for the balance of change in salaries in 1955-56.

OPERATING EXPENSES: The increase of \$99,696 is as follows: Increases in the cost of net feeding, \$61,828; clothing, \$7,497; housekeeping, \$4,650; medical care, \$3,474; and farming and processing, \$16,500, relate primarily to estimated population increases and the establishment of farming activities at Atascadero State Hospital.

EQUIPMENT: The amount of \$37,405 is for additional items of equipment. The significant items of equipment are: office equipment for new positions, \$2,255, and \$32,150 for farm equipment in order to establish farming activities.

REIMBURSEMENTS: A total of \$35,790, consisting of services to employees, is estimated for the 1955-56 Fiscal Year.

POPULATION AND UNIT COSTS				
Average population-----	6,934	7,127	7,280	153
Per capita cost-----	\$1,026	\$1,071	\$1,166	\$95 (8.9%)

Analysis

Total expenditures for support in 1955-56 amount to \$8,492,006, an increase of \$861,796 or 11.3 percent over 1954-55. The average population for 1955-56 is 2.1 percent greater than the estimate for 1954-55.

SALARIES AND WAGES: The increase of \$742,112 is as follows: 169 new positions at a cost of \$558,684 are explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$189,963, and increased salary savings relating primarily to the proposed new positions, \$6,535, account for the balance of change in salaries in 1955-56.

OPERATING EXPENSES: The increase of \$42,109 is as follows: Increases in the cost of net feeding, \$26,998; clothing, \$3,823; housekeeping, \$2,295; and medical care, \$1,772 relate primarily to estimated population increases. An increase in light, heat and power, \$6,905 is due to physical plant expansion.

EQUIPMENT: The amount of \$124,070 provides \$85,436 for replacement and \$38,634 for additional equipment. The replacement equipment amounts to 3.6 percent of the equipment investment on June 30, 1954. The following are significant additional items: office equipment for new positions, \$9,504; dictating and transcribing machines for present and new positions, \$2,106; food cart for ranch, \$1,200; 200 patient beds and mattresses for increased population, \$5,175; wheel stretchers, \$1,430; shoe machines for increased shock treatments, \$1,250; medical books for library, \$1,000.

REIMBURSEMENTS: A total of \$156,737, consisting of services to employees, sale of surplus products and miscellaneous, is estimated for the 1955-56 Fiscal Year.

(4.8%)

Analysis

Total expenditures for support in 1955-56 amount to \$4,018,239, an increase of \$181,921, or 4.7 percent over 1954-55. No change is anticipated in the average population for the 1955-56 Fiscal Year.

SALARIES AND WAGES: The increase of \$169,807 is as follows: 22.1 new positions at a cost of \$84,330 are explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$55,690, and decreased salary savings due to improved recruitment conditions, \$29,787, account for the balance of change in salaries in 1955-56.

OPERATING EXPENSES: The small decrease of \$425 is the net adjustment to continue the authorized program into the 1955-56 Fiscal Year with no change in population.

EQUIPMENT: The amount of \$72,720 provides \$51,115 for replacement, and \$21,605 for additional equipment. The replacement equipment amounts to 5.1 percent of the equipment investment on June 30, 1954. The following are significant additional items: office equipment for new positions, \$2,273; electrically heated food carts, \$3,600; vegetable cutter and slicer for kitchen, \$695; hot coffee dispensers, \$1,466; food carriers, \$1,068; food shaping machine, \$670; dining room chairs and tables for new dining areas, \$2,126; and books for medical library, \$1,000.

REIMBURSEMENTS: A total of \$76,672 from services to employees is estimated for the 1955-56 Fiscal Year.

17	TOTAL EXPENDITURES-----	\$3,164,000	\$3,373,015	\$3,689,671	\$316,656
18					(9.4%)
19	GENERAL ANALYSIS				
20	Number of positions-----	597.7	635	704.4	69.4
21	POPULATION AND UNIT COSTS				
22	Average population-----	2,549	2,683	2,956	273
23	Per capita cost-----	\$1,234	\$1,257	\$1,248	-\$9
24					(-0.7%)
25	Analysis				
26	Total expenditures for support in 1955-56 amount to \$3,689,671, an increase of \$316,656, or 9.4 percent over 1954-55. The				
27	average population for 1955-56 is 10.2 percent greater than the estimate for 1954-55.				
28	SALARIES AND WAGES: The increase of \$245,279 is as follows: 73.1 new positions at a cost of \$217,458 are explained				
29	under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost				
30	of authorized positions, \$40,598, and increased salary savings relating to actual recruitment of the proposed new positions,				
31	\$12,777, account for the balance of change in salaries in 1955-56.				
32	OPERATING EXPENSES: The increase of \$64,237 is as follows: increases in the cost of net feeding, \$38,336; clothing,				
33	\$6,822; housekeeping, \$4,368; nursing and personal care, \$1,365; medical care, \$3,162; and burials and cremations, \$1,800,				
34	relate primarily to estimated population increases. Increases in the cost of maintaining structures, \$2,500; maintaining grounds,				
35	\$1,500; and light, heat, and power, \$1,700, are due to physical plant expansion.				
36	EQUIPMENT: The amount of \$53,896 provides \$33,462 for replacement and \$20,434 for additional equipment. The replacement				
37	equipment amounts to 2.9 percent of the equipment investment on June 30, 1954. The following are significant additional				
38	items: office equipment for new positions, \$4,934; lockers for patients, \$500; electric shock machines for increased shock				
39	treatments, \$500; oxygen tent for wards, \$625; books for medical library, \$1,000; ½-ton pick-up truck for maintenance				
40	crews, \$975.				
41	REIMBURSEMENTS: A total of \$82,291, consisting of services to employees, sale of surplus products and miscellaneous is				
42	estimated for the 1955-56 Fiscal Year.

Per capita cost \$1,379 \$1,517 \$1,615 \$98

(6.5%)

Analysis

Total expenditures for support in 1955-56 amount to \$3,457,976, an increase of \$27,643, or 0.8 percent over 1954-55. The average population for 1955-56 is 5.3 percent lower than the estimate for 1954-55.

SALARIES AND WAGES: The increase of \$75,138 is as follows: 13.1 new positions at a cost of \$46,920 are explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$35,286; and increased salary savings relating to recruitment of the proposed new positions, \$6,568, account for the balance of change in salaries in 1955-56.

OPERATING EXPENSES: The decrease of \$33,876 relates primarily to anticipated decreases in the patient population. This amount is the net adjustment to carry the authorized program into the 1955-56 Fiscal Year based on the lower population estimate.

EQUIPMENT: The amount of \$78,058 provides \$54,644 for replacement and \$23,414 for additional equipment. The replacement equipment amounts to 4.3 percent of the equipment investment on June 30, 1954. The following are significant additional items: office equipment for new positions, \$1,056; chairs for ward areas, \$3,500; yard chairs for patient recreation, \$700; medicine and dressing carts, \$776; books for medical library, \$1,000; chaplain's equipment for initial complement, \$2,000; debairing machine for hog ranch, \$706.

REIMBURSEMENTS: A total of \$85,751, consisting of services to employees, sale of surplus products and miscellaneous is estimated for the 1955-56 Fiscal Year.

Per capita cost----- \$1,250 \$1,287 \$1,344 \$57
(4.4%)

Analysis

Total expenditures for support in 1955-56 amount to \$4,758,740, an increase of \$285,663, or 6.4 percent over 1954-55. The average population for 1955-56 is 1.8 percent greater than the estimate for 1954-55.

SALARIES AND WAGES: The increase of \$250,858 is accounted for as follows: 60.1 new positions at a cost of \$185,532 are explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$57,899, and decreased salary savings due to improved recruitment conditions, \$7,427, account for the balance of change in salaries in 1955-56.

OPERATING EXPENSES: The increase of \$15,034 is due primarily to increases in the cost of net feeding, \$13,090; clothing, \$1,600; and housekeeping, \$977; relating to corresponding increases in the estimated patient population.

EQUIPMENT: The amount of \$60,181 provides \$37,355 for replacement and \$22,826 for additional equipment. The replacement equipment amounts to 3.6 percent of the equipment investment on June 30, 1954. The following are significant additional items: office equipment for new positions, \$2,953; electrically heated food carts for ward feeding of aged and disabled patients, \$8,400; fracture beds, \$660; microscope for laboratory, \$600; books for medical library, \$1,000; service bodies for present trucks and a ½-ton pick-up truck for maintenance crews, \$2,175.

REIMBURSEMENTS: A total of \$72,251, consisting of services to employees, is estimated for the 1955-56 Fiscal Year.

 Per capita cost----- \$1,155 \$1,202 \$1,232 \$30
 (2.4%)

Analysis

Total expenditures for support in 1955-56 amount to \$6,792,284, an increase of \$512,835, or 8.2 percent over 1954-55. The average population for 1955-56 is 5.5 percent greater than the estimate for 1954-55.

SALARIES AND WAGES: The increase of \$434,725 is as follows: 128 new positions at a cost of \$345,972, are explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$129,121, and increased salary savings relating to recruitment of the proposed new positions, \$40,368, account for the balance of change in salaries in 1955-56.

OPERATING EXPENSES: The increase of \$74,618 is as follows: Increases in the cost of net feeding, \$43,304; clothing, \$7,222; housekeeping, \$4,913; nursing and personal care, \$1,364; and medical care, \$3,346; relate primarily to estimated population increases. Increases in the cost of maintaining structures, \$2,650; and water and sewage, \$5,886, are due to expansions of the physical plant.

EQUIPMENT: The amount of \$64,175 provides \$41,847 for replacement and \$22,328 for additional equipment. The replacement equipment amounts to 2.5 percent of the equipment investment on June 30, 1954. The following are significant additional items: office equipment for new positions, \$2,792; electric refrigerators for ward kitchens, \$1,035; dishwashing machine for wards, \$1,600; books for medical library, \$1,000; dental operating units for present dentists, \$1,035; student armchairs for enlarged classes, \$912; hypodermic needle cleaner for central medical supply, \$675.

REIMBURSEMENTS: A total of \$108,294, consisting of services to employees, sale of surplus products, and miscellaneous is estimated for the 1955-56 Fiscal Year.

18	Per capita cost-----	\$1,169	\$1,285	\$1,396	\$111 (8.6%)

Analysis
Total expenditures for support in 1955-56 amount to \$6,304,158, an increase of \$566,257 or 9.9 percent over 1954-55. The average population for 1955-56 is 1.1 percent greater than the estimate for 1954-55.

SALARIES AND WAGES: The increase of \$507,329 is as follows: 160.7 new positions at a cost of \$448,812 are explained under "State Hospitals for the Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$87,475, and increased salary savings relating to recruitment of the proposed new positions, \$28,958, account for the balance of change in salaries in 1955-56.

OPERATING EXPENSES: The increase of \$12,197 is as follows: Increases in the cost of net feeding, \$6,388; and clothing, \$1,250; relate primarily to anticipated population increases. An increase in the cost of maintaining structures, \$2,251, is due to expansion of the physical plant.

EQUIPMENT: The amount of \$78,785 provides \$45,285 for replacement and \$33,500 for additional equipment. The replacement equipment amounts to 2.6 percent of the equipment investment on June 30, 1954. The following are significant additional items: office equipment for new positions, \$4,027; dictating equipment for present and new positions, \$2,800; toasters for ward dining rooms, \$1,125; dough roller for the bakery, \$950; furniture for ward day-rooms, \$4,000; hospital type beds for infirmary wards, \$3,325; books for medical library, \$1,000; religious equipment for chaplains, \$800; tool bar and blade for present tractor, \$1,400; equipment for new slaughter house, \$5,000.

REIMBURSEMENTS: A total of \$69,051, consisting of services to employees, surplus products sales and miscellaneous, is estimated for the 1954-55 Fiscal Year.

Analysis

Total expenditures for support in 1955-56 amount to \$6,746,083, an increase of \$543,530, or 8.8 percent over 1954-55. The average population for 1955-56 is 9.9 percent greater than the estimate for 1954-55.

SALARIES AND WAGES: The increase of \$427,301 is as follows: 127.1 new positions at a cost of \$370,152 are explained under "State Hospitals for the Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$83,624, and increased salary savings relating to recruitment of the proposed new positions, \$26,475, account for the balance of change in salaries in 1955-56.

OPERATING EXPENSES: The increase of \$107,600 is as follows: Increases in the cost of net feeding, \$65,572; clothing, \$11,670; housekeeping, \$7,005; laundry, \$1,289; nursing and personal care, \$2,335; medical care, \$5,408; and rehabilitation therapy supplies, \$1,775; relate to anticipated increases in the patient population. An increase in the cost of maintaining structures, \$7,698, relates to expansion of the physical plant. An increase in the cost of dairy supplies, \$4,400, is due to anticipated herd expansion to increase production for the larger patient population.

EQUIPMENT: The amount of \$78,995 provides \$57,006 for replacement and \$21,989 for additional equipment. The replacement equipment amounts to 3 percent of the equipment investment on June 30, 1954. The following are significant additional items: office equipment for new positions, \$3,311; dictating equipment for present and new positions, \$1,404; mimeograph machine for education section, \$613; bedside benches for wards, \$600; wheelchairs for wards, \$600; calculator for psychology section, \$670; books for medical library, \$1,000; truckster for maintenance crews, \$716; dehairer for hog ranch, \$700; automatic feeder for the poultry ranch, \$900; fruit elevator for food processing, \$600.

REIMBURSEMENTS: A total of \$96,236, consisting of services to employees, surplus products sales and miscellaneous, is estimated for the 1955-56 Fiscal Year.

 Per capita cost----- \$1,481 \$1,531 \$1,456 —\$75
 (—4.9%)

Analysis

Total expenditures for support in 1955-56 amount to \$4,369,011, an increase of \$542,192, or 14.2 percent over 1954-55. The average population for 1955-56 is 20 percent greater than the estimate for 1954-55.

SALARIES AND WAGES: The increase of \$427,411 is accounted for as follows: 135.1 new positions at a cost of \$328,656 are explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$97,208; and decreased salary savings due to improved recruitment conditions, \$1,547, account for the balance of change in salaries in 1955-56.

OPERATING EXPENSES: The increase of \$130,905 is accounted for as follows: Increases in the cost of net feeding, \$101,987; clothing, \$14,985; and housekeeping, \$9,505; relate primarily to anticipated patient population increases. Increases in the cost of light, heat, and power, \$3,778; and water and sewage, \$3,500, relate to expansion of the physical plant.

EQUIPMENT: The amount of \$64,108 provides \$38,972 for replacement and \$25,136 for additional equipment. The replacement equipment amounts to 3.7 percent of the equipment investment on June 30, 1954. The following are significant additional items: office equipment for new positions, \$3,490; dictating equipment for present and new positions, \$1,053; bake pans for the bakery, \$720; electric floor polishers for wards, \$1,550; books for medical library, \$1,000; tractor and attachments for ground work on increased acreage, \$3,888; lift gates for food trucks, \$1,786; $\frac{1}{2}$ -ton pick-up truck for maintenance crews, \$975.

REIMBURSEMENTS: A total of \$73,037, consisting of services to employees, is estimated for the 1955-56 Fiscal Year.

Average population	490	1,408	2,118	710
Per capita cost	\$3,033	\$1,709	\$1,623	-86
				(-5%)

Analysis

Total expenditures for support in 1955-56 amount to \$3,438,142, an increase of \$1,032,425, or 42.9 percent over 1954-55. The average population for 1955-56 is 50.4 percent greater than the estimate for 1954-55.

SALARIES AND WAGES: The increase of \$759,470 is as follows: 278.6 new positions at a cost of \$685,562 are explained under "State Hospitals for Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$83,963, and increased salary savings due primarily to recruitment of the new positions proposed, \$10,053, account for the balance of change in salaries in 1955-56.

OPERATING EXPENSES: The increase of \$222,614 relates primarily to the large patient population increase anticipated and the activation of new buildings at this hospital during the budget year.

EQUIPMENT: The amount of \$19,263 provides \$4,000 for replacement and \$15,263 for additional equipment. The replacement equipment amounts to 1 percent of the equipment investment on June 30, 1954. The following are significant additional items: equipment complement for 28 new positions, \$6,300; books for patients' library, \$500; central medical files, \$600; dictating machines, \$702; medical reference books, \$1,000; and centrifuge and filter oiler, 1,260.

REIMBURSEMENTS: A total of \$42,191, consisting of services to employees, is estimated for the 1955-56 Fiscal Year.

(-3.3%)

Analysis

Total expenditures for support in 1955-56 amount to \$5,556,673, an increase of \$446,775, or 8.7 percent over 1954-55. The average population for 1955-56 is 12.5 percent greater than the estimate for 1954-55.

SALARIES AND WAGES: The increase of \$339,147 is as follows: 80.1 new positions at a cost of \$220,866 are explained under "State Hospitals for the Mentally Ill and Mentally Deficient" following the departmental summary. The increased cost of authorized positions, \$114,757, and decreased salary savings due to improved recruitment conditions, \$3,524, account for the balance of change in salaries in 1955-56.

OPERATING EXPENSES: The increase of \$94,279 is as follows: Increases in the cost of net feeding, \$58,109; clothing, \$11,988; housekeeping, \$7,604; and medical care, \$6,392; relate primarily to anticipated increases in the patient population. An increase in the cost of maintaining structures, \$2000, is due to expansion of the physical plant.

EQUIPMENT: The amount of \$55,065 provides \$25,045 for replacement and \$30,020 for additional equipment. The replacement equipment amounts to 1.5 percent of the equipment investment on June 30, 1954. The following are significant additional items: equipment complement for fifteen new positions, \$3,329; six electric toasters for wards, \$649; six service trucks for housekeeping activities, \$705; equipment complement for cerebral palsy treatment, \$2000; hypodermic needle cleaner for hospital, \$675; X-ray equipment, \$1,648; and equipment for Catholic chapel, \$800.

REIMBURSEMENTS: A total of \$79,095, consisting of services to employees, surplus products sales and miscellaneous is estimated for the 1955-56 Fiscal Year.

GENERAL ANALYSIS

Pursuant to Chapter 22, Statutes of 1954 (First Extraordinary Session), the Alcoholic Rehabilitation Commission " * * * shall investigate, study, and engage in all phases of alcoholic rehabilitation and shall investigate and study other factors necessary to the reduction and prevention of the chronic alcoholism and other excessive uses of alcohol and shall periodically report its findings thereon to the Governor and to the Legislature together with its recommendations * * *."

The program of the commission includes:

- (a) Compiling and analysing all available medical, psychiatric, statistical and other pertinent material.
- (b) Compiling and analysing the resources of public and private organizations concerned with the problem of alcoholism and/or alcoholic rehabilitation.
- (c) The establishment of exploratory clinics, research centers, and specific medical and nonmedical research projects.
- (d) A thorough evaluation and comprehensive reporting of all information obtained from the foregoing activity.

SALARIES AND WAGES

Executive Secretary: Position created pursuant to Section 26002, Chapter 18, Business and Professions Code. The executive secretary acting by direction of the Alcoholic Rehabilitation Commission has the responsibility to plan, organize, coordinate and supervise an investigative staff engaged in the program as above set forth.

Senior Research Analyst: Under general direction, the senior research analyst shall plan, organize, and conduct research studies and analyses with regard to the problems of alcoholism and alcoholic rehabilitation; and shall prepare evaluations of data and make recommendations relative thereto.

Associate Research Technician (2): Under general direction, the associate research technicians shall assist in the preparation and shall carry out detailed plans or phases of major research studies regarding the problems of alcoholism and alcoholic rehabilitation; and shall prepare evaluations; and shall do other work as required.

Research Writer: Under general direction prepare, edit and disseminate information concerning the activities of the Alcoholic Rehabilitation Commission; and do other work as required.

(Note: The nature of the above-stated positions and the number of personnel in each position is justified on a basis of the research load being programmed by the commission. These personnel make up the headquarters staff which will plan, organize, and carry out the nonmedical research projects noted in the report of the Yale consultants as well as to plan and carry out the inventorying of available information and resources and to make further studies in such areas as corrections, social welfare, and public education. In addition there falls upon the headquarters staff the responsibility of carrying on evaluation and periodic reporting of all research being carried on by the commission, medical and nonmedical, as well as to provide staff services to the director of research.)

Senior Stenographer-Clerk: The senior stenographer-clerk shall satisfy the secretarial needs of the executive secretary and director of research as well as to supervise generally office clerical activity. She shall take in shorthand and transcribe the minutes of all meetings of the commission, and do general typing and difficult clerical work of a varied nature as required.

Intermediate Stenographer-Clerk (2): The intermediate stenographer-clerks shall provide for the clerical needs of the senior research analyst, two associate research technicians, and a research writer.

Intermediate Typist-Clerk: The intermediate typist-clerk is to do general clerical and typing work and shall maintain the files. Other duties shall include the typing of stencils and multilith mats.

Temporary help is budgeted for clerical assistance for peak load periods.

The increased cost of authorized positions and estimated salary savings account for the balance of the change in salaries in 1955-56.

OPERATING EXPENSES: The increase is due to full-year operations in 1955-56 and the expanded number of special projects.

EQUIPMENT: The amount of \$1,446 consists of office equipment requirements for the new employees.

HEADQUARTERS STAFF						
The Headquarters Staff contains the following organizational entities: Executive; Army Division—Personnel, Operations and Training, Armory Management and Operations, and Armory Construction and Repair; Air Division—Personnel and Administrative, Operations and Training, and Installations; Comptroller; Logistics; Information and Recruiting; Policy and Liaison; and Administration. This staff administers the affairs of the California National Guard, California National Guard Reserve, and provides services for the California Cadet Corps.						
Analysis						
Except for minor organizational changes, operations of the headquarters staff are continued at the existing level. A position of intermediate stenographer-clerk is proposed to provide stenographic help for the Chief of the Air Division. The existing clerical staff is unable to handle work load of the air section.

MAINTENANCE AND OPERATION OF INSTALLATIONS—ARMY						
This function provides for the maintenance and operation of state-owned and leased armories, ground installations licensed from the Federal Government, and the State's interest in Camp San Luis Obispo.						
Analysis						
The completion of additional armories will require five additional armory custodian positions and increased expenditures for utilities and operation.						
Reimbursements from the Federal Government for operation of facilities are reduced due to National Guard units moving from federal facilities to state-owned armories.

DEPARTMENT OF MOTOR VEHICLES

Registers and licenses motor vehicles and maintains registration records, tests and licenses operators of motor vehicles, licenses driving schools, administers the provisions of the Financial Responsibility Law, which relate to vehicle accidents; and collects the "in lieu" tax on motor vehicles.

The Motor Vehicle Fund finances the major portion of the activities of the department.

The Motor Vehicle License Fee Fund finances that portion of the activities connected with the collection of the "in lieu" tax.

57	GENERAL ANALYSIS				
58					
59	Number of positions-----	2,866.8	3,002.3	3,039.3	3
60					
61	The budget provides for no basic change or expansion of program. Additional positions are recommended in the operating division to meet anticipated work load. Provision has been made in field office operations for the establishment of 11 additional branch offices in areas where work load or population concentrations require such facilities. Fifteen permanent positions have been deleted and temporary help decreased in registration mechanical processing due to the change in processing of potentials for registration renewal.				
62					
63	^a Composed of savings in salaries and wages, \$253,506; operating expenses, \$455,714; equipment, \$10,414; and excess reimbursements, \$30,112.				
64	^b Composed of savings in salaries and wages, \$575,165; operating expenses, \$99,322; and loss in reimbursements, \$944.

DIVISION OF ADMINISTRATION						
This function includes the office of the director, general administration, fiscal, personnel, and procedures and analyses sections.						
Analysis						
To permit the director and the deputy director to devote a greater portion of their time to over-all planning and program directing, a position of administrative service officer III is proposed to assume the responsibility for the five administrative functions of the department. A stenographer position is recommended to provide stenographic assistance to the administrative officer. Other increases in this function are based on increased work load, primarily attributable to increased activity in the operating divisions, and the necessity of printing Motor Vehicle Codes and Summaries following a general session of the Legislature.

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56
		53-54 (Filled)	54-55 (Auth.)	55-56 (Auth.)			
1	DIVISION OF FIELD OFFICE OPERATIONS						
2							
3							
4	Includes the operation of branch offices and performs the following services: Registers motor vehicles, issues drivers licenses, fur-						
5	nishes information regarding the Financial Responsibility Law, and regulates automobile driving schools and driving instructors						
6	under Sections 445 to 445.5, inclusive, of the Motor Vehicle Code.						
7							
8	Analysis						
9							
10	Increases in this function are due primarily to the following:						
11	1. An additional 18 positions for existing branch offices to meet anticipated increased work load in 12 locations as follows:						
12	North—Oakland, San Bruno, and Santa Cruz; South—Bellflower, East Los Angeles, Hawthorne, Hollywood, Inglewood,						
13	Los Angeles, Pasadena, Santa Ana, and Torrance.						
14	2. An additional 21.5 positions to staff new branch offices in 11 locations as follows: North—Fairfield, Gilroy, Lodi, and Pleas-						
15	ant Hills; South—Baldwin Park, Bell, Delano, Escondido, Fairfax-Wilshire, San Pedro, and Santa Monica-Westwood.						
16	3. Provision for an additional 3.5 janitor positions for existing branch offices due to new lease arrangements.						
17	4. Provision for an additional three positions to organize and supervise bank renewal from October to March and to serve on						
18	special assignments during the balance of the year.						
19	5. Operating expenses and equipment related to above additional positions.						
20	6. \$116,200 to purchase 1,660 numbering machines to be used for the conversion to the 1956 license plate numbering system.						
21	7. \$48,750 for improved vision testing equipment for examining applicants for drivers licenses.						
22

19	Federal Grants-----	\$719,992	\$969,525	\$1,088,621	
20	TOTAL EXPENDITURES, ALL FUNDS-----	\$7,370,203	\$8,323,201	\$8,709,853	
21	GENERAL ANALYSIS				
22	Number of positions-----	769.5	815.8	826.5	10.7
23	Twelve and one-half additional positions plus temporary help are provided as follows:				
24	Two for Conservation Education are proposed for the hunter safety program in accordance with the provisions of Chapter 1662				
25	Statutes of 1953.				
26	One for Region II headquarters due to added facilities.				
27	Three and one-half plus temporary help to staff the new Nimbus Hatchery in Region II.				
28	One for Region IV headquarters due to added and expanded facilities.				
29	One plus temporary help to adequately staff the expanded facilities at the San Joaquin Hatchery and at the Moccasin Creek				
30	Hatchery in Region IV.				
31	Four to staff the new Mendota Waterfowl Area in Region IV.				
32	Increases in operating expenses are attributable, for the greater part, to new or expanded facilities now in operation and those				
33	anticipated to be in operation during the coming year. In addition, expenditures for major maintenance and repair projects				
34	have been transferred from Minor Capital Outlay to Support, a procedure inaugurated in the current fiscal year.

15	MARINE FISHERIES						
16							
17	Analysis						
18							
19	Marine Fisheries conducts research and investigations into the fish life in the Pacific Ocean. In addition it compiles statistics on the						
20	commercial fishing industry. No change in the current program is proposed.

GAME MANAGEMENT IN COOPERATION WITH THE
FEDERAL GOVERNMENT

This activity provides for game management projects of which 75 percent of the cost is paid by the Federal Government under the provisions of the Pittman-Robertson Act. It is estimated that the gross expenditures for the 1955-56 Fiscal Year will be \$1,054,295.

SUMMARY

Wildlife management coordination	\$18,908	\$31,000	\$32,000
Gray Lodge waterfowl management area	48,509	47,500	55,332
Game habitat development	163,338	160,000	167,500
Imperial waterfowl management area	8,273	68,000	101,539
Honey Lake waterfowl management area	32,617	52,500	42,000
Madeline waterfowl management area	-	28,000	11,424
Los Banos waterfowl management area	70,058	62,000	58,000
Grizzly Island waterfowl management area	98,650	74,000	74,500
Tehama winter deer range	-	13,000	-
Doyle winter deer range	-	10,800	-
Mendota waterfowl management area	-	-	71,500

MARINE RESEARCH COMMITTEE

Research in the development of commercial fisheries of the Pacific Ocean and of marine products susceptible to being made available to the people of California as authorized by Chapter 1276, Statutes of 1947, as amended by Chapter 1323, Statutes of 1951, and Chapter 512, Statutes of 1953. Payable from additional privilege tax of five cents (\$0.05) per hundred pounds on sardines, pacific mackerel, jack mackerel, squid, herring, and anchovies, to be levied until December 31, 1955, as authorized by Chapter 1108, Statutes of 1951.

15					
16	The Marine Research Committee is composed of nine members of which at least five are members experienced in and actively en-				
17	gaged in the canning or reduction of California sardines.				
18	The proposed budget for 1955-56 Fiscal Year represents a decrease as compared to the current fiscal year thereby reflecting an				
19	expenditure program related to estimated revenues. Revenue provisions under existing law will expire on December 31, 1955.

WILDLIFE CONSERVATION BOARD

The Wildlife Conservation Board, created by Chapter 1325, Statutes of 1947, is charged with administration of the Wildlife Restoration Fund in accordance with the Wildlife Conservation Act for the betterment of wild life and recreation in the State. The board is composed of the Director of Finance, the President of the Fish and Game Commission, and the Director of the Department of Fish and Game. In addition to the board, the act created a Joint Interim Investigating Advisory Committee composed of three Members of the Senate appointed by the Committee on Rules, and three Members of the Assembly appointed by the Speaker.

Department of Natural Resources

DIVISION OF ADMINISTRATION

The Department of Natural Resources administers state laws relating to conservation and development of natural resources. The Division of Administration provides for the office of the director; the accounting, property, and personnel sections which serve all divisions of the department; and coordinates the conservation education program.

GENERAL ANALYSIS

Number of positions..... 383.8 411 435.5 24.5

To provide for operation of the growing State Park System, additional positions are proposed for administration, conservation education, district headquarters, and for operation and maintenance of newly acquired and developed areas, areas formerly operated by local governments, and for increased attendance and facilities at existing areas.

No additional positions are proposed for the land acquisition or park planning and development functions, as it is planned to include any additional positions which may be required as a part of the capital outlay program.

As the impounded revenues from oil royalties have now been released and transferred into the State Park and State Beach Funds, all expenditures proposed for the 1955-56 Fiscal Year will be paid from the special funds of the division.

ADMINISTRATION

This function includes expenses of the State Park Commission, administrative offices for business management and conservation education.

Analysis

The addition of an accounting officer position to the administrative staff and the continuation on a permanent basis of a state park naturalist position in the conservation education section, which has been authorized on a limited term basis for the past two years, are proposed for 1955-56. These positions are recommended for increased work load resulting from the increase in size and number of operating parks, beaches, and historical monuments and to accomplish work which the present staff is not able to accomplish.

53	DEVELOPMENT						
54	This function surveys sites; prepares plans for construction projects, not exceeding \$20,000 in cost, for the development and maintenance of beaches, parks, historical monuments, and riding and hiking trails; inspects construction; surveys property boundaries; prepares landscaping studies; and provides engineering surveys for projects to be constructed by the Department of Public Works.						
59	Analysis						
62	No increase in this staff is proposed. Such additional personnel as are determined to be necessary in connection with future development of the State Park System will be included as part of the cost of the capital outlay program.

GENERAL ANALYSIS

Number of Positions:

Regular	478.7	491.7	496.7	5
Seasonal—equivalent man-years	1,419.1	1,463.1	1,509.4	46.3
Totals	1,897.8	1,954.8	2,006.1	51.3

Currently budgeted services and activities are proposed to be continued in the 1955-56 Fiscal Year with the following modifications:

- One additional state forest ranger I for planning and review of fire protection services provided under contract by the United States Forest Service.
- Two part-time positions and an increase from half to full time in two other positions to care for grounds and to provide janitorial services at new district headquarters buildings to be completed during the coming year.
- The addition of fire suppression personnel for fire detection patrol and to reduce the area burned per fire, and to provide for state protection of 161,800 acres of land now protected by the United States Forest Service under contract.
- Additional personnel for the forestry work camp program to increase capacity and improve operations.
- Two new positions for technical supervision of the branch reforestation nursery activities to expand production.
- Provision for payment to the United States Weather Bureau for the establishment of fire weather indices.

ADMINISTRATION

The function of administration includes the Office of the State Forester, business management, fire control, engineering section, and the operation of the Davis Warehouse and Equipment Repair Shop.

Analysis

One state forest ranger I is proposed to inspect and coordinate the protection given to state responsibility land under contract by the United States Forest Service. Payment of the salary of this position and related expenses is to be made by deduction from the contract payments to the United States Forest Service.

Operating expenses are increased to provide for increased cost of radio maintenance services plus the addition of funds for radio modifications to provide improved communications.

59	Net Totals, Forest Protection—Field Services				\$6,200,203	\$6,232,515	\$6,379,261
60	FOREST PROTECTION—FORESTRY HONOR CAMPS						
61	Forestry honor camps for forest protection and fire suppression work are provided for 265 inmates of the Youth Authority and						
62	655 inmates from the Department of Correction. Three permanent camps and three "spike" or temporary camps are provided						
63	for Youth Authority inmates, and ten permanent camps and two spike camps are provided for Department of Corrections inmates.						
64	Analysis						
65	Seventy-two man-months forestry equipment operators (one operator for each of 6 permanent camps in District I and VI) to pro-						
66	vide a full-time operator for the bulldozer and other heavy equipment are proposed. This will provide an operator for this equip-						
67	ment on work projects and to move the bulldozer and operate it on fire suppression work.						
68	Seventy-four man-months forestry work projects foremen are proposed: 50 to complete the staffing of a new work camp in						
69	Humboldt County; and 12 each for additional supervision at two work camps being expanded in capacity.						
70	The increases in operating expenses and equipment reflect the expanded capacity and operation of the work camps.

AGRICULTURAL FIRE PROTECTION

The Division of Forestry contracts with 31 counties to provide fire protection for approximately 12,000,000 acres in local rural areas (Zone 3). The State is reimbursed for these expenditures.

ALLOTMENTS TO COUNTIES FOR WATERSHED PROTECTION

This item provides payments to counties for assuming responsibility for the prevention and suppression of fires in areas of state responsibility.

Analysis

Additional protection is proposed to attempt to reduce the area of burn on state responsibility land to 0.5 percent per year.

County	Five-year average— acres burned in excess of 0.5%	Personnel increase	Cost increase
Los Angeles -----	1,133	Two 9-man crew	\$45,182
Santa Barbara -----	8,543	One 9-man crew	24,344
Ventura -----	6,141	One 9-man crew	22,591
Marin -----	627	Three 4-man crew	17,080
		One lookout	
		Less: One 9-man crew

San Mateo County -----	72,784	75,490	75,461
Santa Barbara County -----	79,366	81,845	104,219
Ventura County -----	81,877	83,588	106,509

TOTAL EXPENDITURES -----

\$741,526	\$777,233	\$885,879
-----------	-----------	-----------

PROTECTION OF PRIVATE LANDS WITHIN AND ADJACENT TO NATIONAL FORESTS

This item provides for payments to the United States Forest Service based upon acreages of private lands (State's responsibility) inside and outside the boundaries of national forests less national forest land protected by the Division of Forestry.

Analysis

The reduction in amount budgeted represents proposed transfer of the Calaveras State Park area from federal to state protection and is offset by increases in state protection.

An inspector of service provided under this contract is proposed (under Administration) to be financed by a charge against the contract.

OPERATING EXPENSES

Contract with United States Forest Service	\$771,376	\$771,376	\$736,146
--	-----------	-----------	-----------

WATERSHED RESEARCH

This program began under Chapter 1415, Statutes of 1947. State funds supplement federal appropriations for the California Forest and Range Experiment Station of the United States Department of Agriculture in order to maintain the continuity of rainfall and stream flow records for San Dimas Experimental Station, and to publish results of research of value in watershed management in California. Continuation of the current program is proposed for 1955-56.

OPERATING EXPENSES

Allotments to United States Department of Agriculture for watershed research	\$24,000	\$24,000	\$24,000
--	----------	----------	----------

WHITE PINE BLISTER RUST CONTROL

State expenditures for the control of white pine blister rust disease are matched by the United States Department of Agriculture for protection of the State's sugar pine resources. The current level of expenditures is proposed for 1955-56.

OPERATING EXPENSES

Allotment to United States Department of Agriculture	\$168,000	\$125,000	\$125,000

Department of Natural Resources

DIVISION OF MINES

The Division of Mines encourages and makes special studies of the State's mineral industries and mineral resources; publishes results of these studies for sale to the general public and distribution to libraries; collects and displays typical geological and mineralogical specimens; maintains a library; and serves as an information bureau for the mineral industry.

DIVISION OF OIL AND GAS

The Division of Oil and Gas supervises the method of drilling and maintenance of oil wells to prevent waste and damage to oil and gas deposits and to prevent contamination of fresh water resources. It is charged with enforcement of the law prohibiting unreasonable waste of natural gas. It is supported by an annual assessment against oil and gas producers based on the amount of oil produced and for gas produced and sold.

^a During 1953 accounting procedures were changed to reflect receipts as revenue for the assessment year instead of the year in which received. This resulted in inadequate assessments for the 1953-54 Fiscal Year.

Department of Natural Resources

SOIL CONSERVATION COMMISSION

The commission assists in the formation, organization, and operation of soil conservation districts; authorizes purchases, from the Soil Conservation Equipment Revolving Fund, of equipment suitable for work relating to soil conservation for rental or sale to soil conservation districts; receives applications and coordinates the planning of the "small watershed" soil conservation program pursuant to Public Law 566, enacted August 4, 1954.

GENERAL ANALYSIS

Number of positions----- 5 5 9 4

The number of soil conservation districts formed has increased from 70 in 1951 to an estimated 131 in 1956 with no increase in technical staff. The commission has also been designated as the supervisory agency for Public Law 566, the "Watershed Protection and Flood Prevention Act." To provide for the increased work load, a position of state soil conservationist and two additional positions of associate soil conservationist with clerical assistance are proposed for 1955-56.

SOIL CONSERVATION EQUIPMENT REVOLVING FUND

Pleasanton Nursery

This provides matching funds for operation of the Pleasanton Nursery by the United States Soil Conservation Service for testing and research relating to grasses used for soil conservation purposes.

Allocation to United States Soil Conservation Service — \$30,000 a \$30,000 a

a The entire transfer from the General Fund to establish the Soil Conservation Equipment Revolving Fund was reported as an expenditure at the time of transfer and non-recoverable expenditures from this fund are therefore excluded from the over-all budget totals.

GENERAL ANALYSIS				
Number of positions	837.6	871	872	1
In the Bureau of Business Management provision is made for a \$130,000 reduction in operating expense due to occupancy of the new laboratory and office building late in the current fiscal year.				
Three clerical positions have been deleted from the Bureau of Records and Statistics-Vital Records as a result of unrealized work load in the past year. The positions, authorized during 1953-54 were never filled. The federally financed current morbidity survey was expanded from the pilot study to a state-wide survey during 1953-54. No state funds are involved in this project.				
A mental retardation project, financed by a U. S. Public Health Service grant, was added to the Bureau of Maternal and Child Health. The project will be conducted at the Los Angeles Children's Hospital at no cost to the State. The Bureau of Venereal Disease has been consolidated with the Bureau of Acute Communicable Diseases. No change in work load is anticipated.				
A W. K. Kellogg Foundation grant to study the prevention of blindness was received during 1954-55. This project has no state funds involved. Additional laboratory technicians are provided to increase the effectiveness of the encephalitis warning net project initiated during the 1954-55 Fiscal Year. One new clerk is proposed for the Bureau of Food and Drug Inspection on a work load basis. An item is included in the current year, and extended into the budget year as a continuing project, for air pollution investigations.				
Federal Grants for the Following Programs Are Included in the Support Budget:				
General health service	\$537,069	\$521,490	\$521,490	
Tuberculosis	139,459	114,285	114,285	
Maternal and child health services	143,384	172,087	172,087	
Crippled children's services	276,474	284,488	284,488	
Cancer control	141,336	141,336	141,336	
Heart disease control	50,650	46,885	46,885	
Special Project Funds:				
Children's Bureau	106,271	195,861	195,861	
Chronic Disease	42,713	35,993	35,993	
Current Morbidity	99,330	108,400	108,400	
National Institutes of Health	29,168	18,183	18,183	
Venereal Disease	128	1,000	1,000	
Totals, Support	\$1,565,982	\$1,640,008	\$1,640,008	
Additional federal grants for tuberculosis control and maternal and child health services are subvented to cities and counties and are shown under Local Assistance, Aid to Local Health Departments. Federal grants for hospital construction are subvented to cities, counties, districts, and nonprofit hospital associations and are shown under Local Assistance, Aid to Local Agencies for Hospital Construction.				
Federal funds received as a reimbursement of expenditures made rather than an advance grant are included in the support budget as follows:				
Army influenza project contract	\$46,760	\$67,600	\$65,084	
Army airborne Q Fever project contract	16,715	-	-	
Department of Mental Hygiene contract	26,081	23,615	23,615	
National Office of Vital Statistics contract	11,814	12,000	12,000	
Totals	\$101,370	\$103,215	\$100,699	

^c Grants from the Federal Government and the expenditures therefrom are not included in the over-all budget totals. See Schedule 7 for summary of federal aid revenues and expenditures.

14	BUREAU OF MATERNAL AND CHILD HEALTH						
15							
16	The function of the bureau is to provide a program for the maternal and child health services in the State. This is accomplished by						
17	promoting prenatal and child health services, and by consultation in the maternal and child health field to local health						
18	departments, maternity homes, hospitals, schools, local physicians and other professional groups.						
19							
20	Analysis						
21							
22	No program or work load changes are reflected in this budget. Two projects, Child Health Conference Evaluation and a study of						
23	Mental Retardation in Children, have been added from federal special project funds at no cost to the State.						
24

2	BUREAU OF CRIPPLED CHILDREN SERVICES						
3							
4	The function of this Bureau is the administration of a program for the care of handicapped children. The program includes the admin-						
5	istration of a general crippled children program as well as cerebral palsy and hearing programs, and rheumatic fever program						
6	added by the Legislature in 1949. These programs are accomplished by:						
7	A. Maintenance of a State file of all children reported with handicapping conditions.						
8	B. Establishment of standards for care and consultation in the maintenance of such standards.						
9	C. Provision of funds for expert diagnostic services and care.						
10	D. Planning for necessary treatment and consultation in the provision of treatment and rehabilitation services.						
11	E. Maintenance of statistical records of children receiving services.						
12							
13	Analysis						
14							
15	No program or work load changes are proposed in this Budget for the Bureau of Crippled Children Services. Work load increases for						
16	Diagnosis, Crippled Children Care, and Physical Therapist Services are shown under their respective subvention items.						
17

50							
51	BUREAU OF CHRONIC DISEASE CONTROL						
52							
53	This bureau provides a chronic disease control program based on:						
54	1. Consultation to local health agencies, hospitals and private physicians with regard to preventive measures, early identification						
55	and management of chronic diseases.						
56	2. Demonstration and evaluation of specific chronic disease control services.						
57	3. Epidemiologic investigation of chronic diseases.						
58							
59	Analysis						
60							
61	No work load changes are forecast in this budget. Should federal chronic disease funds be reduced during 1955-56 this bureau would						
62	have a high priority for continuation at the existing level through departmental budget adjustment.

25	DIVISION OF ENVIRONMENTAL SANITATION						
26							
27	DIVISIONAL ADMINISTRATION						
28							
29	This function consists of the office of the Chief, Division of Environmental Sanitation. The division consists of three bureaus and						
30	one special project as follows: Bureau of Sanitary Engineering, Bureau of Vector Control, Bureau of Food and Drug Inspec-						
31	tion and Cannery Inspection, and Home Safety Project.						
32							
33	Analysis						
34	No program or work load increases are included in this budget.						
35							
36	SALARIES AND WAGES

46	Totals, Divisional Administration				\$17,962	\$18,012	\$18,007
47							
48	HOME SAFETY PROJECT						
49							
50	This activity, supported by W. K. Kellogg Foundation funds, was added to the department after the 1954-55 Budget was prepared.						
51	The purpose is to investigate the magnitude and nature of the home accident experience in California, to test out certain means						
52	of reducing the occurrence of home accidents, and finally to recommend to the Legislature a permanent program that will make						
53	best use of available governmental resources.						
54							
55	Analysis						
56	This is a three-year grant which carries no State obligation beyond the period of the grant.						
57

20	BUREAU OF FOOD AND DRUG INSPECTION						
21							
22	This bureau administers the program insuring the purity of foods and drugs in California. Manufacturing, wholesale, and retail out-						
23	lets throughout the State are constantly inspected by the bureau working both independently and with local health departments.						
24	The work is designed not only to remove particular lots of unfit food from consumer channels but to bring about a long-range						
25	program of correction and prevention of unsatisfactory environmental conditions.						
26							
27	Analysis						
28							
29	One intermediate clerk is proposed to meet the clerical work load imposed by a full professional staff. In past years temporary help						
30	has been used to meet clerical demands pending the recruitment of the full complement of inspectors.						
31

PUBLIC HEALTH TRAINING						
There are two distinct activities under this general heading. One is the granting of stipends, tuition, or travel to trainees who attend universities, institutes, seminars, or receive field training in approved local health departments. The second is the transmittal of special project grant funds to the University for special training projects.						
Analysis						
No program or work load changes are reflected in this budget.						
OPERATING EXPENSES						
Accredited Training:						
Dentists				-	-	\$3,700
Engineers				\$3,732	-	-
Health educators				8,621	\$6,821	6,821

EXPENDITURES FOR AIR POLLUTION INVESTIGATIONS

Analysis

This program includes investigation of the health effects of air pollution in California and assistance to local agencies in the measurement and control of air pollution and its effects. Epidemiologic studies are conducted to determine the extent to which mortality, illness, and health impairment result from air pollution. Assistance is provided local agencies in procedures for measuring the extent, distribution and sources of air pollution, and in procedure for achieving control. Assistance is also provided to local agencies in establishing systems for the surveillance of illness from air pollution as the basis for emergency and long-range measures.

OPERATING EXPENSES

Smog investigations----- \$100,000 \$250,000

EXPENDITURES FOR THE CARE OF THE
RECALCITRANT TUBERCULOUS

General Fund

Analysis

In the 1949 Session, the Legislature appropriated funds to the Department of Public Health to care for persons suffering from tuberculosis who violate the quarantine or isolation orders of the health officers. A contract has been drawn up with the Department of Corrections to care for a limited number at the Terminal Island Medical Facility. During the budget year a maximum of 25 persons will be confined. The estimated expenditures are in accordance with the above contract.

OPERATING EXPENSES

Care of patients----- \$39,732 \$43,800 \$43,800

WATER POLLUTION CONTROL BOARD

The state board formulates state-wide policy for the control of water pollution; gathers, compiles, and disseminates data; and administers a program of financial assistance for water pollution control.
The regional boards coordinate programs of abatement and prevention of water pollution in local areas; recommend projects for financial assistance; and prescribe requirements for waste and sewage disposal systems.

51	REGIONAL BOARDS						
52							
53							
54	The State is divided into nine water pollution control regions. The governing policy-forming board of each region consists of five mem-						
55	bers appointed from within the region by the Governor.						
56							
57	Analysis						
58							
59	No change in the current program of the regional boards is proposed. It is proposed to continue one part-time position established						
60	during the current fiscal year for processing well drillers' reports.						
61

ADMINISTRATION

Analysis

Administration includes the office of the director, staff officers, and assistants; and provides the over-all direction, coordination, and other staff services for the department. 80 percent of the cost of this function is payable from the State Highway Fund. During the current fiscal year a personnel officer II and supervising administrative analyst positions were established to provide the director with staff assistance in these two administrative fields, and the continuation of these positions is recommended.

DIVISION OF ARCHITECTURE

Under direction of the State Architect the division is responsible for the preparation of surveys, designs, plans, specifications, and estimates of cost for state structures and related improvements, alterations, and mechanical and electrical installations, including major maintenance and repair projects; for project construction by day labor and supervision of construction by contract; for supervision of public school building construction; and for technical service, advice, and reports to state agencies.

7	Total-----	123.3	86	86	
8					
9	No substantive change in the construction activities of the division is proposed. For improved accuracy in reporting project costs and to reflect all costs of design and planning, construction supervision, and related services as a capital outlay expenditure during 1954-55, except for the top administrators of the divisions and their clerical assistants, all personnel and related expenses were charged to the Division of Architecture Revolving Fund. The number and classification of positions, the salaries of which are paid from the Division of Architecture Revolving Fund, are reported in the budget for this fund which appears in the appendix.				
10	Based upon completion of the initial surveys of major state installations and the strengthening of maintenance staffs at the several institutions and colleges, the maintenance survey and supervision activity as a General Fund support charge was terminated during 1954-55. Surveys or studies necessitated by special circumstances may be undertaken as required through deposit of the required funds in the Division of Architecture Revolving Fund by the agency concerned.

50	SUPERVISION OF PUBLIC SCHOOL BUILDING							
51	CONSTRUCTION							
52								
53	Division of Architecture Public Building Fund							
54								
55	This unit checks and approves plans and specifications for all new public school building construction and for all alterations or re-							
56	modeling exceeding \$4,000 in estimated cost. The unit inspects such buildings periodically during the course of construction to							
57	assure compliance with approved plans and specifications, as required by the Education Code. It is estimated that the work load							
58	of public school building construction will be maintained at the current level of approximately \$240,000,000.							
59								
60	Analysis							
61								
62	Based upon relationship of personnel to work load the division believes a larger staff is necessary to properly discharge its responsi-							
63	bilities. However, technical personnel with the required qualifications are extremely difficult to recruit, therefore substantial							
64	salary savings are estimated.							
65	To assist the division's staff in passing on plans for school building construction and to permit standards established by the division							
66	to be adjusted to allow the use of most economical materials, design, and methods consistent with structural safety, continuation							
67	of the materials research program is proposed.

GENERAL ADMINISTRATION

This function consists of the Office of the State Engineer and other administrative functions of the division. The legal, stenographic, library, files, equipment, purchasing, auditing, automotive, budgeting and fiscal control, and reports sections are included in this function. It also includes the administration of public districts coming under the Office of the State Engineer, and the licensing of rainmakers.

Analysis

No change in level of service is proposed. During the current year the operation of the division's automobile pool was transferred to the Division of Water Resources Revolving Fund. The cost of automobile operation, charged on a mileage basis, is reflected within each function rather than being consolidated under administration as was previously done. Rent is increased for a proposed move of the Los Angeles office from the State Building.

22	WATER QUALITY INVESTIGATION						
23	The activities of this unit include (1) investigation of the quality of all water, including saline water (coastal and inland), and as						
24	related to all sources of pollution, together with recommendations as to improvement or protection of the quality of such waters;						
25	(2) surveys, investigations, and formulation of plans for the reclamation of waste waters for beneficial purposes; (3) inves-						
26	tigation of damage to ground water by reason of abandoned or defective wells, together with recommendations for minimum						
27	standards for well construction and procedures for the abandonment of wells. Well log forms are made available to all water						
28	well drillers for filing with the appropriate Regional Water Pollution Control Board. This unit supervises the work being done						
29	for State and Regional Water Pollution Control Boards by the Division of Water Resources, and assists in water quality						
30	problems with other functions of the Division of Water Resources.

52	SACRAMENTO-SAN JOAQUIN WATER SUPERVISION						
53							
54	The primary activity of this function is to perform stream gaging and to collect hydrological and water utilization data on the						
55	Sacramento and San Joaquin Rivers to provide basic information on water supply utilization and water rights in connection						
56	with the Central Valley Project.						
57	This function is carrying on similar activities under contract for the United States Bureau of Reclamation for which reimburse-						
58	ment is received, and in addition, supervises a wholly reimbursable project on salinity conditions. This function also supervises						
59	certain reimbursable work for the Water Project Authority.

12							
13	Totals, Regulation of Safety of Dams				\$106,159	\$130,727	\$132,163
14							
15	FLOOD CONTROL PROJECT MAINTENANCE						
16							
17							
18	The primary function of this unit is maintenance of the Sacramento-San Joaquin Flood Control Project. Chapter 1152, Statutes of						
19	1951, added 32 miles of levees and 17 miles of channels; Chapter 1376, Statutes of 1953, added maintenance of the flowage area						
20	of the Western Pacific Intercepting Canal; and Chapter 1839, Statutes of 1953, added the responsibility for beach erosion						
21	control.						
22	In addition, responsibilities were added during 1953 for inspection of levees on Deer Creek, the Merced Stream Group, and the Little-						
23	john Creek Group in Fresno County. This function also conducts snow surveys and prepares water condition reports.						
24							
25	Analysis						
26							
27	An increase of 0.4 supervising hydraulic engineer and 0.2 associate hydraulic engineer positions is proposed for additional beach						
28	erosion control work. One junior civil engineer and one senior engineering aid are proposed, offset in part by a decrease of \$1,800						
29	in temporary help, to eliminate a backlog in water condition forecasting data and to handle an increased volume of work.						
30

GENERAL FUND

WORK IN COOPERATION WITH THE FEDERAL GOVERNMENT

Analysis

The Division of Water Resources cooperates with federal agencies in the accomplishment of projects of mutual concern. State funds are matched by the Federal Government. The projects for which provision is made for the 1955-56 Fiscal Year are:

1. Yuba River Debris Control: For restoring, impounding, and controlling debris along the Yuba River in cooperation with the U. S. Army Engineers.
2. Topographic Mapping: For the continuation of the preparation of topographic maps of California in cooperation with the U. S. Geological Survey.
3. Irrigation Investigations: Investigations concerning the use, transpiration, evaporation, and percolation of waters are conducted by the Soil Conservation Service, U. S. Department of Agriculture.
4. Stream Gaging: Provides data on water supply, runoff, and utilization of streams in California not otherwise covered by the Division of Water Resources in cooperation with the U. S. Geological Survey.
5. Gaging Stations: Provides for the establishment or reconstruction of stream gaging stations in California not otherwise covered by the Division of Water Resources in cooperation with the U. S. Geological Survey.

EXPENDITURES BY PROJECT

Yuba River debris control	\$15,000	\$15,000	\$15,000
Topographic mapping	300,000	300,000	300,000
Irrigation investigations	7,500	7,500	7,500
Stream gaging	154,589	159,425	174,275
Gaging stations	14,000	12,850	12,500
Totals, Work in Cooperation With Federal Government	\$491,089	\$494,775	\$509,275

SANTA MARGARITA INVESTIGATION						
Analysis						
For surveys and investigations of the water resources of the Santa Margarita Watershed, use and distribution of water for agricultural and other beneficial uses, availability of water, both surface and underground, physical features for conservation of water, and related matters.						
Santa Margarita Investigation-----				\$60,000	\$30,000	-
NORTHEAST CALIFORNIA INVESTIGATION—FEATHER RIVER DRAINAGE AREA						
Analysis						
Item 249(b) of the Budget Act of 1954 directs the Division of Water Resources to make the necessary investigations, surveys, studies, and prepare plans and specifications for the determination of the ultimate water needs of the County of Plumas and those portions of the Counties of Butte, Lassen, and Sierra in the Feather River Drainage Area, predicated upon full development of all natural resources in those counties.						
Northeast California Investigation—Feather River Drainage Area				--	\$90,000	-
NORTHEAST CALIFORNIA COUNTIES INVESTIGATION						
Analysis						
Item 249(c) of the Budget Act of 1954 directs the Division of Water Resources to make the necessary investigations, surveys, studies, and prepare plans and specifications for the determination of the ultimate water needs of the Counties of Siskiyou, Shasta, Modoc, Trinity, Yuba, Tehama, Glenn, Colusa, Lake, Yolo, and Sutter, and those portions of the Counties of Butte, Lassen, and Sierra not in the Feather River Drainage Area, predicated upon the full development of all natural resources in those counties. Funds are available for expenditure until December 31, 1956.						
Northeast California Counties Investigation-----				-	\$83,980	\$137,976
BEACH EROSION COOPERATIVE INVESTIGATION PROJECTS						
Analysis						
Chapter 1859, Statutes of 1953, transfers beach erosion investigation and control from the Department of Natural Resources to the Department of Public Works. State funds must be matched by either federal or local funds for this purpose.						
San Diego County-----				-	-	\$7,500
Orange County-----				-	\$7,500	7,500
Humboldt County-----				-	2,200	-
Totals, Beach Erosion Cooperative Investigation Projects-----				-	\$9,700	\$15,000
BANK STABILIZATION, TISDALE WEIR						
Analysis						
Emergency funds were made available for bank stabilization to prevent erosion which if permitted to continue would have jeopardized the Tisdale Weir.						
Bank Stabilization, Tisdale Weir-----				-	\$25,400	-
STORM AND FLOOD DAMAGE PROJECTS						
Analysis						
For investigations and studies of the need for and cost of repair or restoration, or both, of levees, flood control works, channels, irrigation works, city and county roads and bridges, and other property damaged or destroyed by storm and flood or flood conditions.						
Storm and Flood Damage Investigations-----				\$304	-	-

AERONAUTICS COMMISSION

The Aeronautics Commission provides advisory, planning, and engineering services to public agencies on aviation problems; fosters the development of a state-wide system of airports to expand air service and commerce through intrastate, local and feeder services; fosters and coordinates improvement in the use of agricultural aircraft; cooperates with the Civil Aeronautics Board and Authority in the investigation of nonairline accidents; and coordinates civil aviation plans for disaster relief and civil defense.

COLORADO RIVER BOARD

The Colorado River Board was created under Chapter 838, Statutes of 1937, for the purpose of protecting California's rights pertaining to the Colorado River. The board and its staff collect, compile, and analyze engineering and legal data on the existing and proposed utilization of the Colorado River water supply; appears before congressional committees and interested federal agencies; and confers with representatives of other Colorado River Basin states regarding legislation and developments affecting California's rights and interests.

GENERAL ANALYSIS

Number of positions----- 13.4 18 18 -

Activities are budgeted to continue at the level authorized by Chapter 12, Statutes of 1953. Increased salaries and wages reflect a full year's employment of the augmented staff plus one additional supervising hydraulic engineer for the increased work load now that proceedings are before the special master appointed by the United States Supreme Court in connection with the litigation on rights to the waters of the Colorado River.

INTERIM SAN FRANCISCO BAY PORTS COMMISSION

The Interim San Francisco Bay Ports Commission was created by Chapter 737, Statutes of 1951, for the purpose of studying the needs for a cooperative Bay area ports program and to cooperate, coordinate, and work jointly with any legislative committee for establishing a coordinating agency for the San Francisco Bay area, in determining the nature, characteristics, and powers of such agency.

GENERAL ANALYSIS

Number of positions 2 2 2 -

The commission made a formal report to the Legislature in January, 1953. On the basis of conclusions and recommendations contained therein the State appropriated \$400,000, by Chapter 1212, Statutes of 1953, to enable the commission to develop a coordinated master rapid transit plan for the nine Bay area counties and to carry out the studies and surveys required as a factual basis for the plan. As provided in the statute, the Bay area counties contributed their share, amounting to \$350,000, to complete the \$750,000 estimated as necessary to carry out this project.

The budget, as proposed, recognizes the termination of the commission on December 31, 1955, as provided by Chapter 1760, Statutes of 1951.

WATER RESOURCES BOARD

The Water Resources Board is the agency designated to study and make recommendations to the Legislature on water conservation and flood control matters; to investigate requests and recommend allocations from the Flood Control Fund of 1946 to local agencies to cover the cost of cooperation in flood control works constructed by the Federal Government; and to represent the State and local agencies in matters pertaining to federal authorizations and appropriations for flood control projects. In addition, the board is conducting certain cooperative and special investigations authorized by the Legislature and the board.

STATE-WIDE WATER RESOURCES INVESTIGATION

General Fund

Analysis

This investigation constitutes a revision and completion of the State Water Plan adopted by the Legislature in 1941. Its objective is the preparation of a plan for the full conservation, control, and utilization of the State's water resources, underground and surface, to meet present and future water needs for all beneficial purposes and uses in all areas of the State. The results of the investigation are being presented in four bulletins: Bulletin No. 1—Water Resources of California—a complete inventory of water resources for each of the seven hydrographic units was published in July, 1951. Bulletin No. 2—Water Utilization and Requirements of California—is to be published during 1954-55. Bulletin No. 3—Plans for Development of Water Resources of California—field work is to be completed during 1954-55 and is to be written during 1955-56. Bulletin No. 4—Summary Report on the California Water Plan—is to be drafted concurrently with Bulletin No. 3.

Expenditures by Project

Investigations, surveys, studies, preparation of plans and estimates, and preparation and publication of reports on state-wide water plan	\$489,508	\$561,295	\$584,956
Geological investigation in cooperation with the Federal Government	37,500	30,000	32,250
Total Expenditures	\$527,008	\$591,295	\$617,206

COOPERATIVE MINOR WATER RESOURCES INVESTIGATIONS

General Fund

Analysis

Comprehensive local investigations are conducted in areas where the acuteness of water supply problems require immediate and more intensive study than that provided by the state-wide investigation. This cost is shared equally by the state and local governments. Additional investigations are planned in several of the following areas, subject to recommendations of the Water Resources Board: Shasta County, the Delta region, Antelope Valley, Kern County, Sonoma County, Mendocino County, and Fresno County.

Expenditures by Project

San Joaquin County ^a	\$2,000	\$3,000	\$1,000
Salinas Basin	5,000	1,750	1,750
San Luis Obispo County	15,000	13,000	—
Yolo County	12,000	—	—
Additional investigations	—	—	25,000
Total Expenditures	\$34,000	\$17,750	\$27,750

^a Includes Calaveras River, Farmington-Collegeville, and Mokelumne River projects.

STUDY OF SALINITY CONTROL BARRIERS—
SAN FRANCISCO BAY

Analysis

This is an investigation and study of the feasibility and economic value of construction by the State of suitable salt water barriers at several alternate locations across San Francisco Bay, San Pablo Bay, Suisun Bay and the Sacramento-San Joaquin Delta for reclamation, salinity and flood control purposes, and for the purpose of creating a supply of fresh water for irrigation, domestic uses and related purposes. It is expected that a final report will be prepared and submitted to the Legislature by March 30, 1955, pursuant to the Legislative directive contained in Chapter 1104, Statutes of 1953.

Funds are recommended to provide for the organization, indexing and filing of material gathered during the course of the study to preserve this valuable data for future use.

SACRAMENTO RIVER TRIAL DISTRIBUTION

Analysis

Funds are proposed for continuation and extension of the collection and analysis of data on water supply, water utilization, water quality, and water rights pertaining to the Sacramento River and the Sacramento-San Joaquin Delta to the end that questions regarding the use and diversion of these waters may be resolved by negotiation.

GENERAL ANALYSIS

Number of positions ----- - 432 430 -2

The Department of Alcoholic Beverage Control was established and the responsibility for the above functions transferred to it by Section 22 of Article XX of the Constitution and Chapter 20, Statutes of 1954 (First Extraordinary Session). Four hundred thirty-nine (439) authorized positions and unencumbered money in the amount of \$1,306,787, formerly available to the Board of Equalization, were transferred together with the duties to the new agency effective January 1, 1955. \$86,845 in additional funds are required to support the department for the remainder of 1954-55. This amount will finance the salaries of five additional permanent positions (net) and one temporary position for assistance in organizing problems, and provide for the various expenses of establishing the new department.

The \$2,717,142 budgeted for the 1955-56 Fiscal Year provides for the continuation of the 1954-55 program.

HORSE RACING BOARD

The board licenses, regulates, and supervises all horse racing meetings where there is pari-mutuel betting. The board also licenses trainers, jockeys, track officials and other persons employed by the racing associations. The main office of the board is at Los Angeles with branch offices at each of the tracks.

Department of Investment

DIVISION OF BANKING

Examines and supervises operating banks and trust companies, grants or denies bank and branch applications and liquidates closed banks. Passes on legality of investments for savings banks and governs the deposit of securities with the State Treasurer by all trust departments and companies, both state and national, for the faithful performance of trust functions. Revenue is derived primarily from an assessment of banks not to exceed .01 percent of total resources less secured deposits and bills payable.

GENERAL ANALYSIS

Number of positions----- 39.4 44 48 4

Provision is made for continuation of the existing level of service with three examiner positions added for increased work load. Two positions which were previously authorized until June 30, 1955, for private trust examinations remained unfilled last year and have been eliminated.

WORK LOAD

June 30:	1950	1951	1952	1953	1954
Number of banks-----	107	116	121	122	124
Number of branches-----	198	213	221	231	245
Bank assets (thousands)-----	\$3,706,217	\$3,936,558	\$4,256,605	\$4,529,065	\$4,874,359
Bank loans (thousands)-----	\$1,258,307	\$1,576,000	\$1,647,540	\$1,936,393	\$2,047,469

SALARIES AND WAGES: The increase of \$16,689 is due to three proposed examiner positions and the filling of existing vacancies.

OPERATING EXPENSES: The increase of \$4,973 is due to 1955-56 printing and postage expense of \$2,260 that recurs every two years, and \$2,664 for increased traveling—in-state resulting from an increase in staff.

EQUIPMENT: The amount of \$4,183 includes \$2,100 for replacement of two automobiles and \$1,564 for replacement of worn-out, obsolete cylinder type dictating equipment.

GENERAL ANALYSIS

Number of positions----- 199.9 210 211.5 1.5

Provision is made for continuation of the existing level of service; increases result from additional work load caused by the continuing growth of the insurance business in California.

An additional investigator is provided to handle the increased work load in conservation and liquidation of insurance companies which is to be financed through reimbursements from the companies involved.

ADMINISTRATION DIVISION

This division handles the general administrative and staff functions of the department, including the direction of branch offices, actuarial work, and fiscal, personnel, and office management services.

Analysis

SALARIES AND WAGES: Additional temporary help is provided to take care of work load peaks in addressograph and cashing occasioned by the increased number of licenses.

OPERATING EXPENSES: A decrease in office reflects the completion of the move of the Los Angeles office, an unusual expense during 1954-55. The increase in rent is also due to this move.

EQUIPMENT: Major items include equipment needed in the new Los Angeles office, and replacement of an automobile.

SALARIES AND WAGES				SALARY RANGE		
Commissioner-----	1	1	1	\$1,166	\$14,000	\$14,000

25	LICENSE DIVISION						
26	This division gives qualifying tests and issues licenses to insurance production agencies (life agents, insurance agents, brokers, solicitors, bail agents, bail permittees). It prepares training manuals, approves training courses, and compiles written tests for license applicants. License records are maintained and all changes in license status are processed in this division.						
27	Analysis						
28	SALARIES AND WAGES: Increase is due to additional temporary help to take care of work load increases and to provide monitors for insurance license examinations.						
29	EQUIPMENT: The major items are files to allow for expansion of the master license folder file.

19							
20	This division examines the financial condition, policies, and procedures of insurers for the purpose of determining their solvency, financial status, and compliance with applicable laws. The Examination Bureau makes field examinations of insurers. The Financial Analysis Bureau audits financial statements, computes the gross premium tax and surplus line brokers' tax, prepares an annual statistical report, and answers inquiries regarding insurance companies.

CONSERVATION AND LIQUIDATION DIVISION						
Analysis						
This division takes possession of the assets and records of insolvent companies as directed by the Commissioner or by court order and administers the affairs of the companies until they have become financially sound or until their assets have been liquidated and distributed to creditors. The cost of operating this division is recovered from the assets of the companies being administered to the extent that such assets are available. The scale of operation of this division varies widely and is unpredictable.

GENERAL ANALYSIS

Number of positions ----- 119.9 131 144 13

Provision is made for anticipated work load increases with three deputies and six clerical positions. In addition four field deputies have been added to provide a more aggressive enforcement program which emphasizes extensive field investigation, public contact, and spot checking of trust funds. One of the additional clerical positions is added to June 30, 1956, due to a current backlog in processing documents affected by a recent legislative change requiring additional fees. Many documents are being received without the correct amount and must be given special attention. This situation can be reviewed during the ensuing year.

BOARD OF PILOT COMMISSIONERS

Qualifies persons as pilots operating vessels on San Francisco, Suisun and San Pablo Bays. Revenues are received from pilotage fees in accordance with Section 1159 of the Harbors and Navigation Code, the unencumbered balance in excess of \$6,500 in the Pilot Commissioners' Special Fund, according to the records of the Board of Pilot Commissioners, at the close of business on June 30th of each year, shall, on order of the State Controller, be transferred to the General Fund.

Department of Professional and Vocational Standards

DEPARTMENTAL ADMINISTRATION

Performs all accounting, personnel, and fiscal work for the 29 boards and commissions under the Department of Professional and Vocational Standards. Acts as a liaison with all other governmental agencies, prepares the budgets and exercises budgetary control over all units within the department, and manages the Business and Professions Building and Annex.

Office at Sacramento

GENERAL ANALYSIS

Number of positions----- 23.8 24.9 26.9 2

Provision is made for two additional positions at a cost of \$7,824 to meet administrative needs for the increased work load throughout the department. One position will act as internal auditor to better control revenues, licenses and expenditures. The other position is to meet the clerical needs of the accounting office.

^a Estimated on accrual basis. Actual repayments are made semiannually, after the close of the period in which net rentals have accrued.

^b In accordance with the provisions of Sections 400 to 404 of the Business and Professions Code, the Business and Professions Building was constructed and is being operated by the Department of Professional and Vocational Standards as a self-sustaining enterprise. Out of the rentals received from state agencies occupying space in the building and fees paid by users of its parking facilities, are defrayed the cost of operating and maintaining the building. The remaining receipts are apportioned back to the agencies contributing to the cost of the building in proportion to their respective investments.

Department of Professional and Vocational Standards

DIVISION OF ADMINISTRATIVE PROCEDURE

The major functions of this division are: To furnish trained hearing officers when requested by any state agency conducting quasi-judicial disciplinary proceedings; to undertake a continuing study of administrative law and procedure and submit any suggestions for improvements to the Governor, the Legislature, and the various state agencies; to compile and publish rules and regulations for the various state agencies which are published as the California Administrative Code.

GENERAL ANALYSIS

Number of positions	19	18.5	18.9	0.4
CASE LOAD	ACTUAL	ACTUAL	ESTIMATED	ESTIMATED
Cases heard	1952-53	1953-54	1954-55	1955-56
	1,006	869	865	900

It is estimated that the number of cases heard by the staff will remain at approximately the same level as now being experienced. The proposed deficiency appropriation for the 1954-55 Fiscal Year is the result of Attorney General's opinion No. 54/166 which stated that the division could not charge agencies for overhead costs, standby time, or any other indirect costs. The reimbursements in the 1954-55 Budget were computed on the basis of recovering 75 percent of the cost of hearing services from the agencies receiving such service. Current estimates indicate that indirect costs will be at least 40 percent of the total costs, leaving only 60 percent of the total costs to be recovered. If the reimbursements are to be increased to recover a greater percentage of the costs, a legislative change of the Business and Professions Code will be required.

BOARD OF ACCOUNTANCY

Examines, licenses, and regulates certified public accountants and public accountants. It is estimated there will be approximately 6,000 certified public accountant licenses and 17,500 public accountant licenses in effect during 1955-56 compared with 4,914 certified public accountant licenses and 18,514 public accountant licenses actually in force as of June 30, 1954.

13					(12.8%)

GENERAL ANALYSIS

Number of positions-----	3.9	4	4	-
A continued increase in the number of licenses is anticipated for 1955-56. An over-all increase of \$6,179 is due primarily to an increase of \$2,000 for examination expenses; preparation and printing of a biennial directory; and purchase of one additional automobile to replace private auto permit.

GENERAL ANALYSIS

Number of positions..... 9.8 9.8 9.8 -

The work load is governed almost entirely by the number of boxing and wrestling shows held during the year. There were 1,696 shows held in 1952-53; 1,500 in 1953-54, and it is estimated there will be 1,500 during 1954-55 and 1,500 in 1955-56. Revenues from admission tax have been declining due to television receipts not being taxable under existing law. While the reduction in revenue permits this agency to function it reduces amounts available for use by the Veterans Home.

BOARD OF REGISTRATION FOR CIVIL AND PROFESSIONAL ENGINEERS

Examines, licenses, and regulates civil engineers, land surveyors, structural engineers, chemical engineers, electrical engineers, mechanical engineers, and petroleum engineers. It is estimated that approximately 33,340 registrations will be in effect during 1955-56, about 2,667 more than in 1953-54.

13					(3.5%)

GENERAL ANALYSIS

Number of positions ----- 21.3 21.2 23.2 2

The increased work load is reflected by the following:

	ACTUAL	ESTIMATED		
	1951-52	1952-53	1953-54	1954-55 1955-56
Applications received	3,399	3,327	4,194	4,900 5,300

To meet this increased work the budget provides for two additional positions, the cost of which is being offset by a reduction in per diem allowances for board members, examination commissioners and expert examiners. The employment of full-time technical personnel will better accomplish the review of applications and the testing of the applicants. The two positions are limited to one year pending results of the changed procedures.

The remainder of the budget continues the existing program without change.

GENERAL ANALYSIS

Number of positions	82.8	85.8	90.3	4.5
The budget for this agency provides for five new investigator positions and extending two supervising investigator positions to permanent based on increased work load.				
SALARIES AND WAGES: Increase of \$25,755 is due to five new investigators at \$22,560 with the remainder due to more stable employment.				
OPERATING EXPENSES: Increase of \$10,284 is due to a \$3,511 increase in pro rata departmental administration; \$2,000 in Attorney General charges; \$2,000 in automobile operation; and \$1,500 in in-state travel.				
EQUIPMENT: Increase of \$4,966 due to providing five new automobiles for the proposed new positions.

12	TOTAL EXPENDITURES FOR SUPPORT	\$67,679	\$80,939	\$88,683	\$7,744 (9.6%)

GENERAL ANALYSIS

This reflects a continuation of the same level of service as currently authorized and the increase of \$7,744 is occasioned by increased work load of 9.2 percent in licenses to be in effect on June 30, 1956, as compared with the number in effect on June 30, 1954.

During the current fiscal year the position of executive secretary was changed from part time to full time, resulting in increased traveling expense for both the 1954-55 year and 1955-56 year. Also, printing of the directory during the 1955-56 year results in increased costs.

GENERAL ANALYSIS

Number of positions 20.8 20.6 20.6 —

The budget reflects a continuation of the same level as currently authorized. Continuation on a permanent basis of the positions of supervising inspector and inspector is proposed. Justification is found in improved performance shown in work load statistics for the period they have been employed.

GENERAL ANALYSIS

Number of positions 32.9 33.4 34.6 1.2

The work load of this agency is increasing due to a movement of more of the furniture and bedding industry to the West Coast. Included in this budget is a request for the establishment of a position of chief of the bureau. The director is presently chief of the bureau and with the increase in over-all activities in the last 10 years, it is impossible for the director to devote the time necessary to properly supervise this activity.

SALARIES AND WAGES: Increase of \$9,043. This is due to \$6,060 for chief of bureau, and \$2,983 to a more stable employment situation.

OPERATING EXPENSES: Increase of \$9,966. The significant increase is for the provision of \$5,000 for modernization of the laboratory, so that the new synthetic filling materials may be analyzed; \$2,400 to provide for the printing of the biennial bulletin; and other expenses related to the proposed new position.

GENERAL ANALYSIS

Number of positions----- 0.6 1.4 1.4 —

This new agency was created by Chapter 1447, Statutes of 1953, and the clause for blanketing in qualified persons expired on June 30, 1954. By that time, 1,140 applications had been received and 399 licenses granted. It is anticipated that the backlog of applications will be processed during the current fiscal year. The proposed expenditures for 1955-56 will provide for renewal of licenses and a small work load increase.

BOARD OF MEDICAL EXAMINERS

Examines, licenses, and regulates physicians and surgeons, chiroprodists, drugless practitioners, midwives, dispensing opticians, and registered and licensed physical therapists. The total number of licenses is estimated to be 33,058 during 1955-56, an increase of 6,143 over the number licensed during 1953-54, including registered and licensed physical therapists who are estimated at 700 for the registered and 1,200 for the licensed physical therapists.

GENERAL ANALYSIS

Number of positions—Medical Examiners Contingent Fund-----	17.1	17.3	20.7	3.4
Number of positions—Physical Therapy Fund-----	0.1	0.6	1.2	0.6

The increased number of persons licensed under the Medical Practices Act, the Registered Physical Therapist Act, and the Licensed Physical Therapist Act has made it necessary to add four positions. These consist of three positions to meet the increased investigation work and one clerical position for the resulting increased clerical operations. The cost of these positions and related expenses are responsible for almost all of the increased cost.

GENERAL ANALYSIS

Number of positions..... 17.6 17.8 18.8 1

The budget contains provisions for a proposed new position of intermediate typist-clerk, based on increased work load, and financed through a corresponding decrease in temporary help. The decrease in 1955-56 over 1954-55 is the result of renewing licenses biennially instead of annually.

13	GENERAL ANALYSIS				
14	Number of positions-----	20.5	20.5	20.5	—
15	The budget provides for a continuation of the same program as currently in effect. The decrease in accumulated surplus is occasioned by a change in accounting procedures for revenues. A slightly unbalanced condition is indicated with expenditures for 1955-56 exceeding estimated revenue by \$29,492. Adjustments in the fee schedule is anticipated.

GENERAL ANALYSIS

Number of positions 4 5 5 -

The budget provides for a continuation of the same program as currently in effect. Also, it continues the position of special investigator that was allowed to June 30, 1955, on a permanent basis due to work load. The decrease for 1955-56 is due to a reduction of temporary help that was provided in 1954-55 to replace a person on sick leave.

GENERAL ANALYSIS

Number of positions ----- 3.8 4 5 1

The work load of this agency has shown a tremendous increase. The number of licenses in effect on June 30, 1953, was 2,505; June 30, 1954, 5,246; and it is estimated that there will be 9,500 on June 30, 1956. The proposed new intermediate typist-clerk provides for this increase in work load. Included in the budget is money for a pilot study by which the Bureau of Criminal Identification will check fingerprints of approximately 10 percent of the registrants.

Provision is made for continuation of the existing level of service with some increased cost due to fuller employment. It is assumed that the volume of rate increase proceedings will not exceed that of the current year. It is contemplated that manpower can be applied to important projects that have been delayed under pressure of rate proceedings.

22	NET TOTALS, SUPPORT				\$1,931,717	\$1,986,095	\$2,023,823	—
23	TRANSPORTATION RATE FUND ACTIVITIES							
24	Activities supported by the Transportation Rate Fund are largely regulatory upon rail, truck, and water carriers engaged in the transportation of property. The Transportation Rate Fund revenue is derived primarily from a fee of 0.25% of the gross operating revenue earned by carriers from the transportation of property and other related fees.							
25	A plan of financial adjustment between the General Fund activities and the Transportation Rate Fund allocates the cost of certain functions which relate to either fund—the details of which are reflected in the General Fund activities budget and offset by estimated reimbursements from the Transportation Rate Fund. The portion of charges to be borne by the Transportation Rate Fund are shown herein as operating expenses. Functions which pertain entirely to the Transportation Rate Fund are budgeted entirely in this portion of the budget.							
26	Analysis

^b Composed of savings in the following categories: operating expenses, \$4,394; and equipment, \$5,135.

^c Grants from the Federal Government and expenditures therefrom are not included in the over-all budget totals.

^d For county administration of Child Welfare Services, see Local Assistance Budget, "Subventions for Social Welfare."

^e The summary of expenditures from state, federal, and county funds for social welfare programs administered by the department appears in the Local Assistance Budget, "Subventions for Social Welfare."

DEPARTMENT OF SOCIAL WELFARE—Continued

LINE	EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56	CHANGE FROM 1954-55
1	GENERAL ANALYSIS				
2					
3					
4	Number of positions-----	513.5	530.3	519.2	-11.1
5					
6	During the 1953-54 and 1954-55 Fiscal Years, the department has planned and is effectuating a reorganization of its field services.				
7	The reorganized plan furnishes the best in specialized skills to deal with specific program problems in the counties, while at the				
8	same time utilizing an effective liaison channel to deal with local authorities with respect to overall welfare administration.				
9	The six proposed new positions are related to higher work loads, extension of terminating positions and the need for more intensive				
10	work in certain areas than has been possible with existing staff. These six positions are offset by a decrease of 19 positions re-				
11	sulting primarily from procedural analysis and subsequent streamlining.				
12					
13	WORK LOAD				
14	Independent Adoptions, Petitions Filed:				
15	State Department of Social Welfare-----	1,792	1,800	1,629

14	DIVISION OF SOCIAL SECURITY						
15							
16	Divisional Administration						
17							
18	Analysis						
19							
20	This unit supervises and coordinates the activities of the Bureau of Field Review, the Bureau of Aid to Needy Aged, and the Bureau of Aid to Needy Children. It maintains liaison with the Bureau of Public Assistance of the Federal Department of Health, Education and Welfare, and gives technical services to the various assistance programs, child welfare programs, and area offices. It is responsible for the development and execution of plans in the fields of dependency prevention, rehabilitation, and re-employment with respect to increasing self-sufficiency of aid recipients. The increase is due to the proposed extension of the position of case work consultant expiring June 30, 1955.

63							
64	Analysis						
65							
66	This unit is responsible for the formulation and interpretation of standards, policies, rules, and regulations governing the adminis-						
67	tration of the Aid to the Blind Programs; reviews reports of eye examinations, provides consultant services on medical phases						
68	and administers the Prevention of Blindness Program. The extension of a clerical position through 1955-56 is proposed. The						
69	Prevention of Blindness Program provides treatment or surgery to prevent blindness or restore vision to persons applying for						
70	or receiving aid to the blind. The increase in the Prevention of Blindness Program is due to the increased cost of hospitalization						
71	surgery and medical services, and the proposed scheduling of more operations.

36	Analysis						
37							
38	This unit is responsible for the development of major fiscal policies with respect to all programs administered or supervised by the department. The Administrative Accounting Section maintains accounting, budgetary, cost accounting, and property records of the department. It maintains records of county estimates and expenditure statements, and compiles estimates and expenditure statements for submission to the Federal Government. The Fiscal Services Section has general responsibility for the receipt, audit, and approval of all claims for assistance, subventions, and administrative expenditures submitted by the counties and other agencies; prescribes the scope and technique of field audit of private institutions applying for or possessing a certificate of authority to enter into life care agreements; develops accounting systems recommended to counties, and has general responsibility for the development of departmental policy, rules, regulations, and forms pertaining to fiscal administration of the programs. State-wide coverage for the supervision of life care contracts has been budgeted within this unit beginning with the 1954-55 Fiscal Year; previously, this function was budgeted under Area Operations.

34	Bureau of Office Services						
35	Analysis						
36	This unit performs general housekeeping functions, operates the duplicating unit, stenographic pool central files, mail section, and supply section. All equipment and operating expenses for the department, except travel and some special activities, are included in the bureau's allotment. The department is scheduled to move into the new Employment Building January 1, 1956. This accounts for the increase in rent and moving expense and the decrease in light, heat and power, janitor services, building maintenance and elevator and watchman services.

AREA OPERATIONS

Analysis

This unit is responsible for the supervision of local agencies and the execution of departmental policies throughout the State. The State is divided into three areas, with area offices located at Los Angeles, San Francisco, and Sacramento. Each area office is headed by an area deputy who has full responsibility for all operations within the area, and who directs a staff of professional, technical, and clerical personnel. Increase is due to proposed new position of administrative assistant I which will be used to relieve area deputy and supervisory staff of certain administrative details, and work load.

DEPARTMENT OF VETERANS AFFAIRS

The Department of Veterans Affairs has four functions: The administration of the Veterans' Farm and Home Purchase Act; extension of financial assistance to veterans and dependents of veterans in securing an education; coordination of all state veterans' programs and provision of informational and advisory service to agencies in contact with the individual veterans and assistance to veterans in presenting claims against the United States arising out of war service; and administration of the Veterans' Home of California and contractual care of members of the Woman's Relief Corps Home.

GENERAL ANALYSIS

Number of positions----- 55.8 55 62.5 7.5

The 1955-56 Fiscal Year budget for support is a continuation of the program previously authorized with the exception of one proposed new position, the transfer of six positions in the veterans' eligibility application section from the Division of Farm and Home Purchases to the Division of Service and Coordination, and a new item of reimbursements from the Veterans' Farm and Home Building Fund of 1943 for administrative services.

Educational assistance to veterans is expected to decrease \$34,195. A decrease in enrollment and a small increase in students costs is expected with the increase in Korean War veterans almost offsetting the decrease in World War II veterans.

Contracts with veterans' organizations for assistance to veterans in pursuing claims against the United States arising out of war service is continued at the level established in the 1953-54 Fiscal Year.

Educational assistance to veterans' dependents is estimated to increase \$30,090 due to a small increase in enrollment of widows and a significant increase in number of orphans enrolled.

DIVISION OF ADMINISTRATION

This division provides general direction and coordination of the homes and special programs.

Analysis

The only significant changes from the 1954-55 Fiscal Year are reimbursements from the Farm and Home Building Fund for administrative services and the following proposed new position:

1 Secretary, California Veterans Board----- \$4,980

This position, pursuant to Section 71 of the Military and Veterans Code, will arrange meetings and prepare agendas, take minutes, perform special research work and reports, answer correspondence, and maintain board files and records. The duties of this position which have previously been absorbed by other positions can no longer be absorbed because of organizational changes and other duties. One-half of this position's salary is reimbursed by the Farm and Home Building Fund.

31	For Educational Assistance to Veterans, to Be Expended Under							
32	the Provisions of Article 2 of Chapter 6 of Division 4 of the							
33	Military and Veterans Code							
34								
35	The assistance is limited to a total payment of \$1,000 per California veteran. The subsistence is limited to \$40 per month based on actual							
36	attendance in school, and tuition and other items of school books and supplies as are necessary, or not to exceed \$50 per month.							
37								
38	Analysis							
39								
40	The amount proposed assumes a slight decrease in enrollments and a small increase in student costs. It is estimated that Korean War							
41	veterans will almost offset decreased World War II veterans. The amount will provide assistance for 3,700 summer session, 6,300							
42	fall semester and fall quarter, 1,050 winter quarter, and 6,750 spring semester and spring quarter students.

OTHER CURRENT EXPENSES DETAIL	NO. OF POSITIONS			ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56
	53-54 (Filled)	54-55 (Auth.)	55-56 (Auth.)			

VETERANS DEPENDENTS EDUCATION FUND

The educational aid to widows and orphans is not limited as to total amount for each eligible, however, subsistence payments shall not exceed \$480 per year on the basis of school attendance. Payments are limited to \$40 per month for college students, and \$20 per month for high school students, and represent only amounts for subsistence per Department of Veterans Affairs policy. Orphans over 16 years but not over 21 years of age may file for and receive assistance until the course is completed or until 27 years of age is reached, whichever occurs first. Assistance to widows is limited to not more than four years duration.

Analysis

A small increase in enrollment of widows is expected and the orphan enrollments are expected to increase significantly. The amount proposed will provide assistance to 110 summer, 820 fall, and 875 spring semester students, and is estimated to cost \$244,600 or \$30,090 over 1954-55.

The annual excess costs over the \$150,000 transferred from the State Lands Act Fund have depleted the surplus in the Veterans Dependents Education Fund to the point where an additional appropriation from the State Lands Act Fund is required.

47					(8%)
48	Cost per member	\$1,597	\$1,574	\$1,582	\$8
49					(0.5%)
50					
51	The increase is primarily due to increased members, expanded facilities, and proposed new positions. A 204-bed convalescent a				
52	chronic barracks is scheduled for occupancy July 1, 1955.				
53					
54	SALARIES AND WAGES: The increase of \$195,245 is due to the cost of positions now authorized for the new convalescent a				
55	chronic barracks scheduled to open in July, 1955, merit salary adjustments partially offset by increased salary savings, and t				
56	following:				
57	Proposed New Positions:				
58	1 Intermediate account clerk				\$2,844
59	To care for increased work load since the last position was added to the accounting office staff in 1948.				
60	1 Intermediate typist-clerk				2,844
61	To provide a third position for the personnel section. There are 663 budgeted positions including 114.3				
62	member positions who are paid on an hourly basis and which involve considerable turnover.				
63	Food service supervisor II (replacing one food service supervisor I)				348
64	Food service supervisor I (replacing three food service assistants)				312
65	These positions, together with existing positions, will provide supervisory staff of one food service super-				
66	visor II in charge of the entire dining room food service staff of 85 and four food service supervisor I posi-				
67	tions, one in the hospital dining room and one in the main and annex dining rooms with the other two				
68	positions to provide coverage on the second shift and relief. The food service supervisor I positions are				
69	counted as one-half on work load in computing food service assistant post assignment requirements.				
70	1 Laundress				2,844
71	This position will assist in meeting increased work load in the pressing and ironing operations. The				
72	pounds processed have increased 26.2 percent since the last position was added in 1953.				
73					
74	^a Composed of savings in salaries and wages, \$8,680; operating expenses, \$81,541; equipment, \$5,399; and increased reimbursemen				
75	\$873.				
76	^b Composed of savings in salaries and wages, \$71,880; operating expenses, \$5,296; equipment, \$50; and excess contributions from				
77	Federal Government, \$152,632.				
78	^c Contributions from the Federal Government are not included in the over-all budget totals, either as revenue or expenditures. I				
79	summary of federal aid funds, see Schedule 7.

VETERANS' HOME OF CALIFORNIA—Continued

LINE	EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56	CHANGE FROM 1954-55
GENERAL ANALYSIS—Continued					
SALARIES AND WAGES—Continued					
Proposed New Positions—Continued					
1	Intermediate stenographer-clerk				\$2,988
	This position will be assigned to the hospital clerical section which maintains the hospital information desk, medical records for the entire membership, and handles stenographic work for the resident physicians and visiting part-time specialists. There has been no increase in this staff since 1949 although the work load has increased significantly.				
1	Physician and surgeon II				8,520
	This position, together with an existing physician and surgeon II, will care for the domiciliary membership thus providing a ratio of approximately 650 domiciliary members per physician.				
1	Laboratory helper				2,580
	This position will assist the three clinical laboratory technicians now authorized in performing the increasing clinical laboratory work due to the new convalescent and chronic barracks and the increasing membership.				
1	Supervising nurse I				3,996
	This position, together with existing positions, will provide 24-hour supervising nurse I coverage, under the direction of the supervising nurse III. They will supervise a total of 72 nurses and 146 hospital aids. In addition, one nurse conducts an in-service training program partially necessitated by the high rate of turnover in nursing personnel.				
1	Surgical nurse				3,810
	This position will assist the surgeon-specialist, eye, ear, nose, and throat, who has no other position budgeted to assist him. During the 1953-54 Fiscal Year an average of 13.5 minor surgical operations per day were performed. It has been possible to use a surgical nurse budgeted for another assignment to provide this help in the past; however, with increased major surgery this is no longer possible.				
2	Hospital aid				5,412
	These positions provide one additional post in the surgical ward plus relief. This 33-bed ward is now staffed during the day by two hospital aids covering the ward, one hospital aid handling the diet kitchen and supplementary feedings, and a graduate nurse. This will reduce the patient-hospital aid ratio from 16.5-1 to 11-1.				
1	Occupational therapist I				3,810
	This position, together with the position now authorized, will cover the 10 hospital wards and two convalescent and chronic barracks. Two positions are necessary, not only because of the increased work load but because work is done in both the wards and in the occupational therapy department, requiring a minimum of two positions for coverage.				
0.8	Nurse-anesthetist (increase to full time)				2,696
	The full-time services of an anesthetist is proposed for the major surgery program. While the surgeon-specialist position has been filled, nurse-anesthetist services have been required an average of ten days per month, resulting in a rate of \$3,000 per year. The full-time position will provide more than double the service at a cost of only \$996 over the annual rate experienced when the surgeon-specialist position has been filled.				
2	Groundsman and flower gardener				5,976
	These positions are proposed to help care for the 18½ additional acres of landscaped area being added during the 1954-55 Fiscal Year.				
1	Laborer				2,988
	This position will be used as an assistant to the automotive equipment operators to replace the part time services (equivalent in total to one position) of groundsman and flower gardeners whose time will be required to help maintain the additional grounds. Automotive equipment operators require help in loading and unloading laundry baskets (200-300 lbs. each), moving furniture, etc.				

OPERATING EXPENSES: The increase of \$41,671 is primarily due to increased membership and expanded facilities. Farming operations were discontinued November 1, 1954.

EQUIPMENT: The total of \$25,389 represents an increase of \$4,034 over the 1954-55 Fiscal Year. Included are replacement of feeding equipment, \$3,680; an additional bread wrapping machine, \$1,230; replacement of furniture, \$3,215; replacement medical equipment, \$3,827; additional medical equipment, \$6,095; and an additional truck, \$2,525.

FEDERAL AID: Federal aid has been increased from \$500 to \$700 per member per year effective September 1, 1954.

a Transferred to Maintenance and Operation of Plant effective November 1, 1954.

Department of Veterans Affairs

WOMAN'S RELIEF CORPS HOME

The home is for custodial, medical, and nursing care of ex-army nurses, and the wives, widows, and dependent, destitute, unmarried daughters and sisters of Union Veterans who served honorably in the Civil War. Admissions to the home were closed in 1947 and, effective May 1, 1954, the facilities were leased to private persons for the purpose of conducting a nursing home for the aged. Under the terms of a contractual arrangement between the Department of Veterans Affairs and the private persons, the remaining members will be cared for in accordance with standards of care and service prescribed by the department at the rate of \$250 per member per month.

Located near San Jose, Santa Clara County

5	Analysis						
6							
7	It is proposed to augment the State Printing Fund to provide working capital in order that additional printing equipment can be						
8	acquired to meet the needs for publishing an increased number of textbooks and other printing needs. It is also proposed to						
9	extend the availability of the appropriation made by the Budget Act of 1952 to provide the means of adjusting the capi-						
10	talization of revolving funds particularly for the extension of the central automobile pool.

MISCELLANEOUS REVENUES

LINE	REVENUES	ACTUAL 1953-54	ESTIMATED 1954-55	ESTIMATED 1955-56
1				
2	Interest income is shown here for the General Fund, reserve funds, and the State School Fund. Interest accruing to special funds			
3	is included in the departmental revenues.			
4	State moneys that are not immediately needed, and where the law so permits, are invested in interest-bearing securities. Those funds			
5	which have no direct investment provisions may deposit excess moneys in the Surplus Money Investment Fund, which, in			
6	turn, may invest and return any interest earned to the participating funds.			
7	In addition, that part of the remaining money that is not immediately needed may be placed in banks in interest-bearing time de-			
8	posits. The balance of the state moneys which is determined to be required to meet the daily warrants issued are retained in			
9	active bank accounts.			
10	By this procedure, all moneys that are not required for immediate use may earn interest.			
11	The General Fund also earns interest on certain advances or loans to other funds, and miscellaneous income not otherwise classified.

GENERAL ANALYSIS

Provision for a general salary increase of approximately 5 percent was recommended in the Personnel Board Report submitted in December, 1952, and a lump sum appropriation was provided which was sufficient to grant increases to lower salaried classes as of July 1, 1953, and higher salaried classes as of October 1, 1953.

No general increase was recommended for the 1954-55 Fiscal Year. However, \$475,000 was provided to make equity adjustments if required, and \$114,858 was provided for prior year adjustments which were made after the budget was prepared. This amount was included in appropriation for general emergencies, but is set forth here for comparative purposes.

The Personnel Board Report of December, 1954, states that salary increases will be justified for nearly all classes during the 1955-56 Fiscal Year, and recommends that a fund of approximately 5 percent of salaries and wages be provided to permit the board to make increases when and if they are justified by results of future surveys. In addition \$200,000 should be made available from the General Fund for special salary adjustments.

There is included in the appropriation for 1955-56 an amount to provide for increases in statutory salaries as recommended in the report to the Assembly Interim Committee on Civil Service.

GENERAL FUND

Salary Increase Fund Recommended From Which Allocations May Be Made to Augment Agency Budgets for the 1955-56 Fiscal Year:

Civil Service Classes:			
Number of positions-----	32,010.6		
Total salaries and wages-----	\$137,995,660		
Less costs reimbursed by charges for services ^e -----	—2,491,858		
Net Salaries and Wages-----	\$135,503,802		\$6,775,190
Classes Exempt From Civil Service:			
State College—Academic: ^f			
Number of positions-----	1,925.8		
Salaries and wages-----	\$11,714,817		488,117
Other State College:			
Number of positions-----	1,601.7		
Salaries and wages-----	8,185,103		409,255
National Guard—Military Personnel:			
Number of positions-----	73.1		
Salaries and wages-----	443,276		—
Other Exempt Classes:			
Number of positions-----	698.4		
Salaries and wages-----	4,313,477		215,674

^a Savings primarily because certain classes were not granted increases and because the University of California used prior year savings in lieu of \$2,416,541 set aside for their salary increases.

^b Savings due to use of salary savings in agency budgets, and \$14,417 due to restricting increases so that the total annual cost will not exceed the total amount of the fund.

^c A specific amount is not appropriated from each separate special fund, but the amount that will be required is subject to allocation from the surplus of each fund upon executive order of the Department of Finance. Amounts payable from the State Highway Fund and certain other funds are available without action by the Department of Finance.

^d Trust, revolving, utility, federal and other funds not included in over-all budget totals.

^e Costs of increases would be financed in part by increase in reimbursements.

^f Increases for academic classes computed for 10 months only.

GENERAL ANALYSIS

These debt service charges do not include charges on bonds issued for construction at the San Francisco harbor, or charges on bonds issued for the veterans' farm and home loan program. They are general obligation bonds; however, the charges are primarily the obligation of the respective utility fund. The activity of these utility funds are reported in the appendix section of the budget. Debt service charge on school building bonds are considered as assistance to local units of government and are reported under the Local Assistance Budget, Subventions for Education.

Interest and redemption charges on highway bonds are withheld from motor vehicle license fee revenues.

Interest and redemption charges on bonds issued for construction of state and university buildings, and for acquisition of areas for state park purposes, are currently met from funds which were set aside from General Fund surplus and placed in the Bond Sinking Fund of 1943. Sufficient funds were set aside to meet all debt service requirements to final maturity; however, \$5,000,000 was transferred to the Highway Fund to be used as a loan to the Golden Gate Bridge and Highway District, to be returned out of toll revenues after the bonded indebtedness of the district is retired in 1971. Available funds in the Bond Sinking Fund of 1943 will be exhausted in 1957.

There has been transferred to the State Buildings Interest and Sinking Fund sufficient money to retire the outstanding Sacramento state buildings bonds, which will become due in 1965.

^a Donated funds. Neither receipts nor expenditures are included in the budget totals.

GENERAL ANALYSIS

The 1954-55 Emergency Fund included an amount for special salary increases. For comparative purposes the appropriation and allocations are shown under Provision for Salary Increases.

For 1955-56 a larger Emergency Fund is required to cover contingencies for which deficiency appropriations may not be authorized at a Budget Session of the Legislature.

STATE BUILDING PROGRAM

SUMMARY OF PROPOSED NEW CAPITAL OUTLAY APPROPRIATIONS FOR 1955-56

The following table summarizes the proposed new appropriations for the 1955-56 Fiscal Year for the State Building Program. The major projects are shown by departments in order of priority. Detailed explanation and description of each project is contained in the following agency detail budgets.

LINE	AGENCY AND PROJECT	PROPOSED NEW APPROPRIATIONS	
		FROM CAPITAL OUTLAY AND SAVINGS FUND	FROM SPECIAL FUNDS
1	Department of Agriculture:		
2	Plant Quarantine Station—Benton, site acquisition for residences	\$200	—
3	Plant Quarantine Station—Benton, construct employee residences	47,500	—
4	Fruit and Vegetable Standardization Station—Carpinteria, site acquisition	4,000	—
5	Minor construction and improvements	4,820	—
6	Totals, Department of Agriculture	\$56,520	—
7	Poultry Improvement Commission:		
8	Establishment of random sample turkey test	—	\$75,989 a
9	Pump and pressure system	—	18,480 a
10	Minor construction and improvements	—	19,540 a
11	Totals, Poultry Improvement Commission	—	\$114,009 a
12	Department of Corrections:		
13	State Prison at Soledad—Additional cell buildings—720 capacity	\$5,362,700	—
14	State Prison at Soledad—Water closets and lavatories in existing cells	82,000	—
15	Institution for Women—Fifth inmate cottage (100 capacity)	599,200	—
16	Institution for Women—Classroom building	209,000	—
17	Duel Vocational Institution—Industries building No. 3	226,200	—
18	Institution for Men, Chino—Industries building	187,880	—
19	State Prison at San Quentin—Industrial warehouse	241,450	—
20	State Prison at San Quentin—Additional lighting of roads and walls	92,450	—
21	State Prison at Folsom—Site clearing—Removal of hill	69,130	—
22	Minor construction and improvements	512,720	—
23	Totals, Department of Corrections	\$7,582,730	—
24	Department of the Youth Authority:		
25	Ventura School—Temporary rehabilitation	\$150,000	—
26	Ventura School—Three temporary classrooms	29,500	—
27	Nelles School—Replace two dormitories	402,100	—
28	Los Guilucos School—Dining room addition	22,000	—
29	Nelles School—Remodel detention-admissions unit	71,900	—
30	Fricot School—Segregation-administration building	156,700	—
31	Preston School—Academic school addition	341,600	—
32	Preston School—Remodel dining room	55,000	—
33	Los Guilucos School—Superintendent's residence	26,900	—
34	Fricot School—Duplex for employee housing	25,950	—
35	Paso Robles School—Duplex for employee housing	25,400	—
36	Nelles School—Replace power house and trades building and rehabilitate laundry	459,000	—
37	Preston School—Acquire reservoir site	10,000	—
38	Northern California Reception Center—Acquire dormitory site	14,200	—
39	Nelles School—Remodel and re-equip bakery	55,630	—
40	Minor construction and improvements	117,085	—
41	Totals, Department of the Youth Authority	\$1,962,965	—
42	Department of Education:		
43	Los Angeles State College—Temporary facilities at two new sites	\$2,150,000	—
44	San Jose State College—Equip science building addition	500,000	—
45	Long Beach State College—Site development (storm sewer)	47,000	—
46	California Polytechnic College (San Luis Obispo)—Engineering building	1,556,075	—
47	California Polytechnic College (San Luis Obispo)—Site development (engineering site)	450,000	—
48	Humboldt State College—Completion of wild life addition	62,900	—
49	San Diego State College—Site development	287,800	—
50	San Diego State College—Humanities classroom building	736,700	—
51	California Polytechnic College (Kellogg)—Physical education facilities	703,700	—
52	San Jose State College—Administration building	847,500	—
53	Fresno State College—Cafeteria	506,500	—
54	Deaf School, Riverside—Primary classroom building	320,600	—
55	Deaf School, Riverside—Primary dormitories	432,400	—
56	California Polytechnic College (Kellogg)—Cafeteria	456,100	—
57	Blind School—Dining hall and dormitory remodeling	367,700	—
58	San Francisco State College—Classroom building	1,075,800	—
59	Sacramento State College—Life Science building	717,700	—
60	Long Beach State College—Faculty office building	302,000	—
61	San Diego State College—Cafeteria	690,400	—

5	Office of Civil Defense				
6	It is contemplated that the stockpiling of materials and supplies and the installation of facilities and equipment for civilian defense				
7	will be completed during the 1954-55 Fiscal Year, as planned in 1951 when Item 362.1 of the Budget Act of 1951 appropriated				
8	\$12,200,000. The major portion of the program ended in the 1953-54 Fiscal Year with only sufficient funds being carried				
9	forward into 1954-55 to complete the installation of communications equipment which had been delayed due to technical				
10	problems.				
11	All projects reported herein have been financed from the same source of funds which is reflected in the "Reconciliation with Appro				
12	priations" portion of this budget.

DEPARTMENT OF AGRICULTURE

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56
1	The Capital Outlay Program of the Department of Agriculture has been and is directed toward the replacement of inadequate			
2	plant quarantine and fruit and vegetable standardization stations and the construction of animal and poultry disease diag-			
3	nostic laboratories located so as to most efficiently serve the poultry and livestock industry.			
4	Many of the inspection stations were constructed during or prior to the depression years and some were intended for use as			
5	seasonal facilities only. Because of obsolescence and greatly increased traffic volume, the construction of new stations is			
6	considered essential.			
7	The program as proposed for the 1955-56 Fiscal Year, together with the projects previously approved, will complete the major cap-			
8	ital outlay plan of the department for the immediate future.			
9

DEPARTMENT OF CORRECTIONS

GENERAL ANALYSIS

The five-year building program of the department is based on an annual admissions rate of 56 per 100,000 of State Civilian population in the 15-64 age group for adult male felons and 2.7 for 100,000 for the adult female felons and is designed to meet the anticipated population increase and to house the inmate population in single cells or in 50 square feet per inmate in dormitory type facilities including 25 percent of hospital population as well as to structurally rehabilitate the older prisons.

The 1955-56 major construction program proposes capacity expansion of 720 in additional cell building at Soledad, 185 additional camp beds (in the Division of Forestry budget), and 100 additional adult female beds. It also proposes an industries building at Tehachapi, removal of a hill at Folsom for better security and future construction, an industries warehouse and improved lighting at San Quentin, water closets and lavatories in cells at Soledad for improved security, a third industries building at Deuel, and additional classrooms at Corona. This additional capacity, as well as more in future budgets, will be needed to meet the anticipated five-year population increase to eliminate the housing of more than one inmate per cell, and to provide replacement housing for temporary structures that will be deactivated.

The 1955-56 minor construction program mainly proposes essential and necessary projects at the older institutions, minor construction and alteration projects at the newer institutions, and original complements of equipment for the population increase at the California Men's Colony at San Luis Obispo.

4	Medical Facility			
5	Since 1950 a temporary institution has been operated using leased facilities in Los Angeles County on the south end of Terminal			
6	Island at San Pedro. These were formerly used as naval disciplinary barracks. The main buildings are made of reinforced con-			
7	crete, and auxiliary and industrial buildings are built of wood, stucco, and prefabricated steel. The inmate capacity was 1,100.			
8	The new permanent institution, scheduled for occupancy in March 1955, will provide special custody of inmates who are mentally			
9	defective, chronically ill, narcotics addicts, sex offenders, or otherwise physically or mentally abnormal. Close custody will be pro-			
10	vided in the reception center unit for observation and study of new commitments, prior to assignment to other institutions.			
11	Due to the nature of the institution there will be a limited training program and the emphasis will be on treatment. The site			
12	for the institution is located in Solano County about two miles south of Vacaville and consists of 903 acres of land, of which			
13	approximately 100 acres are to be used for inmate and employee building areas. Presently appropriated funds will provide			
14	for 1,370 capacity by 1955-56 and 600 additional in 1956-57.

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56	
1	Institution for Men, Chino				
2					
3	This is primarily a minimum security prison with an extensive agricultural and industrial program. The institution is located				
4	in San Bernardino County about two miles south of Chino on 2,566 acres of land. It was opened in 1941 and consists of				
5	reinforced concrete permanent main buildings, semipermanent steel industrial buildings, frame farm buildings and temporary				
6	steel barracks buildings for dormitories and classrooms. The southern reception center is located on a 15-acre portion of the				
7	Chino site. This center is of reinforced construction with a capacity of 400 inmates.				
8	Two major projects, reconditioning and equipping of the former women's institution at Tehachapi to house 500 additional inmates				
9	and additions to the West Dormitory at Chino for 100 additional inmates, were financed in 1954-55. The construction of an				
10	industries building at the Tehachapi branch is proposed for the 1955-56 Fiscal Year.				
11					
12	MAJOR CONSTRUCTION, IMPROVEMENTS,				
13	AND EQUIPMENT				
14					
15	PROPOSED 1955-56 EXPENDITURES *				
16					
17	Industries building (first increment)-----	-	-	\$187,880	
18					
19	This project includes working plans and initial construction on a				
20	structure to institute inmate work projects at the Tehachapi				
21	branch. Present plans call for the manufacturing of small				
22	items such as shoes, clothing, and knitted goods to employ a				
23	total of 235 inmates. The structure will have a concrete				
24	foundation and floor, steel columns and girders, concrete walls,				
25	and wood roofs, embracing 15,000 square feet.

13	PROPOSED 1955-56 EXPENDITURES *			
14				
15	Industrial warehouse -----	-	-	\$241,450
16	<i>Budget Act of 1955 proposal</i>			
17				
18	This includes working plans and construction to provide necessary additional warehousing space at San Quentin. The 1947 fire destroyed the jute warehouse and reduced industrial warehousing space. With the activation of the cotton textile mill project, additional storage for raw materials and finished goods will be needed. The structure will be an open type, steel trussed, and with concrete slab floor. It will contain 23,000 square feet.

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56
1				
2				
3				
4	State Prison at Soledad			
5	This is a medium security institution with an agricultural and vocational training program. Construction of permanent facilities of			
6	reinforced concrete was completed in December, 1951, to house 1,500 inmates. The barracks unit houses farm workers and			
7	other inmates in prefabricated steel buildings. The institution is located in Monterey County about four miles north of Soledad			
8	on 936 acres of land of which approximately 100 acres are used for inmate and employee building area. The remainder of the			
9	site is used for an extensive agricultural program.			
10				
11	MAJOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,			
12	AND EQUIPMENT			
13				
14	PROPOSED 1955-56 EXPENDITURES *			
15				
16	Additional cell buildings—720 capacity-----	-	-	\$5,362,700
17	<i>Budget Act of 1955 Proposal</i>			
18				
19	This proposed construction together with the additional 480			
20	capacity approved in 1954-55 will provide one 1,200 capacity			
21	satellite unit to the main prison to permit better segregation			
22	of a larger number of inmates for custodial and treatment			
23	purposes. It will be a self-contained unit but will, insofar			
24	as possible, make use of utilities and facilities already pro-			
25	vided for the main institution.			
26				
27	Water closets and lavatories in existing cells-----	-	-	82,000
28	<i>Budget Act of 1955 Proposal</i>			
29				
30	This proposal is the first increment of three, which would event-			
31	ually provide better security in 246 cells, and is a part of the			
32	expansion program at this institution.			
33				
34	ESTIMATED 1953-54 AND 1954-55 EXPENDITURES *

5	Deuel Vocational Institution			
6	This medium security institution is located in San Joaquin County about four miles east of Tracy. It is primarily an agricultural-vocational training institution. It houses 1,200 inmates in reinforced concrete facilities. The site consists of 783 acres of land, of which approximately 80 acres are to be used for inmate and employee housing areas, with the remainder used for farming areas.

16	Budget Act of 1955 Proposal-----			
17				
18	To provide funds for working plans and construction of a third building for expanded industrial operations. The structure will house a chrome plating plant, a paper box manufacturing enterprise, and expanded tubular steel furniture manufacturing. This will permit employment of additional inmates on additional products for the state use market. The structure will contain 18,000 square feet, will be one story, steel frame, concrete walls and wood roof construction.

5	Institution for Women			
6	The institution for women includes all types of custody and is also the reception center for new commitments. It has an industrial-			
7	vocational training and treatment program. Reinforced concrete housing presently financed provides for 458 inmates with ulti-			
8	mate expansion to 558 inmates capacity planned for the future. The site for the institution is located in San Bernardino County			
9	about seven miles northwest of Corona, and consists of 120 acres of land.

17	Construction -----	-	-	\$545,200
18	Equipment -----	-	-	54,000
19	Budget Act of 1955 Proposal			
20				
21	To provide added capacity to relieve overcrowded conditions.			
22	Present housing capacity is 458 beds with 499 inmates on			
23	June 30, 1954, and 550 anticipated on June 30, 1956. Con-			
24	struction will be similar to the four present cottages, with			
25	certain additional structural economies to be effected. The			
26	building will contain 100 rooms, day rooms, kitchen and dining			
27	room and will embrace 27,000 square feet. Equipment is			
28	proposed similar to the other cottages with an additional			
29	washer to handle the additional load in the laundry.			
30				
31	Additional Classroom Building:			
32	Construction -----	-	-	197,000
33	Equipment -----	-	-	12,000
34	Budget Act of 1955 Proposal			
35				
36	To provide necessary classroom facilities for both existing and			
37	proposed population. This addition will add a net 6,000 square			
38	feet and will provide a science laboratory, five classrooms,			
39	music and practice rooms, and vocational sewing room. Original			
40	complement of equipment for the additional classes is			
41	also proposed.

Department of the Youth Authority—Continued

GENERAL ANALYSIS

The capital outlay program of the Department of the Youth Authority is planned to replace existing inadequate facilities and to meet the capacity requirements resulting from the increased California juvenile population. The demand for additional capacity is being alleviated to some extent by a program of encouraging improvements in juvenile law enforcement, increased use of probation, increased use of county juvenile homes and camps (subsidized by the State at one-half cost or not to exceed \$95 per month per ward) and increased use of parole. The Youth Authority may refuse new commitments if facilities are not available pursuant to Section 1731.5 of the Welfare and Institutions Code. This prevents overcrowding in the institutions, although prevention of a backlog of boys and girls in county jails awaiting admission to Youth Authority facilities after acceptance by the Youth Authority is a constant problem.

The major part of the capital outlay program for the 1955-56 Fiscal Year is the replacement of dormitories and other buildings at Fred C. Nelles School for Boys which have been damaged by earthquakes and are unsafe for occupancy. Some additional capacity is made available by replacing these dormitories and by remodeling the admissions building. A 20-bed segregation unit is included for Fricot Ranch School for Boys. Projects for Preston School of Industry to provide additional academic school capacity and dining room alterations to allow two-shift feeding for the increased population at this facility are included in the 1955-56 Budget.

The continued use of Ventura School for Girls during the planning and construction of the new institution will require emergency repairs and temporary rehabilitation together with several temporary classrooms. Funds for this purpose are included in this budget.

A 40-bed restricted-detention unit now under construction at Paso Robles School for Boys will be completed in the 1955-56 Fiscal Year, replacing a 30-bed temporary unit. The permanent capacity at Los Guilucos School for Girls will be completed in May, 1955.

The Youth Training School will be located on a portion of the property now occupied by the Institution for Men, Chino. Preparation of working drawings are included in a 1954-55 year appropriation.

SUMMARY OF POPULATION AND CAPACITIES AT END OF YEAR (JUNE 30)

FACILITY	ACTUAL 1953-54	1954-55	1955-56	1956-57	1957-58	1958-59	1959-60

1	Northern California Reception Center and Clinic			
2				
3				
4	Analysis			
5				
6	This institution is located on a 17-acre site approximately seven miles east of Sacramento, near Perkins. This facility receives all			
7	boys and girls from Northern California. The major purpose of this facility is to centralize intake and to make diagnostic studies			
8	and training recommendations on each case. Intensive medical, dental, psychological, and psychiatric treatment are given. Serious			
9	medical and psychiatric cases developing in the schools are also treated.			
10	The new institution was completed in the 1953-54 Fiscal Year with a capacity of 141 dormitory beds and 25 hospital and detention			
11	beds.

19	Budget Act of 1955 Proposal			
20				
21	This will be a two-story building with a 20-boy segregation unit			
22	on the first floor and the administrative offices and custodial			
23	control center on the second floor. There is no segregation			
24	unit now provided at this institution. The administrative			
25	offices will be moved from their present location to provide			
26	increased space and to relieve the present space for em-			
27	ployees' rooms. The building will be attached to the hospital-			
28	infirmary unit to allow some combined staffing in the			
29	latter unit.			
30				
31	Duplex for Employee Housing:			
32	Construction -----	-	-	\$24,950
33	Equipment -----	-	-	1,000
34	Budget Act of 1955 Proposal			
35				
36	This duplex will provide housing for two employees and their			
37	families in lieu of individual residences. This institution is			
38	located in a mountainous region where housing for employees			
39	is difficult to obtain, resulting in recruitment and turnover			
40	problems.			
41				
42	Seal two reservoirs to prevent leakage-----	-	-	\$25,000
43	Budget Act of 1952, Item 314			
44				
45	Replace ditch with pipeline-----	-	-	50,000
46	Budget Act of 1952, Item 314 (\$25,000)			
47	Budget Act of 1953, Item 302 (\$25,000)

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56
1				
2				
3				
4				
5	Fred C. Nelles School for Boys was constructed in 1890 at Whittier, California. School buildings are of brick construction with a			
6	normal capacity of 323 excluding the hospital and detention units with a capacity of 37. The buildings are in good condition, except			
7	several buildings damaged by earthquakes which are to be replaced by buildings budgeted in the 1955-56 Fiscal Year.			
8				
9				
10	MAJOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,			
11	AND EQUIPMENT			
12				
13	PROPOSED 1955-56 EXPENDITURES *			
14				
15	Replace and Relocate Two Dormitories and Relocate the Boundary			
16	Fence:			
17	Construction -----	-	-	\$386,100
18	Equipment -----	-	-	16,000
19	Budget Act of 1955 Proposal			
20				
21	This project will replace two 36-boy dormitories, damaged by earth-			
22	quakes, with two 40-boy dormitories located within the security			
23	area. Relocating the boundary fence will create a security area			
24	by excluding the administration building and employee housing			
25	from the dormitory area thus reducing the problems of escape			
26	and unauthorized entry.			
27				
28	Remodel Detention Admissions Unit to Provide a 40-boy Admis-			
29	sions Unit and Custodial Control Center:			
30	Construction -----	-	-	56,900
31	Equipment -----	-	-	15,000
32	Budget Act of 1955 Proposal			
33				
34	The new restricted-detention building will remove the detention			
35	function from this unit thus making it possible to use the first			
36	floor of this building as a 40-boy admissions unit if remodeled			
37	and modernized. The second floor will be converted from em-			
38	ployees living quarters to a custodial-control center, including			
39	the classification and counseling unit, board room, and head			
40	and assistant head group supervisors' offices.			
41				
42	Replace Power House and Trades Building and Rehabilitate			
43	Laundry:			
44	Construction -----	-	-	439,000
45	Equipment -----	-	-	20,000
46	Budget Act of 1955 Proposal			
47				
48	This project will replace the unsafe, earthquake-damaged power-			
49	house and trades buildings, and rehabilitate the laundry so that			
50	it will be safe for occupancy.			
51				
52	Remodel and Re-equip Bakery:			
53	Construction -----	-	-	46,130
54	Equipment -----	-	-	9,500
55	Budget Act of 1955 Proposal			
56				
57	The bakery is to be remodeled and re-equipped to improve the flow			
58	of work, to increase production so that bread may be baked for			
59	the Southern California Reception Center and Clinic, to im-			
60	prove custodial control, and to eliminate sanitation problems.			
61	This project also includes an ice cream room, baker's office,			
62	storerooms, locker rooms, and toilets.			
63				
64				
65				
66				
67	Equip restricted-detention building -----	-	-	11,515
68	Budget Act of 1953, Item 304 -----			\$255,000

1				
2				
3				
4	Preston School of Industry			
5	Preston School of Industry was constructed in 1894 at Ione. A replacement and relocation program has been initiated with seven new			
6	dormitories to be completed by the end of the 1955-56 Fiscal Year bringing the dormitory and segregation capacity to a total of			
7	688 plus 94 hospital and detention beds.			
8	REAL PROPERTY ACQUISITION			
9				
10	PROPOSED 1955-56 EXPENDITURES *			
11				
12	Acquire site for additional reservoir-----	-	-	\$10,000
13	<i>Budget Act of 1955 Proposal</i>			
14				
15	An additional reservoir is required to provide sufficient water sup-			
16	ply for irrigation, flushing, and fire protection. The water			
17	supply from a nearby creek has diminished due to discontinu-			
18	ance of mining operations. In addition, the water supply from			
19	an existing reservoir has diminished due to silting.			
20				
21				
22	MAJOR CONSTRUCTION, IMPROVEMENTS,			
23	AND EQUIPMENT			
24				
25	PROPOSED 1955-56 EXPENDITURES *			
26				
27	Academic School Addition for Increased Population:			
28	Construction-----	-	-	316,100
29	Equipment-----	-	-	25,500
30	<i>Budget Act of 1955 Proposal</i>			
31				
32	An addition to the school building is necessary to provide an edu-			
33	cational program for the increased population at this institu-			
34	tion. This project includes nine classrooms, library, conversion			
35	of the existing library into a classroom, school administrative			
36	offices, and storage and work rooms.			
37				
38	Remodel and Re-equip Dining Room for Two-shift Feeding:			
39	Construction-----	-	-	53,000
40	Equipment-----	-	-	2,000
41	<i>Budget Act of 1955 Proposal</i>			
42				
43	The existing dining room can seat 600 wards at the same time;			
44	however, for custodial and control reasons it is inadvisable to			
45	feed more than 200 wards in one room at once. In order to			
46	feed the entire population in two shifts, it is necessary to			
47	remodel and re-equip the dining room to provide two 200-seat			
48	dining rooms.			
49				
50	Equip control and guidance center			
51	(partial administration building			
52	replacement)-----	-	-	7,200
53	<i>Budget Act of 1954, Item 301</i>			
54				
55	Equip bakery addition to kitchen-----	-	-	15,000
56	<i>Budget Act of 1953, Item 307</i>			
57				
58	Equip replaced commissary building-----	-	-	2,500
59	<i>Budget Act of 1953, Item 307</i>			
60				
61	Equip replaced vocational trades build-			
62	ing-----	-	-	20,000
63	<i>Budget Act of 1953, Item 307</i>			
64				
65	Equip two dormitories-----	-	-	30,000
66	<i>Budget Act of 1953, Item 307</i>

5	Los Guilucos School for Girls			
6	Los Guilucos School for Girls is located near Santa Rosa. The school property includes 420 acres. The building area occupies approxi-			
7	mately 40 acres. At the completion of the building program the total capacity will be 277 beds, including 44 hospital and			
8	detention beds. The new school is of reinforced concrete construction with radiant heating either in floor slabs or in the walls.			
9	All buildings are of one-story construction. Three dormitories are scheduled for completion in the 1954-55 Fiscal Year to bring the			
10	school to total capacity. At the time the new dormitories are placed in operation the capacity in existing dormitories will be			
11	reduced.

CAPITAL OUTLAY EXPENDITURES			ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56
Ventura School for Girls					
This institution is located near Ventura in Ventura County. The present school was constructed in 1916 on hillside terrain. Present facilities are of a two-story cottage type, each cottage containing its own kitchen, dining room and living area. Dormitories are located on the second story and consist of two 15-girl dormitories in each cottage making supervision difficult and expensive. The present plan is to construct a new institution on a level site acquired in the 1952-53 Fiscal Year.					
REAL PROPERTY ACQUISITION					
ESTIMATED 1953-54 AND 1954-55 EXPENDITURES *					
	<i>Source of funds</i>				
	<i>1953-54</i>	<i>1954-55</i>

DEPARTMENT OF EDUCATION

GENERAL ANALYSIS

State Colleges: There are, at present, 11 established state colleges and technical schools, six of which are operating in permanent quarters which were built to handle enrollments experienced prior to World War II. The California State Polytechnic College, with campuses at San Luis Obispo and San Dimas, and the California Maritime Academy at Vallejo, are also on permanent sites but occupying principally temporary structures. Three new colleges have been established during the past seven years, one of which is still operating in rented facilities in Los Angeles, while the other two are operating new campuses in Long Beach and Sacramento.

A major portion of the capital outlay funds appropriated since 1946 for educational purposes has been used to construct portions of four new college campuses in San Francisco, Fresno, Long Beach, and Sacramento. Long Beach State College has been operating in temporary structures pending completion of permanent buildings in 1955-56. Sacramento has already occupied 10 permanent buildings, with two special purpose buildings available for the 1955 school year to complete its initial increment. San Francisco State College has moved completely to its new campus for the 1954 fall semester and will have capacity enrollments for the 1955-56 year. Fresno State College has also received appropriations for an initial complement of buildings at its new site, but will not occupy them completely until 1956-57.

Despite gains made by extensive new construction, the colleges are rapidly becoming more overcrowded, due to unexpectedly large enrollment growth since 1945, plus the predicted upswing being felt for the first time during the current year. In 1939-40, the highest prewar enrollment of the state college system was 10,376 students, while regular day enrollments for the current 1954-55 school year are 31,502 full-time equivalent students. Enrollment projections for building program purposes indicate a comparable full-time equivalent regular student attendance of 46,600 in 1958-59, and 54,700 in 1960-61.

The 1955-56 capital outlay program for the colleges is designed primarily to assure sufficient housing and instructional areas for fall semester, 1958 needs. By lengthening of the day and evening programs, and adjusting classrooms to actual sizes of classes called for under faculty staffing standards, maximum use of existing plant is anticipated before additional classrooms are planned. Certain auxiliary areas must also be provided to permit longer operation of existing plant. By applying these principles and needs to the colleges, a total capital outlay program for 1955-56 of \$18,932,572 is budgeted to provide classrooms and laboratories at all colleges, four cafeterias where new campuses and extended day programs require them, gymnasiums to meet enrollment needs at three schools, and various auxiliary structures for instructional needs. In addition \$2,150,000 is proposed to augment existing funds to provide immediate temporary facilities at two new campus sites for Los Angeles State College to relieve overcrowding at the present rented quarters.

Special Schools: At present, residence schools for the deaf and blind exist at Berkeley, both housed in recently expanded or modernized quarters. A new school for the deaf at Riverside began operations with 50 students in February, 1953. During the current year it is operating at 225 students, its present capacity. With the completion of the second unit which is now under construction, its enrollment will increase to 335 pupils in 1955-56. Residential schools for cerebral palsied children have been established in temporary rented quarters in both Northern and Southern California. The northern school will move to its new permanent home on the San Francisco State College campus during 1954-55. In addition, one residential orientation center for intensive training of the blind, and three nonresidential sheltered workshops for the blind are operated in permanent quarters in Los Angeles, Oakland, and San Diego. The shops in San Diego and Oakland are housed in older structures, while the Los Angeles shop is in quarters recently acquired by the State.

During the 1955-56 Fiscal Year, the only major plant additions are planned at the School for the Blind and at the School for the Deaf, Riverside. A new kitchen-dining hall and the conversion of existing kitchens and dining rooms into dormitories are planned at the blind school in order to provide additional capacity for 30 more residential students. Provision is also made in the budget of the Riverside deaf school for sufficient classroom and dormitory space to provide for a total of 500 resident and nonresident students. This will complete the major construction program at the Riverside school as originally contemplated.

The following table outlines actual enrollments in the several state colleges and special schools for the 1953-54 and 1954-55 Fiscal Years, and estimated fall semester enrollments for 1955-56 through 1959-60:

Chico State College

This college was established in 1889 and provides courses in teacher training, general education and training in industrial arts. The campus covers approximately 86 acres and includes the following permanent buildings: administration and classroom; library; music, science, and speech building; laboratory school and a gymnasium.

A classroom and laboratory building and a cafeteria are proposed in the budget year and a new women's gymnasium with men's and women's locker rooms is scheduled for completion April, 1956.

REAL PROPERTY ACQUISITION

ESTIMATED 1953-54 AND 1954-55 EXPENDITURES *

Source of funds	
1953-54	1954-55

Purchase site containing central school buildings and residences	—	\$22,677	—
Budget Act of 1949, Item 297	\$20,177		
Chapter 1413, Statutes of 1947	2,500		

MAJOR CONSTRUCTION, IMPROVEMENTS, AND EQUIPMENT

PROPOSED 1955-56 EXPENDITURES *

Construct cafeteria	—	—	\$393,000
Equip cafeteria	—	—	25,000
Budget Act of 1955 Proposal			

To provide for a cafeteria and a snack bar sufficient to feed 160 students and 50 faculty members at one time, and estimated to meet enrollment needs through the 1959 school year.

Construct industrial arts building	—	—	742,500
Budget Act of 1955 Proposal			

This will provide permanent and adequate facilities for the industrial arts program, in which it is anticipated that there will be 180 majors by 1958-59. The building will contain seven laboratories and one lecture room with a total of 230 student stations to serve shop needs for auto mechanics, electricity and radio, drafting, hydraulics, and crafts.

1	Fresno State College			
2				
3				
4				
5	This college was established in 1911. Development of a new 766-acre campus outside the City of Fresno includes the following per-			
6	manent facilities: laboratory school, gymnasium, library, music building, administration building, industrial arts building,			
7	education building, corporation yard, and agriculture units. The campus is partially occupied and further moves from the ol-			
8	campus are expected to occur in 1955-56. However, the old campus cannot be completely abandoned until the following pro-			
9	posed buildings for 1955-56 are constructed. The final move should then occur by fall, 1958.

5	Humboldt State College offers four-year programs in teacher education, liberal arts, wildlife management and selected two-year vocational training.			
6	Established in 1914, the campus now includes 75 acres and has eight permanent buildings including the main building, laboratory school, industrial arts building, gymnasium, women's dormitory, corporation building, library and a science building. A wildlife management classroom building and a fisheries building, raceways and ponds are now under construction.

47				
48	Construct wildlife facilities addition-----	-	-	\$62,900
49	Budget Act of 1955 Proposal			
50				
51	To provide funds for completion of wildlife management facilities. The added facilities will include a fur shed, bird pens, deer run, brooder building, and fencing and walks.			
52				
53				
54				
55	Construct music, art, home economics classroom building-----	-	-	848,400
56	Budget Act of 1955 Proposal			
57				
58	To provide funds for permanent classroom space for the music, art, and home economic programs now inadequately housed in old dwellings, a garage, war surplus Butler buildings, rented facilities, and in space usurped from other instructional programs. The total of 34,663 square feet is nearly equally divided between the three programs and will provide for 245 lecture student stations and 328 laboratory stations.			
59

3				
4	Long Beach State College			
5	This college was established in 1948 as an upper division liberal arts college, and moved in the fall of 1951 to a permanent 320-acre campus site donated by the City of Long Beach. Temporary facilities were constructed to accommodate initial enrollment. Beginning in the fall of 1953, the college was authorized to offer lower division courses.			
6	The following permanent buildings are under construction or financed: fine arts and little theater, classroom, library, cafeteria, science, gymnasium, and administration.			
7				
8

11	MAJOR CONSTRUCTION, IMPROVEMENTS, AND EQUIPMENT			
12				
13	PROPOSED 1955-56 EXPENDITURES *			
14				
15				
16	Site development -----	-	-	\$47,000
17	<i>Budget Act of 1955 Proposal</i>			
18				
19	To replace funds allocated from original site development project in order to cover a portion (200 feet) of a storm sewer bisecting the campus. The local flood control district is financing the project of lining the sewer in the current year and has agreed to include the storm sewer cover in the construction contract if the State would finance it. A considerable amount of site development work consisting of sidewalks, grading, storm drainage, crosswalks, sprinklers and parking lots remain to be accomplished and will require replacement of these funds.

27				
28				
29				
30	Construct faculty office building-----	-	-	282,000
31	Equip faculty office building-----	-	-	20,000
32	<i>Budget Act of 1955 Proposal</i>			
33				
34	To construct and equip a third wing of a classroom building to house offices for 74 faculty members. The first two wings consist entirely of lecture rooms and laboratories and are already either constructed or financed.			
35				
36				
37				
38				
39	Construct music building-----	-	-	548,000
40	Equip music building-----	-	-	100,000
41	<i>Budget Act of 1955 Proposal</i>			
42				
43	To construct and equip a music building to consist of instrumental and choral rehearsal rooms, 35 instrumental practice rooms, classrooms and laboratories for 579 student stations, and offices for 20 faculty members. As music instruction requires a special purpose building such as this, the present music instructional program is almost nonexistent since the temporary buildings now used are impracticable to soundproof and otherwise adapt to music practice.

5	This college was established in 1947, and moved to its new 265-acre site in 1953. The following permanent buildings are available:			
6	administration, library, science, general classroom, cafeteria, and boiler plant. In addition, the men's gymnasium, music-speech			
7	commercial and general classroom, home economics and fine arts buildings will be completed for the fall, 1955 semester. Twelve			
8	temporary units are used as classrooms and laboratories, including the outdoor theater and physical education units.			
9	An enrollment of 2,400 full-time equivalent students is anticipated for 1955-56.

DEPARTMENT OF EDUCATION—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56	
1	San Diego State College				
2					
3	The college was established in 1899 and moved to the present site in 1931. The campus covers approximately 250 acres. Courses in				
4	general education, teacher training, industrial arts and vocational education are offered.				
5	Master planning for future enrollments, which will double by 1960, is complicated by virtue of the site upon which the college is				
6	located. The campus is broken up and surrounded by arroyos, or small canyons. The result is little room for building expansion				
7	and difficulty of access to the various parts of the campus. The 1955-56 budget proposals are strongly influenced by these				
8	conditions.				
9					
10					
11	MAJOR CONSTRUCTION, IMPROVEMENTS,				
12	AND EQUIPMENT				
13					
14	PROPOSED 1955-56 EXPENDITURES *				
15					
16	Site development -----	-	-	\$287,800	
17	Budget Act of 1955 Proposal				
18					
19	To provide funds to widen and level a promontory to clear a location				
20	for three classroom buildings to be constructed, including				
21	one already financed and two proposed herein. The earth that				
22	is removed will be used to build a causeway across an arroyo.				
23					
24	Construct classroom building No. 2 -----	-	-	736,700	
25	Budget Act of 1955 Proposal				
26					
27	To provide funds to construct a classroom building to house expanding				
28	enrollments in the instructional divisions of English,				
29	foreign languages, and journalism. The 18 lecture rooms and				
30	four laboratories will provide 713 student stations. Offices for				
31	38 faculty members are also included.				
32					
33	Construct cafeteria -----	-	-	690,400	
34	Budget Act of 1955 Proposal				
35					
36	To provide funds to construct a cafeteria to accommodate all future				
37	enrollments through 1959-60. The present temporary cafeteria				
38	seats only one quarter of the projected needed capacity. Moreover,				
39	its location creates a fire hazard in that it closes the				
40	quadrangle to fire truck access. The campus is remote from				
41	all commercial eating establishments.				
42					
43	Construct classroom building No. 3 -----	-	-	1,147,300	
44	Budget Act of 1955 Proposal				
45					
46	To provide funds to construct a classroom building to house expanding				
47	enrollments in the instructional divisions of anthropology,				
48	economics, history, political science, public administration,				
49	geography, sociology, and philosophy. The 27 lecture				
50	rooms and seven laboratories will provide 1,760 student stations.				
51	Offices for 91 faculty members are also included.				
52					
53	ESTIMATED 1953-54 AND 1954-55 EXPENDITURES *				
54					
55		Source of funds			
56		1953-54	1954-55

DEPARTMENT OF EDUCATION—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56
1	San Jose State College			
2				
3				
4				
5	This college, established in 1870, offers courses in general education and teacher training to approximately 7,400 full-time equivalent			
6	students. Most buildings are permanent in nature except for a few temporary classrooms and some old converted houses which			
7	are to be replaced as new buildings are developed. The 107-acre campus is split between the main downtown campus and the			
8	stadium and playfield areas.			
9	Although existing buildings offer little room for expansion from 1955 enrollments, a new science addition and a large general class-			
10	room building already funded should be occupied during the 1956 school year, thereby accommodating the additional student			
11	load anticipated for the next three years.			
12				
13	REAL PROPERTY ACQUISITION			
14				
15	ESTIMATED 1953-54 AND 1954-55 EXPENDITURES *			
16				
17		<i>Source of funds</i>		
18		<i>1953-54</i>	<i>1954-55</i>	
19	Purchase of site adjacent to campus-----			
20				\$1,477
21	Budget Act of 1952, Item 342-----	\$1,477	\$28,107	
22				
23				
24	MAJOR CONSTRUCTION, IMPROVEMENTS,			
25	AND EQUIPMENT			
26				
27	PROPOSED 1955-56 EXPENDITURES *			
28				
29	Equip science building addition-----			
30	Budget Act of 1955 Proposal-----			\$500,000
31				
32	For instructional equipment for science laboratories in the new			
33	science building addition which should be occupied during			
34	1956. Principal items required are microscopes, balances, auto-			
35	claves, centrifuges, various demonstration models, and general			
36	laboratory equipment and supplies needed to operate three			
37	demonstration lecture rooms and 19 teaching laboratories and			
38	to equip faculty members.			
39				
40	Construct administration building-----			
41	Budget Act of 1955 Proposal-----			847,500
42				
43	For an office building for college administrators, student personnel,			
44	and business functions sufficient to house all administrative			
45	needs for a projected enrollment of 12,000 students. At pres-			
46	ent, these functions are crowded in an old classroom build-			
47	ing, and cannot be expanded beyond existing needs. Upon			
48	completion of the new office building, nine rooms will be re-			
49	turned to urgently needed classroom use.			
50				
51	ESTIMATED 1953-54 AND 1954-55 EXPENDITURES *

DEPARTMENT OF EDUCATION—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56	
1	California State Polytechnic College				
2					
3	Established in 1901, this college, located on 3,216 acres at San Luis Obispo, provides agricultural and vocational education, supple-				
4	mented by a liberal arts program. Except for permanent administration, library, auditorium, power plant, agricultural mechanics,				
5	and science buildings, all structures are of temporary farm-type construction. Development of the master plan for this campus				
6	requires the relocation and replacement of many such buildings as each permanent building area develops. The next area of devel-				
7	opment is planned to be the engineering building, with site development and construction funds provided in the 1955-56 Fiscal				
8	Year Budget.				
9	The Southern California campuses are maintained near San Dimas. The Voorhis Unit specializes in citriculture, ornamental horti-				
0	culture, and related subjects, with frame and stucco classrooms and dormitories and temporary farm-type structures occupying				
1	its 150 acres. The Kellogg Unit consists of 812 acres received as a restricted gift in 1952, subject to development of an instruc-				
2	tional area thereon by 1957. To fulfill this condition, a \$2,000,000 science (and general classroom) building has been appropriated,				
3	and a gymnasium, a cafeteria, and some agricultural instructional units are budgeted in the 1955-56 Fiscal Year.				
4

7	AND EQUIPMENT				
8					
9	PROPOSED 1955-56 EXPENDITURES *				
0					
1	San Luis Obispo Campus:				
2	Construct engineering building-----	-	-	\$1,556,075	
3	<i>Budget Act of 1955 Proposal</i>				
4					
5	For construction of an engineering building to house facilities				
6	for electrical, electronic, and mechanical engineering class-				
7	rooms and laboratories, and 20 faculty offices. This division				
8	is now located in inadequate or condemned quarters. The				
9	building will provide 298 lecture and 354 laboratory student				
0	stations.				
1					
2	Site development for engineering building area-----	-	-	450,000	
3	<i>Budget Act of 1955 Proposal</i>				
4					
5	For site clearance and relocation of several temporary instruc-				
6	tional units now occupying the area upon which the engi-				
7	neering building must be constructed. Five frame buildings				
8	and six sheds are to be demolished, the firehouse and seven				
9	temporary buildings will be moved to the future corporation				
0	yard area, the strength of materials lab and the welding				
1	shop will be relocated in existing buildings, and the aero				
2	engines lab must be replaced with a permanent structure				
3	at the hangar.				
4					
5	Kellogg-Voorhis Campus:				
6	Construct physical education facilities-----	-	-	703,700	
7	<i>Budget Act of 1955 Proposal</i>				
8					
9	For construction of a men's gymnasium and minimum outdoor				
0	facilities for an enrollment of 3,000 students. The gym-				
1	nasium will contain a large basketball court and two cross				
2	courts, lockers and showers, a multipurpose corrective room,				
3	and a classroom and offices. Approximately 10 acres of out-				
4	door athletic areas is included.

1	California Maritime Academy			
2				
3				
4				
5	This school, located at Vallejo, will have an average enrollment of 150 students in 1955-56. Permanent facilities at this campus consist of a gymnasium and pool, with a new classroom building and a new mess hall with a kitchen scheduled for completion January, 1955. All other facilities are temporary structures. Additional dormitory space is obtained by using berthing quarters on the training ship, <i>Golden Bear</i> .

UNIVERSITY OF CALIFORNIA

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56	
------	-----------------------------	-------------------	----------------------	---------------------	--

1
2 **Analysis**
3
4 The proposed capital outlay program of the University of California for 1955-56 is the first step in a long range program designed
5 to meet the needs of the ever increasing enrollments and to continue to meet the demands of research and graduate instruction.
6 The table below illustrates the magnitude of the enrollment growth for the various campuses of the University. Estimated full-time
7 enrollments for the fall semesters of 1953 through 1960 are shown for each campus with the exception of La Jolla and Mt.
8 Hamilton which are research stations rather than teaching campuses.
9 For capital outlay purposes full-time enrollments (undergraduate students carrying 12 units or more and regularly enrolled grad-
10 uate students) more nearly reflect the building needs and are used in the table. For estimating the needs for support purposes
11 an average of the enrollments in both fall and spring regular sessions more nearly reflects requirements.
12

ACTUAL AND ESTIMATED FULL-TIME ENROLLMENTS

CAMPUS	ACTUAL		ESTIMATED					
	1953	1954	1955	1956	1957	1958	1959	1960
Berkeley -----	15,087	15,700	16,100	16,600	17,100	17,600	18,000	18,500
Davis -----	1,265	1,400	1,400	1,500	1,500	1,600	1,600	1,700
Los Angeles -----	13,300	13,700	14,500	15,300	16,100	16,900	17,700	18,500
Riverside -----	-	500	700	800	1,000	1,100	1,300	1,400
San Francisco -----	1,191	1,600	1,800	1,900	2,000	2,100	2,200	2,300
Santa Barbara -----	1,567	1,700	1,700	1,700	1,800	1,800	1,800	1,800
Total -----	32,410	34,600	36,200	37,800	39,500	41,100	42,600	44,200

28 All teaching campuses are affected by this anticipated growth and the needs of each one have been carefully considered in its rela-
29 tionship to the needs of all others and the needs of the University compared to the needs of other state agencies.
30

31 **REAL PROPERTY ACQUISITION**

32 **PROPOSED 1955-56 EXPENDITURES ***

33 State-wide:			
34 Purchase land for state-wide office building -----	-	-	\$400,000
35 <i>Continuing appropriation, Fair and Exposition Fund</i>			
36 To provide funds to acquire land in Berkeley on which will be			
37 built an office building to house state-wide administrative			
38 offices releasing building and land areas in the central			
39 campus for educational functions.			
40			
41 Berkeley:			
42 Purchase land for service buildings -----	-	-	175,000
43 <i>Continuing appropriation, Fair and Exposition Fund</i>			
44 To provide funds to purchase land away from the high-cost			
45 restricted zoning area of the central campus on which to			
46 construct service buildings.			
47			
48 Purchase of land for physical education -----	-	-	325,000
49 <i>Continuing appropriation, Fair and Exposition Fund</i>			
50 To provide funds to purchase land to replace land from which			
51 instructional tennis courts must be removed to make way			
52 for funded Social Science and Art Building Unit No. 1.			

53 **ESTIMATED 1953-54 AND 1954-55 EXPENDITURES ***

	Source of funds		
	1953-54	1954-55	
54 South Coast Field Station:			
55 Purchase of land to establish South			
56 Coast Field Station -----			\$400,000
57 <i>Continuing appropriation, Fair and</i>			\$65,000
58 <i>Exposition Fund</i> -----	\$400,000	\$65,000	
59			
60 TOTAL EXPENDITURES (Real Property) (<i>Fair and</i>			
61 <i>Exposition Fund</i>) -----	\$400,000	\$65,000	\$900,000

62 **MAJOR CONSTRUCTION, IMPROVEMENTS,**

63 **AND EQUIPMENT**

64 **PROPOSED 1955-56 EXPENDITURES ***

65 State-wide:			
66 Preliminary plans -----	-	-	\$100,000
67 <i>Budget Act of 1955 Proposal</i>			
68 To provide funds for the preparation of preliminary plans and			
69 cost estimates for university-wide nonagricultural construc-			
70 tion projects for inclusion in the 1956-57 Governor's Budget.			
71 Funds for preliminary plans in prior years are shown below.

4				
5	PROPOSED 1955-56 EXPENDITURES *			
6				
7	Working drawings for an office building in Berkeley-----	-	-	\$180,000
8	<i>Budget Act of 1955 Proposal (\$145,000)</i>			
9	<i>Continuing appropriation, Fair and Exposition Fund (\$35,000)</i>			
10	To provide funds to prepare working drawings for an office building in Berkeley for state-wide administrative activities, to			
11	release central land and building areas for primary educational functions.			
12				
13				
14				
15	Berkeley Campus:			
16	Physical science and mathematics—statistics unit-----	-	-	1,270,000
17	<i>Budget Act of 1955 Proposal</i>			
18	To provide funds for the preparation of working drawings and			
19	construction of classrooms, laboratories, offices, and statistical laboratory for the astronomy and mathematics departments which are now housed in antiquated and inadequate			
20	quarters.			
21				
22				
23				
24	Davis Campus:			
25	Biological Sciences Unit No. 1-----	-	-	110,000
26	<i>Continuing appropriation, Fair and Exposition Fund</i>			
27	Construct classrooms, laboratories, and faculty offices for botany			
28	and entomology departments, plus general classrooms for			
29	other departments which will release present classrooms to			
30	the College of Letters and Science.			
31				
32	La Jolla Campus:			
33	Salt water supply and experimental tanks-----	-	-	150,000
34	<i>Budget Act of 1955 Proposal</i>			
35	To provide funds to construct salt water supply and experimental			
36	tanks for research on large or fast-swimming fish, testing of			
37	seagoing equipment, and experimental hydrodynamics which			
38	presently have to be done at sea at a greater cost.			
39				
40	Los Angeles Campus:			
41	Library stack addition-----	-	-	750,000
42	<i>Budget Act of 1955 Proposal</i>			
43	To provide funds to expand library stacks to accommodate volumes presently owned or scheduled for acquisition within			
44	four years after completion of structure.			
45				
46				
47	Life sciences graduate instruction and research, Unit No. 1-----	-	-	1,495,000
48	<i>Budget Act of 1955 Proposal</i>			
49	To provide funds to construct permanent unit of laboratory facilities for graduate instruction and research in the life sciences,			
50	including animal quarters requisite thereto, to meet anticipated large enrollments.			
51				
52				
53				
54	Engineering, physical sciences—Unit No. 2-----	-	-	3,300,000
55	<i>Budget Act of 1955 Proposal</i>			
56	To provide funds to construct additional classrooms, laboratories,			
57	and faculty offices for physical sciences and engineering, and			
58	general classrooms for other departments to meet estimated			
59	enrollments and to move valuable equipment from temporary to permanent fireproof buildings.			
60				
61				
62	Mount Hamilton:			
63	Purchase initial complement of equipment for 120-inch telescope	-	-	41,000
64	<i>Budget Act of 1955 Proposal</i>			
65	This is the third and last increment of a planned program to			
66	furnish initial complements of equipment and supplies and			
67	install electrical controls necessary to operate the new 120-			
68	inch telescope. Increments furnished in previous years are			
69	shown below.			
70				
71	Riverside Campus:			
72	Roads, walks, and physical education field facilities (letters			
73	and sciences)-----	-	-	150,000
74	<i>Budget Act of 1955 Proposal</i>			
75	To provide funds to construct additional roads and walks in			
76	area of new college of letters and sciences, and develop minimum physical education fields to take care of anticipated			
77	increased enrollments.			
78				
79

4	PROPOSED 1955-56 EXPENDITURES *			
6	Riverside Campus—Continued			
7	Life sciences building addition for letters and sciences and citrus experiment station -----	-	-	\$40,000
10	<i>Continuing appropriation, Fair and Exposition Fund</i>			
11	To provide funds for the preparation of plans and the construc- tion of research laboratories and offices for the citrus experi- ment station, teaching laboratories for college of letters and sciences and a lecture hall for use of both station and college needed because of increased enrollments in the college of letters and sciences.			
17	Greenhouse and headhouse for air pollution research (citrus ex- periment station) -----	-	-	75,000
20	<i>Continuing appropriation, Fair and Exposition Fund</i>			
21	Construct greenhouse and headhouse for propagation of experi- mental plant materials used in fumigation chambers for air pollution research.			
25	Connection of wells to domestic water system -----	-	-	75,000
26	<i>Continuing appropriation, Fair and Exposition Fund</i>			
27	To provide funds for development of additional domestic water supply needed because of increased campus population and increased areas under irrigation.			
31	Greenhouses and headhouses for citrus experiment station -----	-	-	175,000
32	<i>Continuing appropriation, Fair and Exposition Fund</i>			
33	Construct additional greenhouse and headhouse facilities for the citrus experiment station departments of irrigation and soils, soil and plant nutrition, biochemistry, horticulture, and nematology.			
38	San Francisco Campus:			
39	Complete 13th floor—H. C. Moffitt Hospital -----	-	-	450,000
40	<i>Budget Act of 1955 Proposal</i>			
41	To provide funds to develop an unfinished floor in new hospital into research facilities, patient care facilities, and ad- ministrative and clerical facilities for research in diseases and disorders of human cardiovascular system which are now the No. 1 cause of death and chronic disability in California and the Nation.			
47	Utilities, roads, and parking -----	-	-	170,000
48	<i>Budget Act of 1955 Proposal</i>			
49	To provide funds to expand utilities, roads, and parking re- lated to major construction now under way or soon to be undertaken.			
53	Santa Barbara Campus:			
54	Utilities, roads, and walks -----	-	-	300,000
55	<i>Budget Act of 1955 Proposal</i>			
56	To provide funds for the construction of additional roads and walks and to extend utilities on the campus to areas to be occupied by buildings funded or proposed.			
60	Field Stations:			
61	Hopland Field Station—three residences -----	-	-	30,000
62	<i>Continuing appropriation, Fair and Exposition Fund</i>			
63	Construct three residences for laborers at the Hopland Field Station because of lack of housing in the immediate vicinity.			
66	ESTIMATED 1953-54 AND 1954-55 EXPENDITURES *			
68	<i>Source of funds</i>			
69	<u>1953-54</u> <u>1954-55</u>

42				
43	MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS, AND EQUIPMENT			
44				
45				
46	Expenditures From Budget Act Appropriation:			
47	Berkeley Campus:			
48	Replace interior water lines and improve plumbing in Haviland Hall, Doe Library, Giannini Hall, and Wheeler Hall -----	-	-	\$78,000
49	Convert rooms 153 and 153A in Hearst (Women's) Gymnasium to shower and locker space for men students in coeduca- tional physical education courses -----	-	-	9,000
50	Remodel lecture room (209) in Bacon Hall, increasing seat- ing density and converting released space into laboratory and three offices -----	-	-	19,500
51	Rehabilitate fume hoods in various buildings -----	-	-	50,000
52	Remodel rooms in Life Sciences Building for zoology research Develop and pave area east of engineering building -----	-	\$12,500	-
53	Remodel areas in Life Sciences Building, vacated by depart- ments moving to new buildings -----	-	19,000	-
54	Alter and repair lecture room, exhibition space and offices in architecture building -----	-	20,000	-
55	Alter rooms in Bacon Hall to increase capacity for graduate instruction in geology -----	-	29,000	-
56	Doe Library—replace two stack elevators -----	\$40,000	9,000	-
57	Hearst Mining Building—roof repairs -----	25,000	-	-
58	Hearst Mining Building—exterior repairs -----	20,000	-	-
59	Radiation Laboratory—sprinkler system -----	12,500	-	-
60	Various buildings—replace interior water lines and modernize plumbing -----	50,000	-	-
61	Chemistry group—repairs and renovation -----	20,000	-	-
62	Cowell Memorial Hospital—repair elevator -----	25,000	-	-
63	Various buildings—replace interior lighting -----	50,000	-	-
64				
65	La Jolla Campus:			
66	Increase capacity of electrical distribution system -----	-	-	5,000
67	Remodel museum basement -----	-	-	5,000
68	Install street lights—step 1 -----	-	-	15,000
69	Construct Quonset-type storage building and protective fence to reduce losses from vandalism -----	-	20,000	-
70	Improvement of Mission Bay property—construct small boat landing, boat house, and field laboratory; install fence, develop roads, walks, paths -----	-	10,000	-
71	Replace 12 piles on pier -----	6,000	-	-

* From Capital Outlay and Savings Fund unless otherwise indicated.

5				
6	La Jolla Campus—Continued			
7	Storage vault for deep sea sediment cores-----	\$8,500	-	-
8	Roads, paths, walks—step 2-----	20,000	-	-
9	Fire escapes—Ritter Hall and Library-----	10,000	-	-
10				
11	Los Angeles Campus:			
12	Purchase and install pressure-reducing valve on main campus water supply line on Hilgard Avenue-----	-	-	\$6,000
13	Replace elevator in Haines Hall-----	-	-	25,000
14	Enlarge vented area of Royce Hall stage to meet requirements of State Fire Marshal-----	-	-	2,000
15	Improve ventilation in laboratories and faculty offices in chemistry and geology building-----	-	-	29,000
16	Remodel temporary building T-3 for school of public health-----	-	-	12,000
17	Improve electrical distribution system to Kerckhoff Hall and men's gymnasium by increasing transformer capacity and replacing old, deteriorated electric cable-----	-	\$58,750	-
18	Continue general improvement program by installing acoustical tile in certain areas in engineering building, physics-bi- ology building, Royce Hall, education building, men's gym- nasium, women's gymnasium, and social sciences building-----	-	8,000	-
19	Improve ventilation in public toilets in main library-----	-	4,500	-
20	Replace deteriorated ceramic drain lines in north wing of physics-biology building with cast-iron pipe-----	-	35,000	-
21	Construct and equip temporary classroom to house additional sixth grade class in University Elementary School-----	-	18,000	-
22	Initial complement of equipment and supplies for social sciences building-----	20,000	-	-
23	General—acoustic tile—various buildings, step 3-----	8,000	-	-
24	General—refrigerated drinking fountains—various buildings, step 2-----	5,000	-	-
25	General—floor covering—various buildings, step 3-----	16,000	-	-
26	Library—stack ventilation-----	15,000	-	-
27	Business administration and economics building—partitioning of rooms for use by production management-----	5,800	-	-
28	Theater arts—alterations in temporary buildings 3K and 3G for laboratory theater and radio studio-----	8,540	-	-
29	Engineering—steam heat on second floor of temporary engi- neering building No. 2-----	2,000	-	-
30	Engineering—installation of sinks in temporary engineering building 2B and 2C-----	596	-	-
31	Library equipment-----	5,600	-	-
32	Janitorial headquarters and storage area for grounds and buildings department in geology-chemistry building-----	20,000	-	-
33	Engineering—CO ₂ extinguisher system and vapor exhaust fan in mechanics building-----	1,800	-	-
34	Soundproof rifle range-----	500	-	-
35				
36	Mount Hamilton Campus:			
37	Construct residence for increased staff-----	-	-	15,500
38	Enlarge machine shop-----	-	-	9,000
39	Enlarge apartment under schoolhouse-----	-	2,000	-
40	Relight and remodel hall and library in main building-----	-	7,500	-
41	Repair and improve drive mechanism of Crossley Dome-----	-	3,900	-
42	Butane tanks and water heaters to replace coal water heaters-----	1,600	-	-
43	Concrete porch to replace wood porch on Kron residence-----	450	-	-
44	Reroof dormitory and photography building-----	900	-	-
45	Road from Mayall residence to "Oh My" turn-----	500	-	-
46	Regrade and resurface portions of road past Herbig residence and Aitken Annex-----	450	-	-
47				
48	San Francisco Campus:			
49	Replace deteriorated steam service lines on Parnassus Avenue-----	-	-	50,000
50	Repair walls, windows, plumbing, and tilework in nurses' dormitory-----	-	-	21,000
51	Develop 100 parking spaces in Upper Edgewood area and con- struct retaining walls and access stairway or ramp-----	-	-	15,000
52	Replace open-faced unguarded electric switchboard in machine room of U. C. Hospital with enclosed switchboard to eliminate hazards and increase capacity, and install feeder lines to six distribution panels in the building-----	-	45,000	-
53	Repair and improve Cole Hall (classroom-auditorium) to in- crease seating capacity and reduce fire hazards-----	-	15,000	-
54	Replace wiring at 610 Parnassus Avenue (student nurses' dormitory) to provide electrical capacity for proper lighting-----	-	10,000	-
55	Additional transformer bank-----	10,000	-	-
56	Convert wiring and equipment in old buildings to grounded 3-wire electrical service-----	10,000	-	-
57	Replace elevator No. 3, U. C. Hospital-----	45,000	-	-
58	Replace elevator, nurses' dormitory-----	35,000	-	-

1				
2	MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS,			
3	AND EQUIPMENT—Continued			
4				
5	Expenditures From Budget Act Appropriation—Continued			
6				
7	Santa Barbara Campus:			
8	Remodel temporary buildings for six teaching departments to			
9	be relocated because of master plan revision	—	—	\$17,000
10	Convert temporary building to lecture room facilities for basic			
11	physical science courses	—	—	6,500
12	Install gas line and heating equipment for fire station and			
13	corporation yard buildings	—	—	7,500
14	Construct greenhouse, lathhouse, and headhouse on Goleta			
15	Campus	—	\$20,000	—
16	Mosquito control measures	\$17,500	—	—
17	Convert abandoned sewage disposal facilities for laboratory			
18	use in marine biology	20,054	—	—
19	Permanent survey boundary markers and grid control	1,500	—	—
20	Animal shelter	5,000	—	—
21	Landscaping—fast growing shrubs, trees, and grass, step 2	13,500	—	—
22				
23	Expenditures From Continuing Appropriation:			
24				
25	Berkeley Campus:			
26	Purchase and install air filters and temperature controls in			
27	greenhouse range	—	—	8,000
28	Erect greenhouse No. 2 for entomology and parasitology on			
29	Oxford Tract	—	—	20,000
30	Surface outdoor work space for forestry and soils in green-			
31	house range	—	—	10,000
32	Modernize room 204, Agriculture Hall, as teaching laboratory			
33	for entomology and parasitology	—	—	9,500
34	Construct building for bioclimatic chambers on Gill Tract	—	—	16,000
35	Purchase initial equipment for new home economics building	—	20,000	—
36	Purchase and install air filter in greenhouse on Oxford Tract	—	2,800	—
37	Purchase and install temperature and humidity controls in			
38	greenhouse on Gill Tract	—	1,500	—
39	Rehabilitate and expand drainage and irrigation system on			
40	Gill Tract	—	14,500	—
41	Construct utility building on Gill Tract	—	8,600	—
42	Oxford Tract—improve site appearance	20,000	—	—
43				
44	Davis Campus:			
45	Install sanitary facilities, score board, and press box at athletic			
46	field	—	—	20,000
47	Purchase and install controlled soil temperature tanks for			
48	plant pathology	—	—	6,000
49	Purchase and install environmental control (walk-in) com-			
50	partments for plant pathology	—	—	12,000
51	Improve stage and stage lighting in recreation hall	—	—	2,500
52	Renew steam heating coils in Haring Hall	—	—	25,000
53	Purchase and install controlled temperature growth chamber			
54	and construct seed storage house for vegetable crops	—	—	6,500
55	Install fencing for pastures and corrals for animal husbandry	—	—	10,500
56	Construct service building for poultry husbandry	—	—	15,000
57	Grade and surface courtyard in horticulture area	—	—	19,000
58	Purchase equipment for pilot plant in food technology	—	—	20,000
59	Purchase initial equipment for new poultry husbandry building	—	20,000	—
60	Construct and equip rifle range to replace rifle range in			
61	West Hall which is being demolished	—	20,000	—
62	Install new fencing for pastures and corrals of animal			
63	husbandry department	—	7,500	—
64	Repair steam lines and install additional vacuum steam			
65	pump in dairy industry building	—	28,000	—
66	Improve lighting in chemistry building	—	7,500	—
67	Improve airport runways	—	10,000	—
68	Install five growth chambers in agronomy building for the			
69	growing of plants in controlled environments	—	15,000	—
70	Remodel animal husbandry barns on Hopkins Tract to			
71	provide adequate stalls, feed racks, and storage facilities			
72	for feeding experiments	—	19,950	—
73	Library—improve lighting in reading room	8,000	—	—
74	Agricultural engineering building—rehabilitate electrical			
75	system	32,500	—	—
76	Animal science building—rehabilitate electrical system	31,700	—	—
77	Horticulture building—rehabilitate electrical system	17,000	—	—
78	Animal science building—repair psychometric chamber	15,000	—	—
79	Enology building—replace condenser	7,500	—	—
80	Horticulture building—repairs to plumbing	10,000	—	—
81	Enology building—repairs to floors, electric wiring, plumbing,			
82	and steam lines	15,000	—	—
83	Replace distilled water lines in plant sciences building	602	—	—
84	Rehabilitate temporary dormitories	25,000	—	—
85	Fraternity and sorority study	1,500	—	—
86	Campus boundary survey	4,000	—	—

35	Subtropical horticulture area—site improvements	1,885	—	—
36	Ornamental horticulture area—site improvements	8,700	—	—
37	Botany—improvements to laboratory facilities in physics			
38	building	1,250	—	—
39	Botany—construct pollinating house in botanical garden	2,000	—	—
40				
41	Riverside Campus:			
42	Construct metal lathhouse with tool room for use of irrigation			
43	and soils	—	—	6,000
44	Convert stockrooms to laboratories in north wing of chemistry			
45	building	—	—	5,000
46	Construct two small glasshouses for biological control	—	—	3,000
47	Construct irrigation and drainage facilities, field S-6	—	—	20,000
48	Construct additions to greenhouses Nos. 6 and 7	—	—	20,000
49	Construct concrete floor and remodel repair shop in biological			
50	control lathhouse	—	—	1,600
51	Convert desert coolers to more efficient, trouble-free type in			
52	greenhouses Nos. 6 and 7	—	—	4,000
53	Construct soil temperature units for plant pathology, plant bio-			
54	chemistry and soils and plant nutrition	—	9,300	—
55	Convert director's residence to offices for experiment station			
56	personnel	—	10,000	—
57	Construct lathhouse for plant pathology	—	2,000	—
58	Remodel greenhouse No. 4 for plant pathology	—	1,000	—
59	Construct glasshouse for air pollution research	—	6,500	—
60	Construct plant quarantine house	—	10,000	—
61	Increase capacity of main drains on Pennsylvania Avenue			
62	from Gage Canal to Iowa Street, and to south arroyo,			
63	step 1	—	10,500	—
64	Construct metal lathhouses for horticulture	—	1,500	—
65	Construct plant culture equipment for soils and plant nutrition	—	5,000	—
66	Install filtering device to remove algae, debris, etc., to prevent			
67	stoppage of flow of irrigation water in experimental			
68	plots	—	5,000	—
69	Improve insectary by installing vacuum line and connections			
70	in 20 rooms and lathhouse, making ceiling lights and air			
71	ducts flush with ceiling and wall surfaces, resurfacing			
72	walls and ceiling, installing insulating material, and reno-			
73	vating air washer system	—	7,000	—
74	Concrete cubicles for nematode work	3,500	—	—
75	Facility for storage of radioactive materials	3,500	—	—
76	Drainage line in Field S-5, blocks A, B, C, and D	5,000	—	—
77	Increase capacity of drain lines connecting Field 2 with pres-			
78	ent 24-inch drain line and provide for engineer's survey	10,000	—	—
79	Rabbit fence and new irrigation line for Field 17	2,500	—	—
80	Field house in Field 1 for division of orchard management	9,000	—	—
81	Building for soils and plant drying, preparation, and storage;			
82	and alterations in chemistry building	7,500	—	—
83	Four wind machines for frost protection, and power line from			
84	substation	15,000	—	—
85				
86

DEPARTMENT OF MENTAL HYGIENE

GENERAL ANALYSIS

The population of the State is continuing to increase at a rate that necessitates the construction of additional capacity for the mental hospitals. However, in considering the long range building program requirements, the Department of Mental Hygiene recognizes the needs in research, training, and education as well as acute treatment and care for the continuing population growth. In this regard provision is made within this budget for the establishment of a neuropsychiatric institute teaching and research facility in conjunction with the University of California at Los Angeles, as well as an enlargement of facilities at the Langley Porter Clinic in San Francisco. Further data follow:

- a. The NEUROPSYCHIATRIC INSTITUTE at University of California, Los Angeles, will provide 248 beds and include a children's unit, adult unit, neurosurgery (including neurology), and an outpatient facility. In order to properly integrate psychiatry with the rest of the practice of medicine, and to approach an effective preventive program, it is necessary to have a training facility in psychiatry. The integration of psychiatry in the medical curriculum at the University of California, Los Angeles, Medical School will be advanced by the completion of this project at a cost of \$5,700,000.
- b. An addition to the LANGLEY PORTER CLINIC is needed to accommodate the present staff and operation of this clinic. The project will consist of four floors. The first floor will contain laboratories, library, conference room, and garage for state cars. The second and third floors will provide office space for employees now housed in temporary quarters and the personnel assigned to the outpatient clinic. The fourth floor will add 12 beds to the present neurosurgery ward. The cost of the project amounts to \$667,900.
- c. A receiving and treatment building with a 500-bed capacity is included for the AGNEWS STATE HOSPITAL to be located in the east area. The building will include all necessary auxiliary services, including X-ray, surgery, laboratory, dental, occupational therapy, serving kitchens and dining rooms, diet kitchens, and other related intensive treatment facilities similar to facilities at other hospitals at a cost of \$4,296,700. This building forms a nucleus for an eventual enlargement of the bed capacity in the east area of Agnews State Hospital from the present 1,205 beds to approximately 2,600 beds, or an eventual total rated capacity of 5,092 for Agnews State Hospital.
- d. The present rate of construction, compared to the increase in population, makes it imperative to provide additional bed capacity immediately, and particularly in Southern California. It is planned to increase the capacity of PATTON STATE HOSPITAL to 5,026 beds to partially provide the urgently needed capacity in Southern California. Accordingly, two two-story ward buildings for untidy and working patients will add 712 beds and two single-story ward buildings for geriatric patients with a capacity of 356 beds are included at a cost of \$4,730,000. The project was chosen as the quickest, most economical method and location to fill the immediate need for bed capacity.

The bed requirements for the mentally ill patients needed as of June 30, 1954, were 35,653, compared to the rated capacity of 31,470. From the appropriations that have been made in recent years, some bed facilities are now under construction, and other construction projects for which funds have been provided have not been started. These are as follow:

	<i>New Beds</i>	<i>Replacement Beds</i>
Under construction -----	3,245	216
Financed construction not started -----	1,671	—
Net Total -----	4,916	216
1955-56 Governor's Budget Projects -----	1,568	—
Total -----	6,484	216

With the population increasing each year, it is estimated that there will be need for 8,249 additional beds by June 30, 1961, in addition to the capacity financed by the 1955-56 Governor's Budget for the mentally ill.

The population estimates for the mentally deficient patients are estimated on the basis of 100 patients per 100,000 civilian population. This accounts for the population increase reflected in the projections contained in the population-capacity schedule. The hospital capacities are not adequate to receive for admission all the mentally deficient cases requiring resident care, as indicated in the population-capacity schedules and the continuing waiting list. From the appropriations that have been made in recent years, some bed capacities are now under construction, and other construction projects for which funds have been provided have not been started. The data follow:

	<i>New Beds</i>	<i>Replacement Beds</i>
Under construction -----	3,611	118
Financed construction not started -----	1,358	79
Totals -----	4,969	197

Rated capacity on June 30, 1954 amounted to 6,424; resident population on June 30, 1954 totaled 7,249 including 825 patients on an overcrowded basis. A waiting list is maintained of the most urgent cases for admission to the hospitals for the mentally deficient. With the State population increasing each year, it is estimated that there will be need for 3,351 additional beds by June 30, 1961, in addition to the rated capacity financed by the 1955-56 Governor's Budget for the mentally deficient.

Other major capital outlay projects are included to provide necessary service facilities at the mental hospitals and are explained under their respective budgets. A list of the projects follows:

Agnews State Hospital:	
Modernize bath and toilets in wards—west area -----	\$135,000
Modernize kitchen and dining rooms in wards—west area -----	139,000
Camarillo State Hospital:	
Domestic water development -----	50,000
Mendocino State Hospital:	
Remodel present maximum security ward to house ambulant male patients -----	200,400
Addition to laundry -----	326,000
Modesto State Hospital:	
Gas line and boiler plant -----	42,630
Metropolitan State Hospital:	
Sewer—Los Angeles Sanitation District -----	167,580
Additional storm damage facilities -----	270,500
Napa State Hospital:	
Completion of commissary -----	25,900
Patton State Hospital:	
Remodel old receiving building -----	163,500
Highland Avenue crossing light control -----	25,000
Alteration and addition to kitchen building -----	617,500
Remove tunnel, relocate utilities and develop mall -----	112,100
Gas line and boiler plant -----	62,500

DEPARTMENT OF MENTAL HYGIENE—Continued

GENERAL ANALYSIS—Continued

Porterville State Hospital:										
Additional water supply									\$35,000	
Laundry expansion									109,670	
Pacific State Hospital:										
Modernize and repair two wards									118,000	
Essential minor construction, repairs, improvements, and equipment financing is included in the amount of \$1,912,183 for all the hospitals for the 1955-56 Fiscal Year. See agency budgets for project detail.

10	Four story addition to south of clinic-----	-	-	\$667,900
11	<i>Budget Act of 1955 Proposal</i>			
12				
13	Construction of a 60-foot extension of the South Clinic, four floors			
14	in height. First floor will contain laboratories, library and			
15	conference room and garage for state cars. Second and third			
16	floors provide office space for employees now housed in tempo-			
17	rary quarters and the personnel assigned to the outpatient			
18	clinic. Fourth floor is to add 12 new beds to the present neuro-			
19	surgery ward. The addition is necessary to accommodate the			
20	present staff and operation of this clinic as the original design			
21	did not contemplate the number of students, the scope of ac-			
22	tivity nor the present size of staff.

3				
4				
5	MAJOR CONSTRUCTION, IMPROVEMENTS,			
6	AND EQUIPMENT			
7				
8	PROPOSED 1955-56 EXPENDITURES *			
9				
10	Construct an addition to Medical Center on U. C. L. A. campus to			
11	provide facilities for a neuropsychiatric institute.....	-	-	\$5,700,000 ^a
12	<i>Budget Act of 1955 Proposal</i>			
13				
14	The institute of 248-bed capacity, constructed as a wing of the			
15	U. C. L. A. Hospital, is to contain a children's unit, adult unit,			
16	neurosurgery (including neurology), and an outpatient clinic			
17	facility. There will be laboratory space for all types of research			
18	in connection with mental illness, office space for psychiatrists,			
19	psychologists, social workers, and the administrative staff.			
20	Preliminary plans are in the process of preparation by the			
21	architects for the University of California at Los Angeles.			
22				
23	ESTIMATED 1953-54 AND 1954-55 EXPENDITURES *			
24				
25		<i>Source of funds</i>		
26		1953-54	1954-55

50				
51	TOTAL EXPENDITURES, CAPITAL OUTLAY (<i>Capital</i>			
52	<i>Outlay and Savings Fund</i>).....	—\$71,234	-	\$5,700,000

* From Capital Outlay and Savings Fund unless otherwise indicated.

^a Since this structure will be located on the university campus, the appropriation is to be made to the University and the construction work will be under the general supervision of the University. The item is budgeted, nevertheless, as a Department of Mental Hygiene project on the basis that it is primarily for mental hygiene purposes.

^b Unexpended balances previously reported as expended in a prior year.

10	Domestic water development.....	-	-	\$50,000
11	Budget Act of 1955 Proposal			
12				
13	Domestic water development for increased demands for water due			
14	to completion of large projects including a central kitchen and			
15	a juvenile unit, and as a standby source. The present popula-			
16	tion of 7,200 patients plus resident employees at a customary			
17	use of 200-gallons-per-day per patient, shows that the present			
18	consumption equals the production of well No. 9. If an accident			
19	occurs to well No. 9, the institution would quickly be without			
20	adequate water. Two small shallow wells provided water pre-			
21	viously, but now due to lowering water table, they cannot			
22	produce the required water demand. This new well will be a			
23	30-inch gravel pack type well to a depth of 1,000 feet. A new			
24	60 h.p. motor and pump will be required, plus connections to			
25	electricity, remote control and pumping main.

DeWitt State Hospital

The capacity of this hospital on June 30, 1954, was 2830 with no expansion financed or provision made for change in usage of the structures. Certain essential minor construction, repairs, improvements, and equipment are included in the amount of \$156,071 to maintain the hospital in an operable condition.

MAJOR CONSTRUCTION, IMPROVEMENTS, AND EQUIPMENT

ESTIMATED 1953-54 AND 1954-55 EXPENDITURES *

Source of funds				
1953-54	1954-55			
New sludge digester at sewage plant		—\$900 ^a	\$900	—
Budget Act of 1951, Item 362.3	—\$900 ^a \$900			
MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS, AND EQUIPMENT				
Expenditures From Budget Act Appropriation:				
Three stainless steel vegetable preparation tables	—	—	\$2,380	
Construct new refrigeration room in employees' kitchen	—	—	5,192	
Reroofing of shingled wards and employees' buildings	—	—	12,500	
Install metal casement windows on storm side of 300 corridor	—	—	4,500	
Renew plumbing and sewer lines in wards and buildings	—	—	11,000	
Renewing of hot water lines in wards and employees' buildings	—	—	10,000	
Replace fly screens in wards, dining rooms, kitchens, and various other buildings	—	—	5,000	
Interior painting of wards and corridors	—	—	15,000	
Painting exterior	—	—	22,500	
Renewing of floor covering in 40 wards, hospital wards and corridors	—	—	20,000	
Repairing existing roads and service areas	—	—	5,000	
Repairs to electrical system, structural replacements, and equipment	—	—	5,000	
Rebuild four refrigeration rooms in butcher shop	—	—	3,159	
Benches for dressing rooms	—	—	1,600	
Construct retaining wall around four sludge drying beds at sewer plant	—	—	1,000	
Install two evaporative coolers, Building 208	—	—	3,000	
Moving surgery air conditioning unit	—	—	1,250	
Rebuild screen porches on ward buildings	—	—	4,500	
Repair gymnasium floor	—	—	4,900	
Build exit door, concrete landing, and inclined ramp, Ward 114-B	—	—	485	
Shelter over Ward 517 gate	—	—	500	
Remodel Building 521 for use as a recreation center for the 500 group	—	—	3,500	
Repair 500 series ward building	—	—	10,000	
Termite eradication	—	—	4,105	
Replace rusted and unsanitary dishwashing sinks on ten wards	—	\$5,000	—	
Renew floors and floor covering in wards and corridors to prevent injury to patients and employees	—	20,000	—	
Renew old army plumbing and sewer lines on all wards and buildings	—	11,000	—	
Painting and repairs to exterior of buildings	—	15,000	—	
Installation of window frames and sash in main corridor to prevent rain from entering the building	—	3,500	—	
Repairs to electrical system, steam distribution system, structural replacements, and equipment	—	5,000	—	
Replace rusty and damaged fly and protective screens on windows and porches	—	5,000	—	
Repair of roofs to prevent further deteriorating of buildings	—	12,500	—	
Convert single rooms to seclusion rooms for disturbed patients on tuberculosis wards	—	1,800	—	
Laundry equipment to provide sufficient capacity for the hospital's load	—	43,170	—	
Rebuild exposed screen porches on ward buildings so that more and better space may be provided for patients	—	4,500	—	
Construct shelters for patients to protect them from the weather when they are out in the yards	—	3,200	—	
Sanitation repairs to soiled laundry and dry garbage rooms	—	3,200	—	
Sealing of roads and service areas and repairing holes and breaks	—	5,000	—	
Repairs to foundations of old type army barracks to prevent buildings from falling	—	2,850	—	
Interior painting of wards	\$15,466	—	—

DEPARTMENT OF MENTAL HYGIENE—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56
1	Patton State Hospital			
2	MAJOR CONSTRUCTION, IMPROVEMENTS,			
3	AND EQUIPMENT			
4				
5	PROPOSED 1955-56 EXPENDITURES *			
6				
7	Two 2-story and two single-story ward buildings—1,068 capacity--	-	-	\$4,730,000
8	<i>Budget Act of 1955 Proposal</i>			
9				
10	To increase the rated capacity of this hospital to 5,026 patients in			
11	order to provide needed capacity in Southern California. This			
12	project provides 1,068 beds by construction of two single-story			
13	ward buildings or 356 beds for geriatric cases plus two 2-			
14	story ward buildings, or 712 beds for untidy patients and			
15	working patients.			
16				
17	Alteration and addition to existing kitchen building-----	-	-	617,500
18	<i>Budget Act of 1955 Proposal</i>			
19				
20	For alteration and addition to existing kitchen building to meet the			
21	needs of an expanded hospital population of 5,000 to 6,000. In			
22	addition, there must be storage, refrigeration, dining rooms for			
23	employees and patients in the building and ample provision			
24	for space for food carts to distribute food to all other units			
25	of the hospital. Prior appropriations amounting to a total of			
26	\$427,500 were previously authorized for a kitchen to accom-			
27	modate approximately 4,000 patients and the balance is avail-			
28	able toward the cost for a larger facility.			
29				
30	Gas line and boiler plant-----	-	-	62,500
31	<i>Budget Act of 1955 Proposal</i>			
32				
33	For a gas line to the boiler plant for interruptible service to replace			
34	the present use of oil. The current estimated cost of the gas			
35	line including the cost of piping, meters, burner installation,			
36	and modification to furnace is \$62,500. It is estimated that			
37	approximately \$7,500 can be saved in annual operating costs as			
38	a result of this project.			
39				
40	Remodel old receiving and treatment building-----	-	-	163,500
41	<i>Budget Act of 1955 Proposal</i>			
42				
43	To remodel the old receiving building for use as auxiliary office			
44	space and space for the social service department, rehabilita-			
45	tion department, classrooms and patients' library. Insufficient			
46	space is available in the new receiving and treatment building			
47	to accommodate these activities.			
48				
49	Remove tunnel, relocate utilities, and raze old administration			
50	building-----	-	-	112,100
51	<i>Budget Act of 1955 Proposal</i>			
52				
53	To raze the old administration building, to remove the old tunnel			
54	section and provide a new tunnel for the relocated services,			
55	and to provide a covered walkway between the new adminis-			
56	tration building and the new receiving and treatment building.			
57				
58	Highland Avenue crossing light control-----	-	-	25,000
59	<i>Budget Act of 1955 Proposal</i>			
60				
61	For the purchase and installation of a traffic control light at the			
62	main entrance of the hospital. Nearly 200 patients cross this			
63	street going to and from their work assignments. Speed restric-			
64	tions are not observed as Highland Avenue has developed into			
65	one of the main arteries to a mountain resort district, and this			
66	installation may remedy conditions before a serious accident			
67	occurs. It has also been difficult for both employee cars and			
68	hospital-owned trucks to cross because of the speed and the			
69	traffic.			
70				
71	ESTIMATED 1953-54 AND 1954-55 EXPENDITURES *			
72				
73	<i>Source of funds</i>			
74	Construct new reservoir and repair ex-	1953-54	1954-55	
75	isting reservoirs to insure adequate			
76	water supply-----			
77	<i>Budget Act of 1954, Item 349-----</i>		\$76,200	-
78				
79	Preliminary Plans for:			
80	Reservoir and reservoir repair-----	\$312	-	-
81	Remodel old receiving and treatment			
82	building-----	1,322	-	-
83	Firehouse-----	965	-	-
84	<i>Budget Act of 1953, Item 392-----</i>	\$2,599		
85				
86	* From Capital Outlay and Savings Fund unless otherwise indicated.

DEPARTMENT OF MENTAL HYGIENE—Continued

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56
1	Porterville State Hospital			
2				
3	MAJOR CONSTRUCTION, IMPROVEMENTS,			
4	AND EQUIPMENT			
5				
6	PROPOSED 1955-56 EXPENDITURES *			
7				
8	Laundry expansion-----	-	-	\$109,670
9	<i>Budget Act of 1955 Proposal</i>			
10				
11	For an addition to the present laundry building to provide for			
12	adequate central linen supply, distribution area, and mending			
13	room. Also, an extension of the soiled linen unloading dock and			
14	enclosure of same to serve as soiled laundry holding room			
15	before sorting is part of the structural addition. A revamping			
16	of auxiliary laundry equipment to be installed during 1954-55			
17	has been aligned by architecture. This will provide adequate			
18	means with the exception of an estimated additional need			
19	costing \$30,000 to include one tumbler, one extractor, one			
20	conditioning tumbler, one semiautomatic washer, and other			
21	related costs.			
22				
23	Additional water supply-----	-	-	35,000
24	<i>Budget Act of 1955 Proposal</i>			
25				
26	For drilling one deep water well, including installation of pump,			
27	motor, connection to existing mains and electric system, and			
28	construction of pump house. The well will probably have to			
29	go to a depth of 800 feet and be a gravel pack type. This			
30	method will permit using test holes before deciding on loca-			
31	tion. At this time, well No. 1 is out of production due to			
32	sanding. The additional well is required to provide for in-			
33	creased population and irrigation.			
34				
35	ESTIMATED 1953-54 AND 1954-55 EXPENDITURES *			
36

Sonoma State Hospital

Capacity of this hospital on June 30, 1956, will be 3,148 beds. Construction has not started on six ward buildings that were previously authorized, and will add 700-bed capacity during the 1956-57 Fiscal Year. No new major construction projects are included in the 1955-56 budget for this hospital.

MAJOR CONSTRUCTION, IMPROVEMENTS, AND EQUIPMENT

ESTIMATED 1953-54 AND 1954-55 EXPENDITURES *

	Source of funds			
	1953-54	1954-55		
Construct receiving hospital			—	\$950,000
Equip receiving hospital			—	50,000
Utilities for ward buildings			—	49,350
Construct six ward buildings			—	3,796,000
Equip six ward buildings			—	131,000
Alterations to hospital building (additional cost)			\$275,000	67,500
Budget Act of 1953, Item 360	\$275,000	\$4,976,350		
Budget Act of 1953, Item 393		67,500		
Construct and equip two ward buildings to replace old condemned buildings			—92,000 a	5,000
Mechanical services and grounds improvements for six ward buildings			—	—85,000 a
Budget Act of 1952, Item 391	—92,000 a	—80,000 a		
Preliminary plans—administration and medical office building			2,500	—
Budget Act of 1953, Item 392	2,500			
Pro rata share—sanitary district (additional cost)			132,102	2,960
Equip commissary and feeding unit (additional cost)			—	28,051
Budget Act of 1953, Item 393	132,102	\$1,011		
Equip commissary and feeding unit (additional cost)			—30,000 a	—90,000 a
Improve water supply system			—3,543 a	—
Budget Act of 1951, Item 362.3	—33,543 a	—90,000 a		
Construct six ward buildings			—	51,600
Budget Act of 1950, Item 443		141,600		
Budget Act of 1951, Item 362.3		—90,000 a		
Equip six ward buildings			6,279	56,602
Budget Act of 1950, Item 434	6,279	17,535		
Budget Act of 1950, Item 393		39,067		
Equip commissary and feeding unit			—	12,019
Budget Act of 1950, Item 435		12,019		
Pro rata share—sanitary district			211,504	—
Budget Act of 1950, Item 436	211,504			
Improvements to security facilities at Paxton and Goddard cottages			—5,229 a	—
Security facilities for McDougall cottage			—2,052 a	—
Chapter 145, Statutes of 1946	—7,261 a			
TOTAL EXPENDITURES (Major Construction) (Capital Outlay and Savings Fund)	\$494,581	\$5,025,082		—

MINOR CONSTRUCTION, IMPROVEMENTS, REPAIRS, AND EQUIPMENT

Expenditures From Budget Act Appropriation:

Prefabricated metal building for maintenance shops	—	—	\$20,000
Mechanical and structural alterations of Finnerty Ward unit for cerebral palsy patients	—	—	9,000
Screening soiled linen rooms and kitchen areas for sanitation and fly control	—	—	7,000

* From Capital Outlay and Savings Fund unless otherwise indicated.

MILITARY DEPARTMENT

GENERAL ANALYSIS

The capital outlay program of the Military Department comprises the construction of armories, warehouses, rifle ranges, and other facilities essential to the organization, training, and morale of the California National Guard. The long range construction program would provide armories and other facilities to house and train all units of the California National Guard as determined by the State's assignment of units and troop strength allotment.

Since the 1951-52 Fiscal Year the Federal Government, under Public Law 783, Eighty-first Congress, has participated in the construction of armories on a cost sharing basis. Federal funds have been made available on the basis of up to 75 percent of qualifying phases of the construction. Such qualifying phases usually exclude such items as landscaping, fencing, roads, parking areas, walks, and utility connections.

In addition to federal participation in the construction of armories, certain facilities such as: motor vehicle storage buildings, warehouses, airplane hangars, and shop buildings, primarily for the care and maintenance of federal equipment issued for state use, are financed entirely from federal funds except for the cost of planning and supervision of construction which is provided by the State.

The capital outlay program proposed for the 1955-56 Fiscal Year provides for acquisition of a site for a warehouse to be constructed from federal funds in Sacramento, provision of funds for plans and supervision of construction of facilities to be financed from federal funds, and installation of outdoor floodlights to illuminate drill areas at several armories.

Wildlife Conservation Board				
1				
2				
3				
4	Continuation of the acquisition, construction, and improvements of wildlife conservation projects is planned for 1955-56. The			
5	\$9,000,000 appropriated by Chapter 1327, Statutes of 1947, has been allocated to projects by the Wildlife Conservation Board,			
6	and a large part of these projects has been completed. The additional \$3,000,000 in revenue provided by Chapter 1401, Statutes			
7	of 1951, is being allocated to projects by the Wildlife Conservation Board.			
8	The budget reflects the actual and estimated expenditure of funds previously allocated to specific projects by the Wildlife Conser-			
9	vation Board.			
10				
11				
12	REAL PROPERTY ACQUISITION AND CONSTRUCTION,			
13	IMPROVEMENTS, REPAIRS, AND EQUIPMENT			
14				
15	<i>(All projects financed by a continuing appropriation from the Wildlife Restoration Fund under the provisions of Section 19627,</i>			
16	<i>Business and Professions Code.)</i>			
17				
18	Warm water and other fish projects.....	\$54,311	\$158,000	\$331,000
19	For the acquisition and development of additional warmwater fish			
20	lakes in various parts of the State.			
21				
22	Flow maintenance and stream improvement projects.....	98,645	58,200	134,900
23	For the construction of small dams to provide stream flow during			
24	summer months. This will improve the fishery on many miles			
25	of streams.			
26				
27	Fish screen and ladder projects.....	2,006	59,584	7,800
28	To prevent loss of fish through water diversions and to permit			
29	passage of fish over stream obstructions.

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56
1				
2				
3	Division of Beaches and Parks			
4				
5	GENERAL ANALYSIS			
6				
7	The capital outlay program proposed for the Division of Beaches and Parks for the 1955-56 Fiscal Year provides for the acquisition of additional beach and inland park areas from funds appropriated by Chapter 1422, Statutes of 1945. In addition funds are proposed for acquisition of additional areas adjacent to five inland parks and four beach parks.			
8	Proposed construction provides for major development at nine state parks and additional development at seven state parks. Various minor projects, primarily facilities for public use, are also included for several state beaches and parks.			
9				
10				
11				
12				
13				
14	REAL PROPERTY ACQUISITION			
15				
16	State Beaches:			
17	Acquisition of additional beach lands. Expenditures of state funds for acquisition of these properties are matched either in cash or land from other than state sources under provisions of Chapter 1422, Statutes of 1945.			
18

	Budget Act of 1955 Proposal:			
	State Beach Fund-----	\$41,200		
	State Park Fund-----	61,800		
	Funds are proposed for completing master plans for the 167 areas anticipated to be in the State Park system by 1958. No area now has an adequate master plan; this precludes the maximum utilization of each area. This staff of seven architects and draftsmen, a four-man survey crew, a land planner and clerk will develop master plans for existing areas and prepare development plans when new areas are added.

	Budget Act of 1955 Proposal			
	State Beach Fund			
	This is for complete development of a 110-acre beach west of Santa Barbara acquired in 1953. It will continue to be op- erated under a previously existing concession agreement until April, 1955. The development consists of camp and picnic units and installations for general beach use. Con- tinued heavy use is anticipated.

46	RIDERS' AND HIKERS' TRAILS			
47				
48	Analysis			
49				
50	The Riders' and Hikers' Trails program began under the provisions of Chapter 112, Statutes of 1946, and proposed the construc-			
51	tion of a state-wide loop trail. No additional funds are proposed for 1955-56, however, it is believed a balance will be available			
52	from prior years' appropriations for expenditure in 1955-56.

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56
1				
2				
3				
4	Division of Forestry			
5	GENERAL ANALYSIS			
6	The capital outlay program proposed for the 1955-56 Fiscal Year includes the acquisition of sites for fire control stations and lookout			
7	towers, continuing the program of purchasing presently leased sites and sites for construction of fire control stations.			
8	Major construction provides for two new 80-man forestry honor camps for Department of Correction inmates, expansion of the			
9	Parlin Fork Honor Camp from 60- to 85-man capacity, construction of barracks and mess hall facilities at seven fire control sta-			
10	tions, and provision for engineering, planning, and inspection services.			
11				
12	REAL PROPERTY ACQUISITION			
13				
14	PROPOSED 1955-56 EXPENDITURES *			
15				
16	Purchase of Sites for Forest Protection Station:			
17	Butte County Headquarters addition to site-----	-	-	\$1,000
18	<i>Budget Act of 1955 Proposal</i>			
19				
20	To purchase additional adjacent area for expansion of facilities.			
21				
22	San Diego County, hilltop fire control station site-----	-	-	3,000
23	<i>Budget Act of 1955 Proposal</i>			
24				
25	To provide a site for a station now occupying leased facilities.			
26				
27	Forest fire station and lookout sites—various-----	-	-	10,000
28	<i>Budget Act of 1955 Proposal</i>			
29				
30	To provide for continuation of the program of acquiring strategic-			
31	ally located fire control stations and lookout sites now occu-			
32	piated under lease and easement.			
33				
34	ESTIMATED 1953-54 AND 1954-55 EXPENDITURES *			
35				
36	<i>Source of funds</i>			
37	<i>1953-54 1954-55</i>			
38	Humboldt County-----	\$5,900	-	-
39	Lake County-----	603	\$481	-
40	Napa County-----	4,013	-	-
41	Sonoma County-----	4,676	557	-
42	Butte County-----	110	-	-

69				
70	Two Forestry Honor Camps:			
71	Construction-----	-	-	\$780,000
72	Equipment-----	-	-	120,000
73	<i>Budget Act of 1955 Proposal</i>			
74				
75	To construct and equip two 80-man honor camps for Department of			
76	Corrections inmates. Each camp will consist of a barracks,			
77	kitchen and messhall, recreation, office, warehouse, shop,			
78	equipment storage, and gas and oil storage buildings. Two res-			
79	idences for the correctional and forestry camp supervisors and			
80	necessary site development, water, sanitary and utilities sys-			
81	tems are also provided. Based on anticipated population in-			
82	creases of correctional institutions these camps will be required			
83	within two years which is the approximate time required to			
84	plan, construct, and place the camps in operation.			
85				
86	* From Capital Outlay and Savings Fund unless otherwise indicated.

DEPARTMENT OF PUBLIC HEALTH

CAPITAL OUTLAY EXPENDITURES

ACTUAL
1953-54ESTIMATED
1954-55PROPOSED
1955-56

Funds are available for the construction of an office and laboratory building in Berkeley, adjacent to the campus of the University of California. The completed construction of this building will result in improved services by providing space for all headquarters offices in one building, improved laboratory facilities, and closer cooperation with the University of California School of Public Health.

MAJOR CONSTRUCTION, IMPROVEMENTS,
AND EQUIPMENT

DIVISION OF HIGHWAYS—Continued

Detail of Major Project Allocations for Construction of Highways and Bridges as Recommended by the California Highway Commission for the 1955-56 Fiscal Year—Continued

LINE	COUNTY	ROUTE	DESCRIPTION	APPROXIMATE MILEAGE	ESTIMATED COST
1			SOUTHERN GROUP OF COUNTIES		
2					
3					
4	Imperial	12	Coyote Wells Underpass, Junction Route 202; grade, pave, and structure	—	\$400,000
5					
6	Imperial	12	Dahlia Canal to Route 26; grade and pave	0.5	95,000
7	Imperial	27, 187	Alamo River to 0.3 mile east of Holtville and in the City of Holtville; grade, pave, and channelize	1.3	165,000
8					
9	Imperial	201	Route 187 to 0.5 mile north; grade and pave	0.5	60,000
10	Kern	4	Fort Tejon to 0.5 mile north of Grapevine Station; reconstruct	4.7	400,000
11	Kern	4, 57	1.4 miles north of Grapevine to 3,400' south of McKittrick Road; grade and surface	17.7	200,000
12					
13	Kern	4	Union Avenue Underpass; grade, pave, and structure	0.3	450,000
14	Kern	4, 142	Garces Circle Interchange; grade, pave, and structure	—	1,500,000
15	Kern	23	Kern-Los Angeles County line to 8.0 miles south of Mojave; surface	8.4	125,000
16	Kern	57	2 miles west to Democrat Hot Springs; grade and surface	2.0	80,000
17	Kern	23, 58	0.5 mile north of Mojave to Boron (portions); grade and surface	23±	430,000
18	Kern	140	Sunset Railroad to Weed Creek (portions); grade and surface	2.0	430,000
19	Los Angeles	2	Whittier Boulevard-Painter Avenue to Washington Boulevard; grade, pave, and structures	0.6	350,000
20					
21	Los Angeles	2	Ventura Freeway-Kelvin Avenue to Calabasas (portions); structures	—	700,000
22	Los Angeles	2, 159	Hollywood Freeway-Lankershim Boulevard to Sarah Street (portions); structures	—	700,000
23					
24	Los Angeles	4, 161	Golden State Freeway-Glendale Boulevard to 0.5 mile north of Los Feliz Boulevard (portion); structures	—	1,300,000
25					
26	Los Angeles	4, 161	Golden State Freeway—0.5 mile north of Los Feliz Boulevard to University Avenue, including the extension of Colorado Boulevard and an interchange at San Fernando Road; structure	—	2,600,000
27					
28					
29	Los Angeles	4, 161	Golden State Freeway—0.5 mile north of Los Feliz Boulevard to University Avenue, including Freeway to San Fernando Road near Colorado Boulevard (portions); grade, pave, and structures	—	2,100,000
30					
31					
32	Los Angeles	9	Foothill Boulevard—Tujunga Canyon Boulevard to Alta Canyada Road; grade, pave, and structures	4.7	600,000
33					
34	Los Angeles	9	Canada Avenue—Montana Street to Lincoln Avenue; reconstruct	0.6	95,000
35	Los Angeles	19	Pearl Street to Route 9 (portions); grade, pave, and structures	3.1	600,000
36	Los Angeles	23	Palmdale to Lancaster (portions); grade and shoulders	6.4	30,000
37	Los Angeles	61	Near Glendale Avenue to Town Street; grade, surface, signals, and illumination	0.8	250,000
38					
39	Los Angeles	156	0.2 mile LA to mile 2.9 A (portions); grade and surface	0.7	110,000
40	Los Angeles	158	San Diego Freeway—Valley Vista Boulevard to Burbank Boulevard (portions); structures	—	700,000
41					
42	Los Angeles	165	Harbor Freeway—88th Street to Gage Avenue; grade, pave, and structures	1.8±	4,600,000
43					
44	Los Angeles	167	Los Angeles River Freeway—0.2 mile south of Rosecrans Avenue to Southern Avenue (portions); grade, pave, and structures	3.3	1,820,000
45					
46	Los Angeles	167	Los Angeles River Freeway—Southern Avenue to North Junction Atlantic Boulevard (portions); grade, pave, and structures	3.8	2,868,000
47					
48	Los Angeles	167	Los Angeles River Freeway—North Junction Atlantic Boulevard to E. 26th Street; grade, pave, and structures	0.2	1,700,000
49					
50	Los Angeles	170	Workman Mill Road—Pioneer Boulevard to San Jose Creek; grade, surface, and structures	1.5	82,000
51					
52	Los Angeles	173	Ninth Street Viaduct No. 53-268 (Los Angeles River); reconstruct rails	—	50,000
53					
54	Los Angeles	178	Carson Street—San Gabriel River to Orange County line; grade, pave, and structures	1.8	300,000
55					
56	Mono	40	Route 23 to Nevada State line (portions); grade and surface	10±	200,000
57	Orange	62	Route 176 to Route 2; grade, surface, and structures	1.6	200,000
58	Orange, Los Angeles	174	Santa Ana Freeway—Coyote Creek to Orangethorpe Avenue; grade, pave, and structures	2.0	2,100,000
59

¹ Increases or decreases to reflect adjustment in accordance with foreseeable expenditure programs.

² Increases made possible by transfers of resources from prior budgets and internal budgetary adjustments follow. A supplemental schedule covering the revisions in individual major construction projects.

³ Budgetary funds not required.

⁴ Increases due to inclusions of unexpended balance for prior years work in the current budget.

¹ Variation between estimated and actual expenditures for these items are normal and do not reflect any change in program.

² A supplemental schedule detailing differences in estimated and actual expenditures for major construction projects follows. Major cause of increase occasioned by increased revenue.

³ Decrease due to inability to close rights of way transactions as rapidly as anticipated.

⁴ It has not been possible to fully expend the remaining balance of funds made available by Section 203 of the Streets and Highways Code because plans for the work have not all been approved by the cities.

⁵ Decreases represent obligations carried forward to ensuing fiscal year.

36	ALLOCATIONS						
					\$131,387,000	\$132,554,599	\$1,167,599

REASONS FOR REVISIONS

¹ Savings—funds in excess of project requirements.

² Project deferred to subsequent fiscal year.

³ Budget reduction—project advance to prior year's budget (a major portion thereof).

⁴ Additional funds required because of increased construction cost or low budget estimate.

⁵ Additional funds required because of design revision or increase in scope of work.

⁶ Additional project to relieve traffic congestion.

⁷ Additional project added as a result of safety studies.

⁸ Additional project for traffic direction, regulatory or safety device.

⁹ Additional project to correct hazardous traffic conditions.

¹⁰ Additional project to improve deficient roadway or structure.

¹¹ Additional project made possible by increases in revenue and project savings.

¹² Additional project added to budget to satisfy agreement commitments.

¹³ Additional project—project or portion of project previously deferred.

¹⁴ Additional project to improve drainage conditions.

¹⁵ Additional project required for conversion to "one way" street system in cities.

¹⁶ Additional project for erosion and weed control.

¹⁷ Additional project to provide truck weighing facilities.

¹⁸ Additional project to provide material sources for future construction.

REASONS FOR REVISIONS

- ¹ Savings, funds in excess of budget requirements.
- ² Project or portion of project financed from other funds.
- ³ Project or portion of project deferred for future budgeting.
- ⁴ Project or portion of project advanced to prior fiscal year.
- ⁵ Project or portion of project deferred to provide time to clear right of way.
- ⁶ Project or portion of project deferred due to redesign.
- ⁷ Project or portion of project deferred to finance more critical work.
- ⁸ Project or portion of project deferred because of excessive bid prices.
- ⁹ Project or portion of project deferred because of inability to reach agreement with local agency.
- ¹⁰ Additional funds required because of increased construction costs or low budget estimates.
- ¹¹ Additional funds required because of revision of design standards or scope of work.
- ¹² Additional funds required because of storm damage, slides, or suspension of work.

ADDITIONAL PROJECTS

- ¹³ To improve or replace deficient roadway.
- ¹⁴ To improve or replace deficient structure.
- ¹⁵ To improve or replace deteriorated or destroyed structure.
- ¹⁶ To improve drainage.
- ¹⁷ To construct detour.
- ¹⁸ To install or revise traffic regulatory or safety devices.
- ¹⁹ To reduce damage caused by overloads.
- ²⁰ Roadside development for fire, erosion and weed control.
- ²¹ Bank protection and erosion control.
- ²² To relieve traffic congestion.
- ²³ To place seal coats on recently completed surfacing.
- ²⁴ To acquire a material source.
- ²⁵ Advanced from subsequent fiscal year budget.
- ²⁶ To improve intersection.
- ²⁷ To eliminate hazardous conditions.
- ²⁸ To reconstruct deteriorated roadway.
- ²⁹ Project required because of improvements made by other agencies.
- ³⁰ Projects combined for performance under one contract.

DIVISION OF HIGHWAYS—Continued

Statement No. 6—Comparison of Revised Revenue Estimates for the 1954-55 Fiscal Year With Budget Estimates Submitted to the 1954 Session of the Legislature

LINE	ESTIMATED REVENUES AND RECEIPTS	1954-55 BUDGET 1954 SESSION	REVISED ESTIMATES	DIFFERENCES
1	STATE HIGHWAY FUND			
2	State Funds:			
3	Franchise tax-toll ferries -----	\$600	\$600	—
4	Outdoor advertising fees, permits, etc. -----	75,000	75,000	—
5	Apportionments from state revenues collected by other agencies -----	267,296,910	261,398,912	—\$5,897,998 a
6	Martinez-Benicia ferry tolls -----	200,000	162,000	—38,000 b
7	Investment earnings -----	500,000	1,460,000	960,000 c
8				
9	Totals, State Funds -----	\$268,072,510	\$263,096,512	—\$4,975,998
10	Federal and Other Funds:			
11	Federal Aid Contributions:			
12	For state highways -----	\$25,625,000	\$25,287,705	—\$337,295
13	For county highways -----	4,375,000	4,881,558	506,558
14	For access highways -----	—	174,684	174,684
15				
16	Totals, Federal Aid Contributions -----	\$30,000,000	\$30,343,947	\$343,947 d
17	Contributions:			
18	For state highways -----	—	\$2,687,845	\$2,687,845
19	For county highways -----	—	783,639	783,639
20				
21	Totals, Contributions -----	—	\$3,471,484	\$3,471,484 e
22				
23	Totals, Federal and Other Funds -----	\$30,000,000	\$33,815,431	\$3,815,431
24				
25	TOTAL REVENUES -----	\$298,072,510	\$296,911,943	—\$1,160,567

a Decrease due to downward trend in estimated average per vehicle fuel consumption and a revised estimate of motor vehicle registrations.

b Reduction reflects loss of larger ferry boat due to condemnation by Coast Guard.

c Increase due to retention of securities longer than originally anticipated.

d Revisions in federal aid adjust original estimates to actual apportionments.

e Represents revenue from contributions which cannot be estimated in advance and which is taken into budget as projects concerned are placed under work order.

RECLAMATION BOARD

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56	
1					
2	Through this board, the State cooperates with the Federal Government in the construction of flood control projects in the Sacramento-				
3	San Joaquin River drainage basin. The extent of state participation is determined by the several acts adopting and approving				
4	specific projects and for which appropriations to meet the State's costs are made as necessary. Generally such participation con-				
5	sists of the acquisition of rights of way, easements, flowage rights, and the cost of replacement or relocation of permanent im-				
6	provements necessitated by the construction of the flood control works.				
7	For the Fiscal Year 1955-56 the appropriations recommended are the amounts necessary to meet the State's responsibility in the pro-				
8	gram based upon projects to be undertaken by the Federal Government during this period. (See Local Assistance Section for allo-				
9	cations to Los Angeles County Flood Control District.)

GENERAL ANALYSIS

The capital outlay program of the Department of Veterans Affairs affects only the Veterans' Home since the Woman's Relief Corps Home was leased to a private party in the 1953-54 Fiscal Year. The Veterans' Home capital outlay program is primarily planned to meet the increasing need of California veterans of World War I due to their advancing age and the increasing veteran population resulting from World War II. An additional 206-bed convalescent and chronic barracks, now under construction, will be occupied in July, 1955. The 114-bed west wing of the hospital will be completed in the 1956-57 Fiscal Year.

The first two increments of a new recreation center to replace existing inadequate facilities are now under construction. The final increment is included in this budget.

Veterans' Home of California

SUMMARY OF POPULATION AND CAPACITY—END OF YEAR (JUNE 30)

TYPE OF CAPACITY	Actual 1953- 1954	Estimated 1954- 1955	Estimated 1955- 1956	Estimated 1956- 1957	Estimated 1957- 1958	Estimated 1958- 1959	Estimated 1959- 1960
Population -----	1,765	1,906	2,058	2,223	2,402	2,594	2,802
TOTAL CAPACITY -----	2,067	2,067	2,285	2,399	2,399	2,399	2,399
Additional construction required ^a -----	-302	-161	-227	-176	3	195	403
Bed Capacity:							
Domiciliary -----	1,422	1,422	1,513 ^b	1,513	} Only capacity currently financed is indicated. No additional capacity is included in the 1955-56 budget proposal.		
Convalescent and chronic -----	290	290	417 ^b	417			
Hospital and receiving -----	355	355	355	469 ^b			

^a This does not include any allowance for vacancies due to members on pass, turnover, etc.

^b Includes the following additional facilities under construction:

Convalescent and Chronic Barracks—206 beds available in 1955-56 (offset by discontinuance of a temporary unit in a domiciliary barracks).

West Wing of Hospital—114 beds available in 1956-57.

1	Veterans' Home of California			
2				
3				
4				
5	This facility is located near Yountville, Napa County. It is a home for aged and disabled, honorably discharged former members			
6	of the armed forces. The site of the home is on a hillside with both single- and two-story buildings and a four-story hospital.			
7	With the exception of certain recreation buildings, most of the structures of the institution have been replaced in recent years			
8	or are in good condition.			
9

UNALLOCATED FUNDS FOR PRELIMINARY PLANS, INCREASED COST OF CONSTRUCTION AND MISCELLANEOUS REPAIRS AND IMPROVEMENTS

LINE	CAPITAL OUTLAY EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56
1	Analysis			
2				
3				
4	Lump sum appropriations have been provided which are allocated to agencies as needed. The expenditures from such allocations are			
5	included in the individual agency budgets. That part which has not been allocated but which is estimated to be needed for			
6	further allocations is included here as an expenditure.			
7	Funds for preliminary plans have in the past been allocated to agencies for preparation of schematic diagrams for new construction			
8	projects prior to determination of the required appropriations for working drawings and construction. It is proposed that com-			
9	plete preliminary plans be prepared in the future.			
10	Funds for increased cost of construction are allocated to agencies when the lowest bid on a project is in excess of the funds made			
11	available for the project. The lump sum appropriation has been augmented by transfer of excess funds or savings in completed			
12	projects to the extent that more than a sufficient amount is available. The excess balance will be reverted and become available			
13	for new appropriations for specific projects. A new appropriation is proposed for 1955-56.			
14	Funds for miscellaneous repairs and improvements will be allocated to agencies as needed. The balance in excess of the estimated			
15	requirements will be reverted. A new appropriation is proposed for 1955-56.			
16

Part III. Local Assistance Section

SUBVENTIONS

FOR EDUCATION:

- Apportionments for Public Schools
- Vocational Education—Reimbursements to School Districts
- Child Care Centers
- School Building Construction
- Debt Service on Public School Building Bonds
- Contribution to Teachers' Retirement System
- School Lunch Program
- Free Textbooks

FOR PUBLIC HEALTH:

- Aid to Local Health Departments
- Services to Counties Without Local Health Departments
- Assistance to Counties for Tuberculosis Sanatoria
- Assistance to Counties for Care of Crippled Children
- Assistance to School Districts for the Treatment of Cerebral Palsied Children
- Assistance to Local Agencies for Mosquito and Gnat Control
- Assistance to Local Agencies for Hospital Construction

FOR PUBLIC WORKS:

- County Roads and Highways
- Flood Control
- Sacramento Deep Water Channel
- Postwar Public Works Projects
- Storm and Flood Damage Repairs
- Earthquake Damage Repairs
- Veterans Housing
- Redondo Beach Sea Wall
- Grade Crossing Protection Works

FOR SOCIAL WELFARE:

- Old Age Security
- Aid to the Needy Blind
- Aid to Partially Self-supporting Blind
- Aid for Institutional Care of Needy Aged and Blind
- Aid to Needy Children
- County Administration of Assistance Programs
- Local Inspection of Homes and Agencies Caring for Aged and Children
- Reimbursements to Counties for Administration and Care of Adoptions
- County Administration of Child Welfare Services
- Transportation of Needy Children

FOR OTHER PURPOSES:

- Salaries of Superior Court Judges
- Contributions to Judges' Retirement Fund
- County Veterans Service Officers
- County Agricultural Commissioners
- Workmen's Compensation for Civil Defense Workers
- Aid for County Juvenile Homes and Camps
- Aid to County Agricultural and Citrus Fairs

SHARED REVENUES

FOR GENERAL GOVERNMENT:

- Apportionment of Liquor License Fees
- Apportionment of Motor Vehicle License Fees (in lieu tax)

APPORTIONMENT OF FEDERAL RECEIPTS:

- Flood Control Lands
- Forest Reserves
- Grazing Lands
- Potash Lease Rentals

FOR COUNTY ROADS:

- Apportionment of Motor Vehicle Fuel Tax
- Apportionment of Motor Vehicle Registration and Weight Fees

FOR COUNTY AIRPORTS:

- Apportionment of Motor Vehicle Fuel Tax

FOR CITY STREETS:

- Apportionment of Motor Vehicle Fuel Tax

25				
26	GENERAL ANALYSIS			
27				
28	Article IX, Section 6 of the Constitution, fixes a payment of \$180 per pupil in average daily attendance during the preceding school year for public school support. This amount includes the support of all programs in the public schools with the exception of the motor vehicle operation instruction program. This program was added by Chapter 1877, Statutes of 1953. Under the provision of this statute, 75 percent of the excess cost of conducting a motor vehicle operation instruction program, but not to exceed \$30 per student, shall be paid by the Superintendent of Public Instruction. Payments of \$383,018 were made in 1953-54, \$699,669 in 1954-55, and it is estimated \$1,000,000 will be spent in 1955-56. This program is supported by the collection of additional fines on moving violations of the Motor Vehicle Code which are paid into the General Fund. So much as is necessary is then transferred to the State School Fund for the support of this program.			
29	The average daily attendance for 1954-55 is estimated at 2,375,000, an increase of 166,604, or 7.5 percent over 1953-54.			
30	Expenditures for apportionment purposes are estimated to total \$428,482,804 in 1955-56 compared to \$398,193,752 in 1954-55, an increase of \$30,289,052, or 7.6 percent.

23	GENERAL ANALYSIS			
24				
25	In accepting federal acts for vocational education, the State has provided continuing appropriations to match in part federal			
26	grants in aid contained in these acts. After deduction of state operating costs, the remaining balances of state and federal			
27	funds for supervision and teacher training costs are distributed to public secondary school districts maintaining approved			
28	courses in vocational instruction in agriculture, homemaking, and industrial occupations.			
29				
30	These funds are allocated to programs at the district level as follows:			
31		ACTUAL	ESTIMATED	ESTIMATED
32		1953-54	1954-55	1955-56
33	Agriculture -----	\$278,325	\$319,955	\$323,153

GENERAL ANALYSIS

Child care centers were established where a demonstrated need was shown for the care of minor children whose parents were working, or incapacitated by illness or other disability. State aid is to be terminated as of June 30, 1955, per Chapter 1427, Statutes of 1953 unless legislation is enacted to continue the program.

^a Federal funds. Neither the receipts nor the expenditures therefrom are included in the over-all budget totals. See Schedule 7 for summary of federal funds.

Contributions to Teachers' Retirement System

RECONCILIATION WITH APPROPRIATIONS

General Fund

Budget Act Appropriation:

For transfer to Teachers' Permanent Fund	\$6,890,800	\$6,301,000	\$7,028,000
For transfer to Retirement Annuity Fund	16,401,000	16,619,000	18,557,000

TOTAL EXPENDITURES (General Fund)	\$23,291,800	\$22,920,000	\$25,585,000
-----------------------------------	--------------	--------------	--------------

GENERAL ANALYSIS

The State Teachers' Retirement System by 1955-56 will contain 151,000 active members with an additional retired roll of 15,900 members. Since July 1, 1944, members' contributions have been on a full reserve basis. State contributions are appropriate in amounts required to liquidate the amount of maturing liabilities not funded from the members' accumulated reserve rather than as the liabilities accrue.

The State's contribution to the Teachers' Permanent Fund and the Retirement Annuity Fund is used to finance the major portion of expenditures for retirement allowances, approximately 85 percent of which are due on account of prior service. A subvention to local retirement systems and a portion of death benefits from the Retirement Annuity Fund are also provided by state contributions. The totals of these three categories of expenditures are estimated at \$9,633,842 at \$21,309,000 respectively for the 1955-56 Fiscal Year as detailed in the fund condition statement in the appendix.

The expenditures for the Teachers' Permanent Fund are made up of retirement allowances, refunds of contributions, and death benefits, and in the Retirement Annuity Fund they are made up of retirement allowances, refunds of contributions, death benefits, and subventions to local retirement systems.

The following schedule outlines the expenditure program and the source of funds:

TEACHERS' PERMANENT FUND

Retirement Allowances:

State Obligation:			
Budgeted	\$6,890,800	\$6,301,000	\$7,028,000
Surplus of appropriations brought forward	615,490	476,500	210,000
District contributions	1,129,091	1,150,000	1,195,000
Members' contributions	234,409	292,707	365,842

Total Retirement Allowances	\$7,638,810	\$8,220,207	\$8,798,842
Refunds of member contributions	583,562	650,000	700,000
Death Benefits:	113,278	125,000	135,000

TOTAL EXPENDITURES	\$8,335,650	\$8,995,207	\$9,633,842
--------------------	-------------	-------------	-------------

RETIREMENT ANNUITY FUND

Retirement Allowances:

State Obligations:			
Budgeted	\$12,531,514	\$12,356,505	\$14,007,000
Surplus of appropriations brought forward	770,894	697,004	190,000
Member contributions	448,683	587,585	732,000

Total Retirement Allowances	\$12,209,303	\$13,641,094	\$14,549,000
Refunds of member contributions	1,570,200	1,750,000	1,870,000

Death Benefits:			
State obligations	484,330	450,000	470,000
Member contributions	207,702	330,000	340,000

Subvention: ^a			
State obligations	3,385,156	3,812,495	4,080,000

TOTAL EXPENDITURES	\$17,856,691	\$19,983,589	\$21,309,000
--------------------	--------------	--------------	--------------

State obligations			
Budgeted	\$16,401,000	\$16,619,000	\$18,557,000
Surplus of appropriations brought forward	770,894	697,004	190,000
Member contributions	2,226,585	2,667,585	2,942,000

^a The subventions to local systems consist of payments of amounts equal to the allowances which would have been payable had the retired members involved been entitled to benefits from the State alone. Payments are made on the basis of the amounts withheld from local members in the preceding year and are reduced by one-half of the benefit payable on account of current service on which no contribution was paid.

School Lunch Program

RECONCILIATION WITH APPROPRIATIONS

Federal Aid Funds ^a

Federal Grants:

For school lunches----- \$2,952,159 \$3,000,000 \$3,000,000

GENERAL ANALYSIS

Under the Federal School Lunch Act federal funds are distributed to school districts offering approved lunches to children, on a partially reimbursing basis. It is anticipated that 3,000 participating public and private schools will receive allotments in 1955-56.

^a Federal funds. Neither the receipts nor the expenditures therefrom are included in the over-all budget totals. See Schedule 7 for summary of federal funds.

TOTAL EXPENDITURES, ALL FUNDS-----	\$3,384,968	\$3,528,944	\$3,644,896

GENERAL ANALYSIS

These federal and state funds are allocated to qualified health departments to provide effective local public health services. State funds are allocated to local health departments in accordance with Sections 1100-1156 of the Health and Safety Code. The General Fund provision is based on a formula of 60 cents per capita or \$16,000, whichever is less, as a basic amount, plus a per capita of 20.735401 cents. The 1955-56 amount of \$3,234,896 is calculated on a basis of July 1, 1955, population estimate of 12,800,000. The federal funds are distributed in the same ratio as state funds. The Health and Safety Code was amended in the last session to avoid appropriation for nonqualified areas and there will, therefore, be no unexpended balances after the current year.

a \$5,783 expended through the Support Budget in 1953-54.

36	GENERAL ANALYSIS			
37				
38	Chapter 740, Statutes of 1953, authorized the Department of Public Health to furnish local public health services to those counties			
39	without recognized local health departments who contributed a minimum of 55 cents per capita. Estimated expenditures for 1955-			
40	56 will provide salaries for a sanitarian, a public health nurse, and related operating expense in Mono and Alpine Counties.			
41	Should other counties signify their intention of requesting services in this manner prior to March 1, 1955, a revised appropria-			
42	tion will be requested.

58				
59	GENERAL ANALYSIS			
60				
61	These expenditures provide state grants-in-aid to counties, cities, and cities and counties for the treatment and care of persons suffer-			
62	ing from tuberculosis. The funds are allocated in accordance with Division 4 of the Health and Safety Code which provides for a			
63	graduated subsidy rate. The reversions in this item are the result of improved techniques of case finding and treatment.			
64	State subsidy of \$2.60 per patient day for the first 36,500 patient			
65	days of care, \$2.30 per patient day for the second 36,500			
66	patient days, and \$1.75 for all additional days per county, city,			
67	or city and county providing care to persons suffering from			
68	tuberculosis under Division 4 of the Health and Safety Code,			
69	plus 35 cents per patient day for 1954-55 and 1955-56.....	\$4,790,000	\$5,486,296	\$5,249,514

13				
14				
15	GENERAL ANALYSIS			
16				
17	This budget provides funds for a state program for handicapped children, as authorized by Sections 249-271 of the Health and Safety Code. The code provides that whenever the parent or guardian of the child is unable to finance necessary care, a designated agency of the county shall authorize the State to furnish such services. Further, it makes mandatory that each county appropriate not less than one-tenth mill on each dollar of assessed property valuation for the purpose of financing the program.			
18	The proposed Budget Act provides a legislative formula for the distribution of these funds to the various counties. This formula is as follows:			
19	After expending the one-tenth mill per dollar of assessed valuation each county is allotted sufficient funds to finance a program of 35 cents per capita or \$20,000 whichever is greater. Over this amount the costs are to be shared from available funds on a basis of two-thirds State, one-third county.			
20	To provide a transition from the previous administrative formula an additional allotment of \$10,000 per county was allowed for 1953-54 only. During 1954 the formula allowed allotments of sufficient funds to finance a program of 45 cents per capita.			
21	The estimated cost of the total crippled children's program based on state funds to provide equalization at the 35 cents per capita level with one-third county, two-thirds State sharing beyond that point is shown in the following table:			
22				
23	Estimated Grand Total Program Cost	\$5,705,823	\$6,616,492	\$7,099,985

TOTAL EXPENDITURES, GENERAL FUND	\$461,267	\$550,596	\$659,666

GENERAL ANALYSIS

This budget provides funds which will permit the department to employ therapists or to enter into contracts with local agencies to provide for the employment of therapists, for classes for cerebral palsied children. It is intended that all such personnel will be transferred to local pay rolls as soon as feasible. The 1955-56 Budget provides funds for 142 therapists, 136 therapists are required by classes presently organized and for 6 of 12 new classes anticipated.

Assistance to local areas and costs to the State for employment of therapists	\$461,267	\$550,596	\$659,666
---	-----------	-----------	-----------

^a Diagnostic costs are partially paid from both subventions and support during 1953-54. All funds for diagnosis are budgeted in subventions for 1954-55 and 1955-56.

Assistance to Local Agencies for Mosquito and Gnat Control

RECONCILIATION WITH APPROPRIATIONS

General Fund

Budget Act appropriation	\$400,000	\$400,000	\$400,000
Budget Act augmentation	—	150,000 ^a	—
Emergency appropriation, Chapter 1763, Statutes 1953	300,000	—	—
Total Available	\$700,000	\$550,000	\$400,000
Unexpended balance, estimated savings	—1,755	—156,738	—
TOTAL EXPENDITURES, GENERAL FUND	\$698,245	\$393,262 ^a	\$400,000

GENERAL ANALYSIS

This budget is based on a formula designed to distribute the largest proportional amounts to those areas with the greatest problem and the highest tax rates.

Distribution by formula which considers problem and ability to pay	\$564,745	\$244,262	\$251,000
Basic allotment for technical and administrative services	108,500	124,000	124,000
Special studies	25,000	25,000	25,000
Totals	\$698,245	\$393,262 ^a	\$400,000

Section 2426 of the Health and Safety Code authorizes the Department of Public Health to enter into cooperative agreements with local districts or public agencies for the work of controlling mosquitoes and gnats.

State operations ^b	\$159,158	\$170,826	\$170,826
Subventions	698,245	393,262 ^a	400,000
Totals, State Funds	\$857,403	\$564,088 ^a	\$570,826
Local funds budgeted	2,017,547	2,096,060	2,328,005
Estimated Total Program	\$2,874,950	\$2,660,148	\$2,898,831

^a Expenditure of \$150,000 Budget Act augmentation will depend on weather and mosquito conditions during the spring of the year.

^b Estimated portion of Bureau of Vector Control devoted to mosquitoes (60 percent).

31				
32				
33				
34				
35	GENERAL ANALYSIS			
36				
37	This program is authorized by the California Hospital Survey and Construction Act (Section 430-435.7 of the Health and			
38	Safety Code) which provides for state participation in the federal hospital construction program. Because of the shortage			
39	in hospital facilities, state funds are budgeted for 1955-56 to fulfill matching requirements of the estimated federal contri-			
40	bution. The amount proposed is limited to the estimated matching requirements for construction of publicly owned hospitals			
41	and health center facilities.			
42	Assistance to local agencies in the construction of hospital and			
43	health center facilities, to be expended under the provisions of			
44	the California Hospital Survey and Construction Act—not			
45	more than one-third from state appropriations, not more			
46	than one-third from federal grants and the balance from local			
47	funds or other sources-----	\$5,440,083	\$5,009,265	\$4,792,923
48	General Fund-----	2,342,217	1,220,498	1,667,638
49	Federal Funds-----	3,097,866	3,788,767	3,125,285

^a In 1954-55 allocations from the General Fund will amount to approximately \$669,053 in excess of available appropriations for which formal contracts will not be executed until 1955-56. A similar procedure is proposed for 1955-56 and it is estimated that General Fund allocations necessary to match available Federal Funds will amount to \$1,267,787 more than the proposed appropriation, to be formalized by contracts in 1956-57.

\$1,537,294

\$2,545,000

-

PROJECT DETAIL

Payments to local agencies of not more than one-half the cost of preparing plans and acquisition of sites for postwar public works
projects and for construction of projects. Funds for construction are allocated one-half to the counties in proportion to popula-
tion, plus \$100,000, of which one-third shall be for construction of roads and highways; and one-half to the cities in proportion
to population.

For preparing plans and acquisition of sites

\$418,022

\$420,000

-

For construction

Grade Crossing Protection Works

Analysis

To assist cities, counties, and cities and counties in paying their shares of the cost of constructing grade crossing protection works
on streets, roads, and highways on the basis of need as determined by the Public Utilities Commission in accordance with the
provisions of Chapter 1739, Statutes of 1953.

4				
5	GENERAL ANALYSIS			
6				
7	This is a public assistance program financed by county, state, and federal governments. Assistance is provided to persons who do not			
8	have resources in sufficient amount to meet their needs and meet certain other requirements such as age, citizenship, residence,			
9	property, etc. The Social Security Act amendments of 1952 and 1954 increased the benefits under the Old Age and Survivors			
10	Insurance System and increased the federal participation in categorical aid payments to October 1, 1956.

19				
20	GENERAL ANALYSIS			
21				
22	This is a public assistance program financed by county, state, and federal governments. The primary purpose of the program is to provide family security and financial assistance for needy children, including unborn children, who are deprived of parental support or care. The program is designed to keep children in a setting of their own family and to enable parents to continue responsibility for the family living plan. If it is not possible for a child to live with his own family, the program aims to provide the best substitute care in the home of a relative, in a foster home, or in a children's institution. The program is administered by county welfare departments and supervised by the State Department of Social Welfare. Social Security Act Amendments of 1952 and 1954 increased the federal participation in categorical aid payments to October 1, 1956.

SUBVENTIONS FOR SOCIAL WELFARE—Continued

LINE	SUBVENTION EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	ESTIMATED 1955-56
1				
2	Reimbursement to Counties for Administration and Cost of Care of Adoptions—Continued			
3				
4				
5	GENERAL ANALYSIS			
6				
7	The State Department of Social Welfare licenses county adoption agencies to accept relinquishments and make adoptive place-			
8	ments of children and to investigate and report on petitions for adoption filed independently. Licensed county agencies are			
9	reimbursed by the State for all administrative costs and for the cost of care of relinquished children. Until July 1, 1954,			
10	reimbursement for cost of care could not exceed an average of \$200 per child and fees collected by the county from the adopting			
11	parents were deducted from the cost of care. Effective July 1, 1954, pursuant to Chapter 1342, Statutes of 1953, adopting			
12	parents are liable to a maximum fee of \$300, which fee shall be abated to the administrative costs. At the same time the			
13	maximum reimbursement for cost of care of relinquished children was increased from \$200 to \$300.			
14	The addition of Section 1644 to the Welfare and Institutions Code effective July 1, 1954, provides for state reimbursement of			
15	cost of care for children committed to the State Department of Social Welfare or licensed county adoption agency pursuant to			
16	Section 226c of the Civil Code.			
17	Provision is made in the estimate for 1955-56 to license four additional counties for the acceptance of relinquishments and one			
18	additional county for the investigation of independent petitions. In the event this county is not licensed as anticipated, the			
19	budget bill authorizes a transfer to the departmental support appropriation of the amount necessary for the department to			
20	investigate and report on independent adoptions.

39	County Veterans Service Officers			
40				
41	Pursuant to Sections 970-973 of the Military and Veterans Code, the State reimburses the counties for part of the cost of county			
42	services maintained for assistance to veterans and the dependents of deceased veterans. The amount paid each county, condi-			
43	tioned upon the observance of certain standards and regulations, is determined by the California Veterans' Board except that			
44	the payment toward the salary of the county service officer shall not exceed \$75 per month. Payments are also made for partial			
45	cost of assistants' salaries and operating expenses.			
46	All counties except Alameda, Alpine, Los Angeles, San Francisco, and Sutter have established county veterans service officers.

1	Aid for County Juvenile Homes and Camps			
2	RECONCILIATION WITH APPROPRIATIONS			
3	General Fund			
4	Budget Act appropriation-----	\$793,100	\$971,000	\$1,346,000
5	Unexpended balance, estimated savings-----	—21,730	—34,520	—
6	TOTAL EXPENDITURES -----	\$771,370	\$936,480	\$1,346,000
7	GENERAL ANALYSIS			
8	Under the provisions of Sections 950 through 960 of the Welfare and Institutions Code, the board of supervisors of any county may			
9	establish juvenile homes, ranches or camps. Wards are committed by the juvenile courts to these facilities in lieu of commitment			
10	to the Youth Authority.			
11	Certain standards prescribed by the Youth Authority must be met by the counties before they are entitled to receive any state funds.			
12	Reimbursement to counties are made for one-half of operating costs, but not in excess of \$95 per month per child. There is no			
13	limit as to the number of camps for which any one county may be reimbursed. Ten additional camps are anticipated to open			
14	during the 1955-56 Fiscal Year.			
15	Number of wards-----	867	909	1,253
16	Expenditures for juvenile homes and camps-----	\$1,642,292	\$1,993,766	\$2,865,634

a Apportionments to cities in 1953-54 include \$2,922 under the provisions of Section 11005.5 of the Revenue and Taxation Code, but exclude \$41,485 withheld pending settlement of annexation suit. It is assumed this amount will be apportioned to cities during 1954-55.

b Federal Funds, neither receipts nor expenditures are included in the budget totals. See Schedule 7 for summary of Federal Funds.

c Shared revenues in 1953-54 reflect the effect of Chapter 1601, Statutes of 1953, by which apportionments were changed from a quarterly to monthly basis beginning in October, 1953. Hence 1953-54 includes two quarterly and eight monthly apportionments.

Department of Education

STATE COLLEGE HOUSING FACILITIES

LINE	EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56	CHANGE FROM 1954-55
1	During the fall of 1946 the Federal Public Housing Administration provided temporary housing facilities for veteran students at				
2	Chico, Fresno, Humboldt, San Francisco, and San Jose State Colleges. These facilities were operated by the various colleges				
3	by agreement with the FPHA from 1946 until October 31, 1948, at which time title to all facilities was transferred to the State				
4	by Public Law 796 of the Eightieth Congress, and their operations were financed through the General Fund support appropri-				
5	ation of the individual colleges as an interim measure.				
6	On August 1, 1949, Chapter 1485, Statutes of 1949, established the College Auxiliary Enterprise Fund, to which was transferred				
7	the excess of income over expenditures for prior operations. All rents, charges, and fees are paid into this fund, and are appropri-				
8	ated therefrom to the Department of Education for maintenance, repairs, and operation of student housing facilities. Funds				
9	may also be expended for construction. The facilities provide housing for veterans or other students at established rates. The units				
10	available at each college are listed below (facilities at California State Polytechnic College are exempted from provisions of the				
11	above statute):				
12	Chico State College-----	58 family dwelling units			
13		66 dormitory units (140 individuals)			
14	Fresno State College-----	52 family dwelling units			
15		47 dormitory units (73 individuals)			
16	Humboldt State College-----	30 family dwelling units			
17		82 dormitory units (194 individuals)			
18	San Francisco State College-----	74 family dwelling units			
19		24 dormitory units (82 individuals)			
20	San Jose State College-----	148 family dwelling units			
21		26 trailer courts			
22	Total -----	362 family dwelling units			
23		219 dormitory units

COMPENSATION INSURANCE FUND

The California State Compensation Insurance Fund is a self-supporting enterprise created to offer employers insurance protection at the lowest possible cost. This fund operates in competition with other insurance carriers, acting as a yardstick for the securing of fair premium rates for employers and fair treatment for injured employees.

The fund is required by law to use the same rates and classifications established by the State Insurance Commissioner for insurers generally, and provides that the rates shall be only those sufficient to carry out the specific purposes stated in law.

Department of Veterans Affairs

DIVISION OF FARM AND HOME PURCHASES

The California Veterans Farm and Home Purchase Plan, originally created by the Legislature in 1921, permits the State Department of Veterans Affairs to assist a qualified California veteran of any war to acquire suitable farm or home property. Funds for the purchase of property are obtained through state bond issues. The amount advanced by the State for purchase of a farm or home is repaid by the veteran, at a low rate of interest, through uniform monthly payments over a period of years. Title is acquired by the State at the time of purchase and is transferred to the veteran upon completion of his purchase contract.

GENERAL ANALYSIS

A \$175,000,000 bond issue authorized by the Veterans' Bond Act of 1954, approved at the general election in November, 1954, will be used to continue the program. The purchase of farms and homes is estimated to increase over 1953-54 actual based on present experience. Six positions will be transferred from the Farm and Home Building Fund to the Application Section of the Division of Services and Coordination for better organization. The General Fund will be reimbursed for administrative services.

Department of Corrections

CORRECTIONAL INDUSTRIES REVOLVING FUND PROGRAM

The Correctional Industries Revolving Fund constitutes a permanent revolving fund to meet the operating expenses (including equipment) necessary in the work program of the Department of Corrections in the prisons and institutions under its jurisdiction. Moneys received from the rendering of services or the sale of products in the prisons and institutions are paid to the State Treasurer monthly for credit to the fund.

The Correctional Industries Commission, representing organized labor, industry, agriculture, and the general public is empowered to recommend productive industrial and agricultural enterprises in the prisons and institutions and determine the advisability and suitability of establishing, expanding, diminishing, or discontinuing any industrial or agricultural enterprise involving a gross annual production of more than \$25,000 value but less than \$289,065 value during the 1954 calendar year and authorize or prohibit such activity.

Correctional Industries is taking an increasing role in the rehabilitation of inmates through its organized industrial and farming enterprises. Work programs are under way in all institutions except the Medical Facility.

Activities range from farm and ranch operations at the California Institution for Men at Chino and the California State Prisons at Soledad, Folsom, and San Quentin, to large industrial operations such as the license plate factory at the California State Prison at Folsom.

A majority of the inmates employed are paid for productive work on a sliding scale up to 10 cents per hour. Wage rates are established in accordance with the experience and skill of the individual employed.

During the year ending June 30, 1954, Correctional Industries operated 29 industrial shops and factories plus 23 farming and ranching enterprises distributed among six institutions, and employed between 2,026 and 2,517 inmates at various times throughout the year. This was from 14.3 to 17 percent of the total prison population. The fluctuation was caused by those industries that have seasonal peaks and low periods of employment such as the canneries and many of the ranch functions.

At the California Institution for Men at Chino operations of the cannery have been increased to include additional items in the line of processed food products. The 1955-56 pack will be increased to the physical limits of the existing facilities. Current market demands for many of the products are in excess of present production capacity. The manufacture of certain products for state use is also contemplated at the Tehachapi branch.

Construction of the heavy metals industrial building at the California State Prison at Folsom is progressing rapidly and should be completed prior to the beginning of the 1955-56 Fiscal Year. Completion of this building will enable the license plate and metal fabrication enterprises to move into permanent quarters. Production of the 1956 issue of motor vehicle license plates is now under way on a two-shift-per-day basis.

Machinery is being installed in the cotton textile mill as rapidly as it can be assembled at the California State Prison at San Quentin. This enterprise will be activated during the latter part of the 1954-55 Fiscal Year by operation of the spinning section. When in full production it is estimated that this industry will employ as many as 500 men.

The clothing factory and juvenile products enterprise are now established and operating in the newly completed industrial buildings at the California State Prison at Soledad. Men's shorts, khaki trousers, caps, and a complete line of culinary garments are produced in this clothing enterprise.

The Correctional Industries Commission approved expansion of the existing factory enterprises and to activate the various ranching functions at the Deuel Vocational Institution at Tracy. The former mattress shop is now designated as the mattress and bedding enterprises producing mattresses, sheets, pillows, pillow cases, mattress covers, and other bedding products. Farming activities are being developed as rapidly as irrigation distribution lines are completed and water is available.

Diversification of clothing items produced at the California Institution for Women at Corona has now been completed. Production of garments made of knit goods as well as some women's wear are now in progress.

SALARIES AND WAGES—PROPOSED NEW POSITIONS

Central Office Administration	
1 Correctional industries representative (sales)-----	\$5,496
This position is necessary to market more products in the expanding industries program with tax supported agencies in the State, counties, cities, and school districts. Newly established industries at Deuel, Tehachapi, and San Quentin (cotton textile mill) and expansion in other industries will make it necessary to increase sales outlets.	
1 Intermediate stenographer-clerk -----	2,988
This position is needed to handle the increased stenographic and typing work load brought about by the increase in administrative staff and the general expansion of the industries program.	
Institution for Men, Chino	
1 Correctional industries manager I-----	6,360
This position is needed to be in charge of industries operations at the Tehachapi branch as well as to assist the industries manager II in the general expansion at Chino.	
1 Furniture factory foreman-----	4,512
This position is needed in the furniture refinishing and manufacturing enterprise which employs over 100 inmates, many of whom are inexperienced when first employed. This should improve the quality of the production.	
Folsom State Prison	
1.3 Correctional officer (3 positions for five months)-----	5,640
These seasonal positions are needed to cover peak load demands in the license plate factory.	
Deuel Vocational Institution	
1 Storekeeper II -----	4,404
This position is needed to supervise 5 to 10 inmates in receiving and shipping of all industrial goods and merchandise.	
1 Paper box factory foreman-----	4,512
This position will supervise a new enterprise to manufacture cardboard boxes and cartons to be used with various products produced by Correctional Industries at seven institutions.

STATE EDUCATIONAL AGENCY FOR SURPLUS PROPERTY

Surplus property of all federal agencies as well as surplus foods is made available to schools through the State Educational Agency for Surplus Educational Property Revolving Fund. All expenses of procuring, handling and distributing such property are paid from this fund and recovered by nominal service charges to school districts based on a percentage of the fair value of the property distributed. Any excess service and handling charges are refunded to the participating school districts after the close of each fiscal year. Reserves are maintained in the fund sufficient to meet any unliquidated obligations, including the \$100,000 working capital advance from the General Fund.

GENERAL ANALYSIS

Number of positions-- 74 90.5 90.5 -

This agency expects the volume of business handled to increase slightly over the past year and to level off during the budget year. The increase in the budget is caused by some replacements needed in automotive equipment and normal yearly increases in salaries and wages. The increase in positions in 1954-55 is the result of the changing of a number of jobs from temporary help to permanent. It was also found necessary to add one assistant surplus property officer in the Sacramento District due to increase in work load.

CALIFORNIA INDUSTRIES FOR THE BLIND MANUFACTURING FUND PROGRAM

The California Industries for the Blind operates three production centers, at Oakland, Los Angeles, and San Diego. The California Industries for the Blind Manufacturing Fund is utilized as a revolving fund in the program of employment of blind and physically handicapped workers. The Workshop for the Blind Manufacturing Fund was created by Chapter 943, Statutes of 1949, by consolidating the assets and liabilities of the then existing Home for the Adult Blind Manufacturing Fund, the Los Angeles Industrial Workshop Manufacturing Fund, and the San Diego Industrial Workshop Manufacturing Fund. Chapter 425, Statutes of 1953 changed the fund title to correspond with the program. This fund constitutes a permanent revolving fund used to meet the expenses necessary to purchase materials and production equipment, and payment of wages and salaries and other expenses incident to the production program of the California Industries for the Blind, in the State Department of Education. Moneys received for the sale of products manufactured in the production centers, are paid into the State Treasury for credit to the fund.

Activities in the production centers are many and varied and include such items as the manufacture of brooms, mops, pillowcases, surgical drapes and wrappers, rugs, brushes, rubber mats, mattresses, and the fabrication and assembly of many products on a subcontract basis.

Approximately 320 blind and handicapped individuals will be employed during the 1955-56 Fiscal Year by the production centers for the blind.

PRINTING DIVISION

The Printing Division operates the State Printing Plant. The division does all of the printing for the various state agencies. Two of the larger activities are the printing required by the Legislature and the publication of textbooks for free distribution to the schools. The division is supported by charges made for printing services.

Office at Sacramento

Department of Finance

PURCHASING REVOLVING FUND OPERATIONS

Budget provides for the overhead of central stores in Sacramento, San Francisco, and Los Angeles as well as the overhead of the state garages in Sacramento, San Francisco, and Los Angeles and the centralized radio maintenance program. These operations are financed by sales of materials and services to other agencies.

LINE	EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56	CHANGE FROM 1954-55
1	SUMMARY				
2					
3

16	GENERAL ANALYSIS				
17					
18					
19	Number of positions -----	101.1	123.5	133.5	10
20					
21	CENTRAL STORES: One clerical position is proposed on a work load basis to eliminate backlog and keep current with the volume of work.				
22					
23					
24	STATE GARAGES: Six inspectors of automotive equipment are transferred from the Support Budget of the Department of Finance for the continuance of the automotive preventive maintenance program. Since the cost of the program is completely covered by charges assessed using agencies, the program has been transferred to this budget.				
25					
26					
27	RADIO MAINTENANCE: The budget proposes the addition of three new positions and related expenses required to maintain additional units of communications equipment estimated to be added to the various agencies during the 1955-56 Fiscal Year.

STATE WATER POLLUTION CONTROL FUND

LINE	EXPENDITURES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56	CHANGE FROM 1954-55
------	--------------	-------------------	----------------------	---------------------	------------------------

Analysis

This revolving fund was created by Chapter 1551, Statutes of 1949, to provide loans to districts and municipalities for sewage and storm drainage facilities. The fund consists of \$1,000,000 appropriated thereto plus interest payments on loans.

SUMMARY AND
RECONCILIATION WITH APPROPRIATIONS

State Water Pollution Control Fund

Prior year balance available	\$573,239	\$211,531	\$216,798
Revenue—interest on loans	1,292	5,267	13,400
Total Available	\$574,531	\$216,798	\$230,198
Balance available in subsequent fiscal year	—211,531	—216,798	—230,198
TOTAL ALLOCATIONS	\$363,000	—	—

ANALYSIS OF FUND ACTIVITY

Allocations are made to municipalities and districts upon approval of the State Water Pollution Control Board and the Director of Finance. No other allocations are known to be pending.

Total loans and allocations to June 30, 1954	\$790,194	—	—
Less Prior Year's Transactions:			
Tahoe City Public Utility District	29,000	—	—
Almante Sanitary District	180,000	—	—

SOIL CONSERVATION EQUIPMENT REVOLVING FUND

The Soil Conservation Equipment Revolving Fund created by Chapter 1032, Statutes 1949, with an appropriation of \$1,000,000, as amended by Chapter 1210, Statutes 1953, provides for the acquisition of soil conservation machinery, equipment, and buildings and rental thereof to soil conservation districts. The fund is administered by the State Soil Conservation Commission.

24				
25	Accountability for Project Funds, June 30-----	\$52,448,868	\$40,553,101	\$31,724,175

LEGAL CITATIONS

The functions of the Division of Architecture are defined by Part 5, Division 3 of the Government Code and the following are the more significant provisions:

Section 14100. "The State Architect has general charge, under the department, of the erection of all state buildings * * *"

Section 14255. "Whenever provision is made by law for any project the project shall be under the sole charge and direct control of the Department of Public Works." A project is defined by Section 14254 as any construction or improvement of any state structure or improvement which will exceed \$2,000 in cost.

Section 14256. If the total cost of the project will not exceed \$20,000 or \$35,000 in the case of district agricultural association the State Architect may, with the approval of the Director of Finance, authorize the agency concerned to carry out the project directly.

Sections 14270 to 14275 require full and complete plans and estimates prior to entering into any contract for a project; require work on all projects be done under contract awarded to the lowest, responsible bidder except in the event it is found that such procedure is not in the best interest of the State; and prohibit awarding a contract in excess of the estimate.

Sections 14290 to 14402 prescribe in detail the contract procedure to be followed; including advertising for bids, qualification of bidders, award of contracts, and payment.

SCHEDULE OF ESTABLISHED POSITIONS

To accomplish this program the Division of Architecture employs personnel in the technical and craftsman classes as needed. The salaries of the employees are paid from project funds and such expenditures are reported as a portion of the project cost. During 1954-55 budgetary control was established over those positions which are not chargeable at all times to specific projects. These positions with an element of overhead or indirect costs, totaling 175, are among those included in the following schedule.

* Represents amounts of capital outlay projects set forth in the 1955-56 Budget estimated to be constructed by the Division of Architecture in accordance with the requirements of the State Contract Act. The amounts exclude most equipment, minor construction projects and repair work planned to be performed under supervision of the agency. Money in excess of the immediate requirements of the division are invested, the income accruing as revenue to the General Fund.

DIVISION OF WATER RESOURCES

LINE	EXPENDITURES FOR SPECIAL ACTIVITIES	ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56
1				
2	This section reflects the nonsupport staff of the Division of Water Resources which conducts special studies and investigations to be			
3	made by the State Engineer or Division of Water Resources. Expenditures are reported in the budgets of the agencies to which			
4	appropriations for such special studies and investigations are made.			
5				
6				
7	SUMMARY			
8				
9	Expenditures for Special Activities by Project-----	\$3,444,084	\$3,168,174	\$2,000,785
10	Expenditures by Fund:			
11	Flood Control Fund of 1946-----	2,450	10	-
12	Water Resources Revolving Fund-----	2,643,219	1,733,244	1,298,685
13	Water Commission Revolving Fund-----	22,354	11,035	17,937
14	Flood Control Project Maintenance Revolving Fund-----	15,174	21,074	21,912
15	General Fund-----	760,887	1,402,811	662,251
16				
17	Total Expenditures-----	\$3,444,084	\$3,168,174	\$2,000,785
18				
19	This section reflects the fully reimbursable activities conducted for other agencies through the Division of Water Resources Revolving			
20	Fund, the Flood Control Project Maintenance Revolving Fund, the Water Commission Revolving Fund, and trust funds. Ex-			
21	penditures are reported in the budgets of the agencies to which the appropriations are made.			
22				
23				
24	SUMMARY BY PROJECT			
25				
26	Department of Fish and Game:			
27	Tule Lake Dam-----	\$277	-	-
28	Eldorado National Forest dam sites-----	257	-	-
29	Tahoe National Forest dam sites-----	527	-	-
30	Stanislaus National Forest-----	1,343	-	-
31	Navarro River, Mendocino County-----	39	-	-
32	Lake Earl drainage canal-----	4,013	-	-
33	San Gabriel fish hatchery water right-----	55	-	-
34	Hume Lake Dam repair-----	1,270	\$71,230	-
35	Woodbridge Irrigation District v. Department of Fish and Game-----	-	400	-
36	Fresno wild life area-----	-	1,600	-
37	Chemical analyses of water samples-----	15	100	100
38	Serrano well study-----	-	500	-
39	Department of Mental Hygiene:			
40	Raising Suttentfield Dam-----	4,074	-	-
41	Department of Youth Authority:			
42	Henderson Reservoir study-----	2,146	-	-
43	Colorado River Boundary Commission-----	2,285	5,000	-
44	Department of Natural Resources:			
45	Borrego State Park-----	14,039	1,946	-
46	Preparation of aerial photos--beaches and parks-----	42	-	-
47	Repair and restoration of Jenner Jetty-----	5,982	11,302	-
48	Division of Highways-----	4,987	-	-
49	Department of Finance:			
50	Construction of Rector Canyon Dam-----	1,671	-	-
51	Districts Securities Commission-----	2,731	1,500	\$2,000
52	Regional Water Pollution Control Board Services ^a -----	18,015	24,830	27,000
53	Public Works and Acquisition Division-----	2,341	3,000	3,000
54	Division of Water Resources Projects:			
55	Storm and flood damage rehabilitation-----	975,246	324,929	-
56	Repair and maintenance of Jenner Jetty-----	-	30,000	-
57	Santa Margarita investigation-----	55,866	30,000	-
58	Survey of mountainous areas of State-----	2,450	10	-
59	Putah Creek Cone investigation-----	14,830	12,000	-
60	Putah Creek stream bank repair-----	-	1,679	-
61	Feather River project-----	707,850	677,056	-
62	Kaweah River investigation-----	-	40,000	40,000
63	Adjudications and court reference-----	22,354	11,035	17,937
64	Northeast California investigation (Feather River)-----	-	90,000	-
65	Northeast California Counties investigation-----	-	83,980	137,976
66	Construction of Piute Pass snow cabin-----	-	-	4,000
67	Water Resources Board Projects:			
68	Riverside County investigation-----	9	-	-
69	Monterey County investigation-----	12,986	3,806	3,500
70	Calaveras River investigation-----	-	238	-
71	Lake County investigation-----	844	-	-
72	San Luis Obispo investigation-----	30,000	26,000	-
73	San Joaquin County investigation-----	1,439	2,561	-
74	Cache Creek investigation, Yolo County-----	-	24,000	-
75	Stockton-East San Joaquin Flood Control and Water Conserva-			
76	tion District investigation-----	-	2,000	2,000
77	Additional cooperative investigations for the State Water Re-			
78	sources Board-----	-	-	50,000
79	State-wide investigation-----	528,192	591,295	617,206
80	Miscellaneous services-----	44,834	46,150	44,758
81	Salt water intrusion investigation-----	18,434	14,580	-
82	Klamath River investigation-----	71,243	71,340	-
83	Rainmaking investigation-----	2,776	632	-
84				
85	^a Does not include \$1,513 credit for collection of automobile mileage.

a This work was accomplished during the past and current years in part by the staff included under "Special Investigations and Construction" and in part by the staff employed directly by the Water Project Authority.

b In addition to this amount, \$133,000 is included under the function "Special Investigations and Construction" for work for the Water Project Authority.

Department of Corrections

INMATE WELFARE FUND

The Inmate Welfare Fund is a fund in the State Treasury which constitutes a trust held by the Director of Corrections for the benefit, education, and welfare of all inmates of institutions under the jurisdiction of the Department of Corrections. Included in the fund are the net proceeds from the operation of canteens and hobby shops and the money and property of prisoners who escape and are not apprehended or who die without leaving heirs.

13	TOTALS, EXPENDITURES a	\$908,696	\$1,033,429	\$1,096,321	\$62,892 (6.1%)

GENERAL ANALYSIS

The increase of \$62,892 in expenditures is mainly due to the increase in inmate population which will be, for the most part, housed in the two new facilities, one at Tehachapi and the other at San Luis Obispo. A decrease in the fund balance of \$6,991 is anticipated for 1955-56. This is due to the establishment of canteens in the two new institutions.

CALIFORNIA MEN'S COLONY

Analysis

This new institution was activated in September, 1954, and will house 600 men. The increase reflects a full-year operation of the facility and an increase in the population to 1,000.

DEPARTMENT OF EMPLOYMENT

The Department of Employment administers the state employment service and the unemployment and disability insurance systems. The department performs certain functions in connection with the Veterans Readjustment Assistance Act of 1952, which provides for unemployment allowances to veterans of the Korean War. This latter program is administered by the United States Department of Labor. The Department of Employment also administers, on behalf of the Department of Finance, the program of Old Age and Survivors Insurance coverage for political subdivisions within the State.

The cost of administering the employment service, the unemployment insurance system, and the veterans administration program is financed almost entirely from federal funds. The cost of administering the disability insurance system is paid out of the Unemployment Compensation Disability Fund, which is derived from contributions by covered employees. The administrative cost of the Old Age and Survivors Insurance program is derived from the subject subdivisions by assessment.

DEPARTMENT OF EMPLOYMENT—Continued

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1953-54	ESTIMATED 1954-55	PROPOSED 1955-56	CHANGE FROM 1954-55
		53-54 (Filled)	54-55 (Auth.)	55-56 (Auth.)				
1	GENERAL ANALYSIS							
2								
3								
4	Number of positions-----				3,965.3	4,022.8	4,099.2	76.4
5								
6	The Bureau of Employment Security of the United States Department of Labor allocates federal funds to the various states							
7	for their unemployment insurance operations and employment service programs. The amounts so allocated are dependent							
8	upon the work loads of the individual state and the over-all amount appropriated by Congress for grants to all the states.							
9	During fiscal 1954-55 and fiscal 1955-56 the unemployment insurance and employment service programs of the Department							
10	of Employment will be directed toward:							
11	1. Establishment of an outstanding job placement service. This will be accomplished through strengthening and increasing							
12	of placement staffs in local offices and added emphasis on employer contacts and other phases of the job develop-							
13	ment program.							
14	2. Rendering of courteous, prompt, and efficient service to the public to the end that the department will have the con-							
15	fidence of the employee, employer, and public alike.							
16	3. Strict enforcement of the Unemployment Insurance Code in the prevention of fraudulent and improper benefit pay-							
17	ments. This will protect the Unemployment Trust Fund in the joint interest of the employer who contributed it and							
18	the unemployed worker who is entitled to receive it.							
19	The disability insurance program provides benefit payments to covered employees who are out of work because of sickness or							
20	nonindustrial injuries. This program is financed from the Unemployment Compensation Disability Fund and the expenditures							
21	for 1955-56 are based upon the estimated work load, principally expressed in the number of claims filed, and benefit payments.							
22	The amount proposed for support from the Department of Employment Contingent Fund is to provide for one-half of the cost							
23	of operation of the Job Development Section. This section works with local communities in the promotion and development of							
24	employment programs. The other half of the amount required for support of this section is paid from federal funds.							
25								
26								
27	OFFICE OF THE DIRECTOR							
28								
29	Analysis							
30								
31	The Department of Employment is administered by the Director of Employment. He is appointed by the Governor subject to the							
32	approval of the Senate, and serves at the pleasure of the Governor. He is responsible for all phases of the administration of the							
33	California Unemployment Insurance Code except for certain quasi-legislative and quasi-judicial functions which are the respon-							
34	sibilities of the California Employment Stabilization Commission and the Appeals Board, respectively. He acts as chairman of							
35	the commission and serves as chief of such division as may be designated by the Governor.							
36	The deputy director is appointed by the Governor subject to the approval of the Senate and serves at the pleasure of the Governor.							
37	He assists the director in the administration of the code and acts for the director in his absence. He is a member of the							
38	California Employment Stabilization Commission and serves as chief of such division as may be designated by the Governor.							
39	The assistant director-executive secretary relieves the director of administrative matters, particularly those of a confidential nature,							
40	by representing him at meetings, at conferences, and speaking on his behalf; represents the Director in contacts with legislative							
41	committees, under direction of the director, through division chiefs or section heads, directs, integrates, and is responsible for							
42	several major activities of the department, acts as secretary to the State Advisory Council.							
43	The executive assistant, California Employment Stabilization Commission, serves as an executive assistant and confidential execu-							
44	tive secretary to the California Employment Stabilization Commission.							
45	The chief of public information and education plans and coordinates the public information and education program and advises the							
46	director and staff on public relation practices, policies, and methods. He maintains liaison with representatives of newspapers							
47	and periodicals and writes and edits articles, reports, and news releases.							
48	The Job Development Section was established in November, 1954. Two positions that were in the office of the director during July-							
49	October, 1954, were transferred to that section.

17	JOB DEVELOPMENT SECTION						
18							
19	Analysis						
20							
21	The Job Development Section is a staff unit maintaining advisory relationships with the California Employment Stabilization						
22	Commission through the director as chairman but administratively responsible to the deputy director; administrative super-						
23	vision over field stationed representatives of the section is provided by the respective area managers but all functional direction						
24	is exercised by the deputy director. The purposes of the section are to create new employment opportunities and extend						
25	existing ones; and to sustain present employment opportunities by preventing the loss, interruptions, or reduction of employ-						
26	ment demands which now exist.						
27	This section was established in October 1954, and took over the functions of the former Division of Development and Stabilization						
28	of Employment.						
29	Two positions in the office of the director and three positions in the area offices were transferred to this section in November, 1954.

21	BENEFIT PAYMENTS TECHNICAL SECTION						
22	Analysis						
23							
24	The Benefit Payment Technical Section provides program leadership for the benefit payment program; participates in policy formula-						
25	tion; maintains general reference and advisory service to area and local offices on benefit policies; reviews referee decisions and						
26	represents the Department before the Appeals Board.						
27	Processes California liable interstate claims for payment; makes determinations of eligibility; establishes overpayments and						
28	recommends fraud prosecution where justified.

53							
54	Unemployment Insurance Appeals Board						
55							
56	Analysis						
57							
58	The three members of the California Unemployment Insurance Appeals Board constitute the final administrative body, vested by law						
59	with the responsibility of reviewing and deciding appealed matters relating to disputed unemployment insurance and disability						
60	benefit determinations and employer tax liability. The Appeals Board exercises general administrative direction over the						
61	operations of the entire Division of Appeals including area offices of the Division of Appeals. The Appeals Board also hears						
62	appeals from rules and regulations proposed by the director.

25	Analysis						
26	The Division of Appeals has area referee offices in San Francisco, Sacramento, and Los Angeles. These three offices are under the supervision of one of the principal appeals and review officers and each office is supervised by a senior referee. In each referee office there is a staff of referees who have the responsibility in the first instance of hearing and deciding appeals from determinations relating to unemployment insurance benefits, disability benefits, overpayments and disputed employer tax liability matters.

		53-54 (Filled)	54-55 (Auth.)	55-56 (Auth.)			
1	DIVISION OF ADMINISTRATION AND FINANCE						
2							
3	General Administration						
4							
5	Analysis						
6							
7	This division is made up of those sections relating to the administrative services, accounting and tabulating services, and administrative controls. The organization includes the Accounting Section, Tabulating Section, Standards and Methods Section, and Administrative Services consisting of the Fiscal Section, Personnel and Training Section, Property Unit, and Area Business Management Units. An Internal Audit Unit is also maintained. The division is headed by the Assistant Director-Comptroller.						
8	This section was established in October, 1954. The four positions that were in the Division of Administration and Finance—Administrative Services—General Administration during July-September, 1954, were transferred to this section.						
9							
10	SALARIES AND WAGES

4							
5	Administrative Services—General Administration						
6							
7	Analysis						
8							
9	The Chief of Administrative Services directs the activities of the Fiscal Section, Personnel and Training Section, Property Unit, and						
10	Area Business Management Units.						
11	The Division of Administration and Finance—General Administration was established in October 1954. Five positions that were in						
12	the Division of Administration and Finance—Administrative Services—General Administration during July-September, 1954,						
13	were transferred to that section.						
14	The Personnel and Training Section was reorganized in September, 1954. Two positions that were in the Division of Administration						
15	and Finance—Administrative Services—General Administration during July and August were transferred to that section.

^a Includes \$10,000 in 1954-55 and \$290,000 in 1955-56 invested in a site for an office building in Sacramento.

JUDGES' RETIREMENT SYSTEM

The Judges' Retirement Fund receives contributions from the State in the amount of 2½ percent of the salaries of justices of the Supreme Court and of the district courts of appeal, and judges of the superior courts and municipal courts. A like amount is deducted from the salaries of the justices and judges and deposited in the fund. There will be 422 members contributing to this retirement fund effective January 1, 1955.

TEACHERS' RETIREMENT FUNDS

LINE	FUND CONDITION	ACTUAL 1953-54	ESTIMATED 1954-55	ESTIMATED 1955-56
1	The State Teachers' Retirement System is composed of approximately 151,000 active accounts. Approximately 15,900 members will			
2	receive retirement benefits during 1955-56. The present system became operative July 1, 1944.			
3	Three major funds constitute the State Teachers' Retirement System. They are the Teachers' Permanent Fund, the Retirement			
4	Annuity Fund, and the Annuity Deposit Fund.			
5	The Teachers' Permanent Fund receives its revenues from members' contributions, contributions from the local school district,			
6	interest from invested surplus, and yearly appropriations by the State from the General Fund. Retirement benefits from the			
7	fund are \$600 per year to the person who is credited with 30 or more years of service, and a pro rata of that amount with less			
8	than 30 years.			
9	The assets in the Teachers' Permanent Fund are divided between two reserves: The restricted reserve made up of an original			
10	appropriation by Chapter 13, Statutes of 1944 (Fourth Extraordinary Session), plus accumulated interest, and the unre-			
11	stricted reserve composed of contributions made by members plus interest accumulated thereon and including any surplus			
12	or deficit of prior years appropriation carried forward to the ensuing year.			
13	The Retirement Annuity Fund receives its revenue from members' contributions, interest from invested surplus, and yearly			
14	appropriations by the State from the General Fund. Retirement benefits from this fund are computed on the basis of the			
15	members' total prior service, salary earned after July 1, 1944, and the age at retirement. Subventions are made to local			
16	retirement systems in lieu of State Teachers' Retirement System benefits to local fund members on service credited by local			
17	systems.			
18	The Annuity Deposit Fund consists of members' annuity deposits made between July 1, 1935, and July 1, 1944, together with the			
19	interest earned thereon. Members who have contributed to this fund receive an annuity at the time of their retirement based			
20	on the value of the members' accumulated contributions in the Annuity Deposit Fund.			

TEACHERS' PERMANENT FUND ^a

27	Accumulated Surplus, July 1:			
28	Restricted reserve—Chapter 13, Statutes of 1944 (Fourth			
29	Extraordinary Session) -----	\$37,158,506	\$38,079,159	\$39,025,159

**EXPLANATION OF SUNDRY OTHER FUNDS FOR WHICH DETAIL
TRANSACTIONS ARE NOT REPORTED IN THE BUDGET**

(For fund balances see Schedule 6)

- BALLOT PAPER REVOLVING FUND:** Created to provide funds for the purchase of paper stock for printing ballots for state elections. The fund is reimbursed from the sale of the stock to the several counties.
- OLD AGE AND SURVIVORS INSURANCE REVOLVING FUND:** A revolving fund for administration of public employees and employer's contributions to old age and survivors insurance programs.
- PAY ROLL REVOLVING FUND:** A revolving fund to provide for the central pay roll system.
- TOLL BRIDGE AUTHORITY REVOLVING FUND:** The fund was created to pay necessary expenses of the Toll Bridge Authority under the direction of the Department of Public Works in building, purchasing, or acquiring toll bridges and approaches thereto. The fund is replenished as specific toll bridges are acquired and construction funds or toll revenues become available.
- INDIA BASIN SINKING FUND:** Moneys are transferred from the San Francisco Harbor Improvement Fund and interest is earned on investment of these moneys to provide for payment of interest and redemption of San Francisco Harbor Bonds.
- SAN FRANCISCO SEAWALL SINKING FUND NO. 2:** Moneys are transferred from the San Francisco Harbor Improvement Fund and interest is earned on investment of these moneys to provide for payment of interest and redemption of San Francisco Harbor Bonds.
- SAN FRANCISCO SEAWALL SINKING FUND NO. 3:** Moneys are transferred from the San Francisco Harbor Improvement Fund and interest is earned on investment of these moneys to provide for payment of interest and redemption of San Francisco Harbor Bonds.
- SAN FRANCISCO SEAWALL SINKING FUND NO. 4:** Moneys are transferred from the San Francisco Harbor Improvement Fund and interest is earned on investment of these moneys to provide for payment of interest and redemption of San Francisco Harbor Bonds.
- SAN FRANCISCO SEAWALL NO. 4 (Bond Fund):** All the authorized bonds have not been sold to date. No estimate has been made of the probable future sale of these bonds nor the construction of the projects from the proceeds of the sale.
- MONTAGUE WATER CONSERVATION DISTRICT CONDEMNATION FUND:** There remains a balance of \$48 from a deposit of \$29,054 under court order in 1932. The district condemned land in Siskiyou County and was required to make the deposit in order to obtain possession of the land.
- PUBLIC BUILDING RECONSTRUCTION FUND:** Contains the unexpended remainder of federal funds advanced to the State for replacement and reconstruction of public buildings destroyed by earthquakes since January, 1933. The fund is reimbursed for any amounts advanced and returned to the Federal Government. There is no current activity in this fund.
- RICHMOND-SAN RAFAEL BRIDGE CONSTRUCTION FUND:** Consists of proceeds from sale of bonds issued in the name of the Toll Bridge Authority. Moneys in this fund may be used for construction of the Richmond-San Rafael Bridge.
- SAN FRANCISCO-OAKLAND BAY BRIDGE CONSTRUCTION FUND:** Consists of proceeds received from the sale of the revenue bonds sold for refinancing of the San Francisco-Oakland Bay Bridge.
- SAN FRANCISCO HARBOR CONSTRUCTION FUND:** Consists of proceeds from sale of revenue bonds issued in the name of the Board of State Harbor Commissioners for improvement of the San Francisco Harbor.
- PUBLIC HEALTH FEDERAL FUND:** Created to provide for accounting for receipt and disbursement of federal moneys for public health purposes.
- SCHOOL LAND FUND:** A nonexpendable endowment fund for public school purposes. Revenues consist of payment of principal and purchase price on sale of school lands. The interest received on the investment of this fund is deposited in the School Fund.
- SCHOOL LAND DEPOSIT FUND:** Consists of deposits made by applicants for purchase of school lands. Balance consists of applications not yet acted upon. There is no current activity in this fund.
- SOCIAL WELFARE FEDERAL FUND:** Created to provide for accounting for receipt and disbursement of federal moneys for social welfare purposes.

SOUTHERN CROSSING ENGINEERING FUND: Consists of proceeds from sale of revenue bonds issued in the name of the Toll Bridge Authority. Moneys in this fund may be used for engineering studies of an addition crossing of the San Francisco Bay, and for refunding advances made from the General Fund and State Highway Fund.

SPECIAL DEPOSIT FUND: Accumulation of numerous trust funds deposited by state and private agencies for a specific purpose. This fund also contains unclaimed checks and deposits pending either payment to the proper persons or transfer to the General Fund. There is impounded oil royalties held pending final decision of ownership of marginal sea lands. The transactions of this fund are so numerous and so indefinite that no attempt is made to estimate the volume that will flow through the fund.

SPECIAL DEPOSIT FUND: SAN FRANCISCO WORLD TRADE CENTER AUTHORITY ACCOUNT: This account within the Special Deposit Fund was authorized by Chapter 1189, Statutes of 1949, for expenses incidental to the acquisition, construction, financing, promotion, and operation of a world trade center in San Francisco. Funds were authorized from the San Francisco Harbor Improvement Fund, subject to repayment from the sale of revenue bonds. The authority is cooperating with the Board of State Harbor Commissioners.

STATE PARK CONTINGENT FUND: Receives moneys from gifts, bequests, from municipal or county appropriations, or donations, for improvements, additions, or administration of the State Park System. The amounts received are disbursed in accordance with the provisions of the donations.

SURPLUS MONEY INVESTMENT FUND: Moneys in the various special funds which are not currently needed are declared surplus and transferred to this fund where they are available for investment. The money is returned to the special funds when needed. The interest received is shown as revenue for those funds which contribute their excess cash. The General Fund receives that interest attributable to revolving funds, trust funds and other funds which cannot receive any increment.

As the transactions of this fund involve the purchase and sale of securities as well as receipts of surplus moneys and disbursement of interest earned, no estimate is made of the volume of such transactions.

TAX-DEEDED LAND RENTAL TRUST FUND: Receipts are derived from leases made by the State Controller covering property deeded to the State for taxes. The rentals are paid semiannually to the county in which the property is located for distribution to the taxing agencies.

TEACHERS' RETIREMENT DISBURSEMENT FUND: This is a fund used for the convenience of accounting for disbursements for teachers' retirement benefit payments. Moneys are transferred to this fund from the Teachers' Permanent Fund and the Teachers' Retirement Annuity Fund.

TORRENS TITLE ASSURANCE FUND: Fund contains unexpended balance of fees and investment income of one-tenth of 1 percent of assessed value of land and improvements insured under the Torrens Title Assurance Act. An outstanding judgment against the fund exceeds the assets of the fund. There is no current activity in the fund.

TREASURY TRUST DEPOSITS: Provides for the State Treasurer's central banking system.

UNCLAIMED PROPERTY FUND: This fund accounts for all unclaimed moneys held by the State.
